Justice Sri L. Narsimha Reddy presided over the meeting.

Mr. S. Nitin, Director briefed about the delay of Scholarship payment to the tune of Rs. 3.5 crores (Rupees three crores only) for the academic year 2015-16. Due to nonpayment of Scholarships for last one year money had to be borrowed to the tune of Rs. 3.4 crores (Rupees Three crores and forty lakhs only) from the private parties for the payment of Salaries and other Expenses. Mr. S. Nitin, Director also feared that a similar situation would occur for the current academic year 2016-17, with regards to nonpayment of Scholarship amounts. In view of the above it is suggested that students should be charged for all the various training programs conducted by the institution, (which were free of cost earlier) and also suggested that advance tuition fee can be collected from scholarship students and paid back

once Govt reimburse the scholarship amount. The committee has unanimously decided to charge and collect fee of Rs. 10,000/- (Rupees ten thousands only), per student towards the various training programs, and also advance tuition fee from students to be refunded after receipt of their respective scholarship amounts.

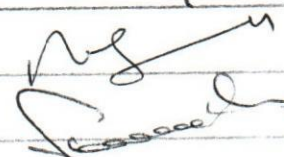

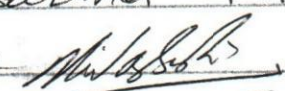

The contracts with Genesis Solutions Pvt Ltd and Teleparadigm Networks Limited with respect to additional programs, content creation, placements etc, expired on 31st July 2016.

It is resolved to further renew the contract ^{only} with Teleparadigm Networks Limited for a period of 5 years to disseminate the various programs like, BEC, Placements, Tishul ~~Finishing~~ School, Certification Programmes, online training etc.

The meeting concluded with the vote of thanks

v) Reward for producing University Ranks

Decentralization in working and grievance redressal mechanism

To assist the college administration a number of committees / cells are formed to attend and resolve the grievances /complaints of students and staff amicably. Every student and staff in the college will have the opportunity to bring to the notice of their problems to the administration. Complaint boxes are placed at various places in the campus and also a portal in the college website is available for the students to lodge complaints through online. The committee will look after grievances / complaints of various nature such as Parents meetings and correspondence with parents regarding attendance and performance of their wards. Ragging is a multidimensional problem and a widespread phenomenon in our higher education system, impacting students and the academic environment in the institutions of learning. KMIT is grateful to the parents, staff and students for their help in this challenging endeavor to stop ragging. To prevent this ragging, an anti-ragging committee is constituted with members from faculty and students. Institute has an Anti-Ragging squad in the college campus specially in the I Yr Block, canteen and play ground. A standing disciplinary committee to address complaints based on the report of the enquiry committee constituted as and when required. Anti-ragging committee meets periodically in the campus to prevent ragging. Society has placed 118 surveillance cameras in different places of the campus which are regularly monitored. Following are the some of the committees/cells that are being functioning effectively to address various issues for smooth running of the institute

Mechanism and Composition of

1. Grievance Redressal Cell,
2. Anti ragging Committee
3. Sexual Harassment Committee :

1. Grievance Redressal Cell :

The institution has a Grievance Redressal Cell (GRC) headed by a senior faculty and supported by the other faculty members from all the departments. The committee is maintained as per the AICTE guide lines. The GRC takes care of the grievances of students/staff. They either can drop their grievances in the suggestion box or can directly report to the GRC. The students are allowed to share their grievances even with their counsellors and class teachers. Necessary remedial measures will be initiated by the GRC, if it is necessary the same will be brought to the notice of Principal/Chairman.

Following is the constitution of Grievance Redressal Cell:

The institution has taken the following measures to prevent ragging.

- Anti-Ragging committees involving teaching, Non-teaching staff and senior students are constituted.
- The entire campus is under CCTV camera surveillance.
- Banners and posters on anti-ragging act are displayed at prominent places.
- Complaint boxes at first year class rooms and at prominent places are arranged.
- The Telephone numbers of the college administration are displayed at prominent places.
- Awareness on Anti-Ragging act is created among all the students.
- The date of commencement of first year class work is informed to the local police station.

- Lunch timings and class timings of the first year students are different from that of the senior students.
- Class rooms for first year students are arranged in a separate block.

The implementation of the above measures has resulted in ragging free campus.

3. Sexual Harassment Committee (Internal Complaints Committee)

In pursuance of the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act 2013 and the Rules framed there under, the Institute hereby adopts the following procedure for determining complaints filed to the Internal Complaints Committee (ICC) constituted under the Act. The procedure complies with the basic principles of natural justice and fair play and has to be adhered to in all complaints, though, in individual complaints.

Following are the members of the Internal Complaints Committee:

21. Internal Complaints Committee			
S.No	Name of the Member	Department	Position

4	Mrs. B. Swapna	HOD, EIE	Member
5	Mrs. K.L.S. Sirisha	CSE	Member
6	Mrs. Sita Kameshwari	CSE	Member

The ICC Functioning procedure

Any aggrieved girl may complaint of sexual harassment at work place to the ICC, within a period of three months from the date of incident and in case of series of incidents, within a period of three months from the date of last incident.

Additional documents and list of witnesses can be submitted to ICC at a later stage during the proceeding.

Any complaint received by the members should immediately be forwarded to the Secretary of the ICC, and this must be notified to other committee members at the earliest and a meeting should be called for discussing the matter.

The ICC shall discuss and decide on its jurisdiction to deal with the case or reject the complaint prima facie and recommend to the head of the institution for further actions.

The Committee will provide assistance to the aggrieved woman, if she so chooses, to file a police complaint in relation to an offence under Indian Penal Code.

The Committee suggests the head of the institution to ensure the safety and protection of the aggrieved woman as and when required.

The institution strictly implements the rules that are given by the UGC to avoid sexual harassment at colleges.

To,
The District Collector
Hyderabad.

Subject: Identification of villages under the UBA program.

Dear Sir,

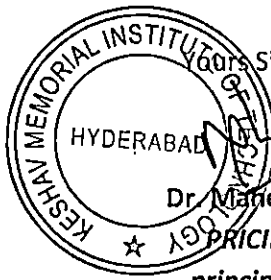

Ministry of Human Resources Development (MHRD), Government of India has launched the national program called Unnat Bharat Abhiyan (UBA), with the vision to involve professional and higher educational institutions in the development process of rural areas in the country to achieve sustainable development and better quality of life. Indian Institute of Technology, Hauz Khas, New Delhi has been designated to be the National Coordinating Institute by the Ministry. Our Institution Keshav Memorial Institute of Technology (KMIT) AISHE code C-19946 has agreed to participate in UBA as a Participating Institute (PI). Mr. Aapuri Laxminarsimha Rao (alnkalaraog@gmail.com 7013832132), has been duly authorized in this regard from our side to carry on the activities of UBA in our institution as Project Coordinator. Under the UBA program every Participating Institute is to adopt a cluster of five villages in consultation with the Districts Collector. This is to bring to your kind notice that we have proposed the following villages in the district of Medchal-Malkajigiri.

1. Marripaligudem
2. Venkerala
3. Pillaypalli
4. Edulabad
5. Korremula

In view of the above the Project Coordinator may contact your officer for the purpose. We request you to please help and cooperate in the matter.

With regards,

Sincerely

Dear Sir/ Madam,

Greetings!

Congratulations to the Participating Institution selected under Unnat Bharat Abhiyan, a flagship program of Ministry of Human Resource Development (MHRD) Government of India through a challenge mode application. We are glad that you have selected the cluster of villages under Unnat Bharat Abhiyan (UBA) in consultation with the District Collectors.

→ The next step is to complete the survey of all the villages adopted by you under the program. Please find attached a copy of a template for Baseline Household survey form as well as the Village survey form to be filled in during the field survey. An attempt should be made to cover all Households in the village. One Village survey forms are to be filled for each village. Kindly get it completed in all village survey as soon as possible. Then the data should be uploaded online on the reporting portal of the UBA website from your side. The Reporting Portal' login credentials are the same as your registration credential, soon the portal will be activated for uploading the data. After login your login credential and uploaded the baseline survey data on UBA Website for further analysis. After final submission of baseline survey data an analysis report of the data, fed by you will be generated on the UBA Website at your Institute page under Reporting Portal on the home page. You may use the same for the preparation of the plan of action/ Village development plan/ Technologies intervention for each village.

You are requested to complete PRA exercise of adopted villages for identification of major problems and preparation of a plan of action/ technical interventions. You are advised to kindly contact the village development officer and representatives of villages and organize Gram Sabha meeting as soon as possible and identify three major issues to be taken up for village development. You can set short term, medium-term and long-term goals for village development. You should start addressing two or three challenging issues immediately without waiting for household surveys to be completed. These issues

should be identified through Gram Sabhas and should ensure public participation in planning and implementation. A template for seeking information regarding plan of action for the key problem identified in villages has been developed. A template for seeking information regarding plan of action for the key problem identified in villages will be available soon on the reporting portal to upload your plan of action. Please find attached copy of PRA report for Nuarngabad village (IIT Delhi adopted village) along with PPT of "Development and Demonstration of Participatory GIS for use by Rural Stakeholders in Watershed Development. We have already uploaded some of village development plan on the UBA website, please visit the UBA website for more information.

A tentative timeline for its implementation could be as follows.

Item of work,	Time from the date of launch
Selection of the Cluster	One month
Awareness generation	Two months
Social mobilization	Three months
Baseline Survey	Three months
Situation analysis	Five months
Village development plan	Seven months
Approvals and sanctions	Eight months
Implementation in the field	Nine months
Progress Review	One Year

You are also requested to keep IIT Delhi, the National Coordinating Institute updated about your activities so that the same can be uploaded on the website of UBA.

Sub : Request for active enrolment for participation under the Scheme of Unnat Bharat Abhiyan (UBA) – regarding

Dear Sir / Madam,

As you may be aware that Unnat Bharat Abhiyan is a flagship program of Ministry of Human Resource Development (MHRD), Government of India, to involve higher education institutes of the country for indigenous development of self-sufficient and sustainable village clusters for "Inclusive India".

AICTE also envisages that involvement of Technical Education Institutions and its students in rural development will not only enrich rural population but also result in holistic development of students. Hence the Council has created a unique mechanism of awarding 100 Activities Points over and above the academic grades as "AICTE Activity Points" towards community service and allied activities as part of "AICTE Internship Policy" (Policy is available at <http://www.aicte-india.org/content/internship-policy>). The policy also has a provision for earning credits through rural intervention called "Rural Internship".

Thus, the participation of the AICTE approved institutes in "Unnat Bharat Abhiyan" will not only aid in changing the rural landscape but also fulfil the requirement of AICTE "Activity Point Programme". The portal of Unnat Bharat Abhiyan is now available all the times throughout the year for enrolling under the programme. The selection will be done on the challenge mode by the governing body.

Further *UBA Best Implementation Award* has also been announced for according National recognition to those participating institutes who have demonstrated effective interventions to bring in positive impact in the lives of rural communities.

In this regard, you are encouraged to actively participate and register on UBA website at www.unnatbharatabhiyan.gov.in, and make the programme successful.

Yours Sincerely,

(Prof. Anil D. Sahasrabudhe)

D.O. No.5-1/2016-UBA

Dated: 20th July, 2018

Dear District Collector,

As you may be aware, UNNAT BHARAT ABHIYAAN is a flagship programme initiated by Government of India with the objective to engage reputed Higher Educational Institutions (both central and state; public and private) to understand and work in rural areas. As of now, 750 reputed institutions have been selected on a challenge mode. With the intention of enriching rural India, these selected Institutions are expected to customise the available technologies or develop new technologies as per the local needs and also to improve the implementation of existing government programmes.

The details of the selected Higher Educational Institute(s) in your district, along with the selected 5 villages and also the contact details of Project Coordinator of the said institute(s) are attached herewith.

I request you to facilitate the works of the selected Institute(s) in the identified villages, through following interventions:

1. Facilitate meeting of Project Coordinator with all concerned stakeholders like Gram Panchayats, BDOs, District Development Authority etc.
2. Your guidance to the selected Institute(s), with regard to the needs of the district/ selected villages;
3. Mobilisation of funds from district administration or other sources to the Institute, if possible, in accordance with the activities under UBA.
4. Time to Time review under your leadership.

In this regard Secretary, Higher Education has also requested for facilitation vide D.O. No 5-1/2016-UBA dated 16-4-2018.

IIT, Delhi is the National Coordinating Institute for the implementation of Unnat Bharat Abhiyan. For any clarification, your office may contact IIT Delhi (unnatbharatabhiyaniitd@gmail.com) / 011-26591157/26596451 or the undersigned.

Thanking you,

Yours sincerely,

MESSAGE

Unnat Bharat Abhiyan is a flagship programme of the Ministry of Human Resource Development, with the intention to enrich Rural India. The knowledge base and resources of the Premier Institutions of the country are to be leveraged to bring in transformational change in the rural developmental process. It also aims to create a vibrant relationship between the society and the higher educational institutes, with the latter providing the knowledge and technology support to improve the livelihoods in rural areas and to upgrade the capabilities of both the public and private organizations in the society.

Under Unnat Bharat Abhiyan 2.0, the institutions are selected in a Challenge Mode and the scheme has been extended to 750 reputed Higher Educational Institutes (both public and private) of the country. Also, the scope for providing Subject Expert Groups and Regional Coordinating Institutes to handhold and guide the participating institutions have been strengthened. IIT Delhi has been designated to function as the National Coordinating Institute for this programme and the Ministry intends to extend the coverage to all the reputed Higher Educational Institutes, in a phased manner. Each selected institute would adopt a cluster of villages / Panchayats and gradually expand the outreach over a period of time.

Institutes through their faculty and students, will carry out studies of living conditions in the adopted villages, assess the local problems and needs, workout the possibilities of leveraging the technological interventions and the need to improve the processes in the implementation of various government schemes, prepare workable action plans for the selected villages. Such knowledge inputs would make their way into the development programmes in rural areas. The Institutes would be expected to closely coordinate with the district administration, elected public representatives of Panchayat / villages and other stakeholders and will become a part of the process of development planning and implementation.

In this process, faculty and students of such institutes would be re-oriented and connected to the rural realities so that their learning and research work also becomes more relevant to the society.

Respected Madam/ Sir,

As you are aware, the UBA 2.0 is a flagship programme of Ministry of Human Resource Development (MHRD), Government of India which clearly outlines the role of HEIs in supporting rural development. One of the essential pre-requisites for HEIs to fulfill this purpose is introducing dynamic curricular reforms, which facilitate the connection between classroom theory and field practice.

The UGC as a Subject Expert Group on "Curriculum Reforms and Educational Institutions Social Responsibility" has approved a Curricular Framework and Guidelines for "Fostering Social Responsibility & Community Engagement in Higher Educational Institutions in India" through a series of consultations (copy enclosed). You are therefore requested to evolve a mechanism to adopt this Framework and Guidelines in your institution.

In order to develop practical understanding of implementation of various elements of the framework and guidelines, UGC plans to organize regional workshops for interactive discussion with interested faculty from HEIs. These workshops will be organized between mid December' 2019 to 31st January' 2020.

You are requested to nominate two faculty members from your institution to participate in the Regional Workshops and the nominated faculty members may submit a 300 to 500 words write up on how to implement Fostering "Social Responsibility & Community Engagement in Higher Educational Institutions in India" and share examples of any such similar innovation in community engagement being carried out in your HEI at seguba2019@gmail.com latest by **09th December, 2019**.

Looking forward to a positive response from your side and your partnership with UGC-MHRD in taking the UBA initiative forward.

With kind regards,

Yours sincerely,

(Rajnish Jain)

Dear Sir/Madam,

Congratulations to all the Participating Institutions (PIs) selected under Unnat Bharat Abhiyan, a flagship program of Ministry of Human Resource Development (MHRD) Government of India through a challenge mode application. The Mission of Unnat Bharat Abhiyan is to enable participating higher educational institutions to work with the people of rural India in identifying development challenges and evolving appropriate solutions for accelerating sustainable growth. It also aims to create a virtuous cycle between society and an inclusive academic system by providing knowledge and practices for emerging professions and to upgrade the capabilities of both the public and the private sectors in responding to the development needs of rural India.

As per the programme, educational institutions is primarily to develop linkage with selective rural clusters (preferably of five villages), to get involved in the planning process and to promote the requisite S&T interventions to improvise and expedite the developmental efforts in those clusters. The approach is a departure from the grant oriented method and would see the participation and commitment of faculty and students in this endeavour.

We shall be processing release of Rs. 10000/- per village under the UBA program. The funds are mainly meant for assistance for awareness, Gram Panchayat Development Plan (GPDP) study, need assessment, and contingency expenditure. There are provision of Rs 1.0 lakh for technological intervention/ solution and Rs 0.50/- lakh for customization of a technological solution under the program. Which you can avail of afterwards by submitting proposals with ratification of the Gramsabha. A two-way channel between PIs and National Coordinating Institute (NCI) as well as Subject Expert Groups (SEGs) for project proposal submission and evaluation has been developed and functional on UBA portal. You can use your login credential for uploading proposals on UBA website 'FINANCIAL AIDS'. The login credentials are same as your registration login credentials.

You are also requested to keep IIT Delhi, the National Coordinating Institute updated about your activities so that the same can be uploaded on the website of UBA.

Regards and best wishes for your institution for contributing to India's development.

Dear District Collector,

As you may be aware, UNNAT BHARAT ABHIYAAN is a flagship programme initiated by Government of India with the objective to engage reputed Higher Educational Institutions (both central and state; public and private) to understand and work in rural areas. As of now, 750 reputed institutions have been selected on a challenge mode. With the intention of enriching rural India, these selected Institutions are expected to customise the available technologies or develop new technologies as per the local needs and also to improve the implementation of existing government programmes.

The details of the selected Higher Educational Institute(s) in your district, along with the selected 5 villages and also the contact details of Project Coordinator of the said institute(s) are attached herewith.

I request you to facilitate the works of the selected Institute(s) in the identified villages, through following interventions:

1. Facilitate meeting of Project Coordinator with all concerned stakeholders like Gram Panchayats, BDOs, District Development Authority etc.
2. Your guidance to the selected Institute(s), with regard to the needs of the district/ selected villages;
3. Mobilisation of funds from district administration or other sources to the Institute, if possible, in accordance with the activities under UBA.
4. Time to Time review under your leadership.

In this regard Secretary, Higher Education has also requested for facilitation vide D.O. No 5-1/2016-UBA dated 16-4-2018.

IIT, Delhi is the National Coordinating Institute for the implementation of Unnat Bharat Abhiyan. For any clarification, your office may contact IIT Delhi (unnatbharatabhiyaniitd@gmail.com) / 011-26591157/26596451 or the undersigned.

Thanking you,
Gram Panchayat

Yours sincerely,

(N Saravana Kumar)

Dear Sir/Madam,

Congratulations to all the Participating Institutions (PIs) selected under Unnat Bharat Abhiyan, a flagship program of Ministry of Human Resource Development (MHRD) Government of India through a challenge mode application. The Mission of Unnat Bharat Abhiyan is to enable participating higher educational institutions to work with the people of rural India in identifying development challenges and evolving appropriate solutions for accelerating sustainable growth. It also aims to create a virtuous cycle between society and an inclusive academic system by providing knowledge and practices for emerging professions and to upgrade the capabilities of both the public and the private sectors in responding to the development needs of rural India.

As per the programme, educational institutions is primarily to develop linkage with selective rural clusters (preferably of five villages), to get involved in the planning process and to promote the requisite S&T interventions to improvise and expedite the developmental efforts in those clusters. The approach is a departure from the grant oriented method and would see the participation and commitment of faculty and students in this endeavour.

We shall be processing release of Rs. 10000/- per village under the UBA program. The funds are mainly meant for assistance for awareness, Gram Panchayat Development Plan (GPDP) study, need assessment, and contingency expenditure. There are provision of Rs 1.0 lakh for technological intervention/ solution and Rs 0.50/- lakh for customization of a technological solution under the program. Which you can avail of afterwards by submitting proposals with ratification of the Gramsabha. A two-way channel between PIs and National Coordinating Institute (NCI) as well as Subject Expert Groups (SEGs) for project proposal submission and evaluation has been developed and functional on UBA portal. You can use your login credential for uploading proposals on UBA website 'FINANCIAL AIDS'. The login credentials are same as your registration login credentials.

You are also requested to keep IIT Delhi, the National Coordinating Institute updated about your activities so that the same can be uploaded on the website of UBA.

Regards and best wishes for your institution for contributing to India's development.

With regards

Your Sincerely, 
Prof. Virendra K Vijay
National Coordinator,
Unnat Bharat Abhiyan

Guideline for use of UBA funds

After registration and selection of the institutes under the Unnat Bharat Abhiyan a token amount of Rs.10,000/- per village would be released under the UBA program. The funds are mainly meant for assistance for awareness, Gram Panchayat Development Plan (GPDP) study, need assessment, and contingency expenditure.

The selected institutions will work for providing suitable solutions which can improve the social and economic well-being of the rural communities. The solutions selected/ customized should be sustainable, innovative, implementable and scalable. Where new technological solution is to be developed or existing technological solution is to be customized, as per the local requirements, additional grant would be available under the scheme, as recommended by the Subject Expert Groups. Identification of solutions by the Institutions should take place after a qualitative engagement with the rural people, local bodies, district authorities and obtaining a clear insight into the problems and requirements of the adopted villages.

The solutions proposed should be uploaded on the UBA portal giving a clear statement of the problem, proposed solution, with proof of requirement & willingness to fund the solution by the District Authorities / Central and State Government/ Corporates/ Philanthropies, cost of the solutions etc. which would be verified by the Subject Expert Group (SEG). After evaluation of the proposed solutions, assistance would be recommended by SEG up to Rs.1 lakh per technology for selection of technical solutions and upto Rs.50,000/- for customization of any existing solution in a village. This amount is towards meeting the gap in fund availability.

All selected solutions are to be executed in the village with the assistance of the Gram Panchayat and outcomes to be recorded by the institutions. A web based monitoring system would be in place for all progress uploaded on the Portal by the institutions along with photographs.

There is no scope for mere lab projects or proto-types and the solutions should have been tested at field level. There would also be no scope for Institutions to suggest the solutions in the form of provision of subsidies, provision of funds for financing research proposals or projects for construction of infrastructure. Long term research projects/ Fellowships of any kind, cost on PhD programmes, setting up laboratories/centres, exhibitions & similar events, Workshops (except when MHRD conducts Workshops) and capital /construction expenditure of any sort, also do not attract UBA funding.

How to prepare action plan

Prepare plan of action

Under the UBA program all Participating Institutes are adopting a cluster of five villages in consultation with Districts Collectors. A plan of action/ village development plan (VDP) is a plan outlining the desired developments according to the inhabitants – for the quality of life within the village and in the immediate surroundings. A plan of action/ VDP Identifies issues affecting the community – social, environment and economic. It's a statement about how a community sees itself developing over the next few years and what actions are needed to realize that vision.

During this initial evolutionary period, the main emphasis will be on setting up the structural network and the modalities along with developing the interventional competence as well as the rapport between various constituents involved in the UBA viz., Participating Institutions, Panchayati Raj Institutions, concerned ministries/departments, voluntary organizations and winning the confidence of the people at large.

It is a participatory method to gather/ collect information by involvement of Rural/ local communities for decision making and implementation of the development project, "for the rural community, by the rural community and with the rural community". It is a process to involve the community in planning and decision making. Community develop their own skills needed to address issues, analyse options and carry out activities. Participatory decision making reflects respect for human dignity and creating the opportunity for individuals to fulfil their responsibility to exercise the right.

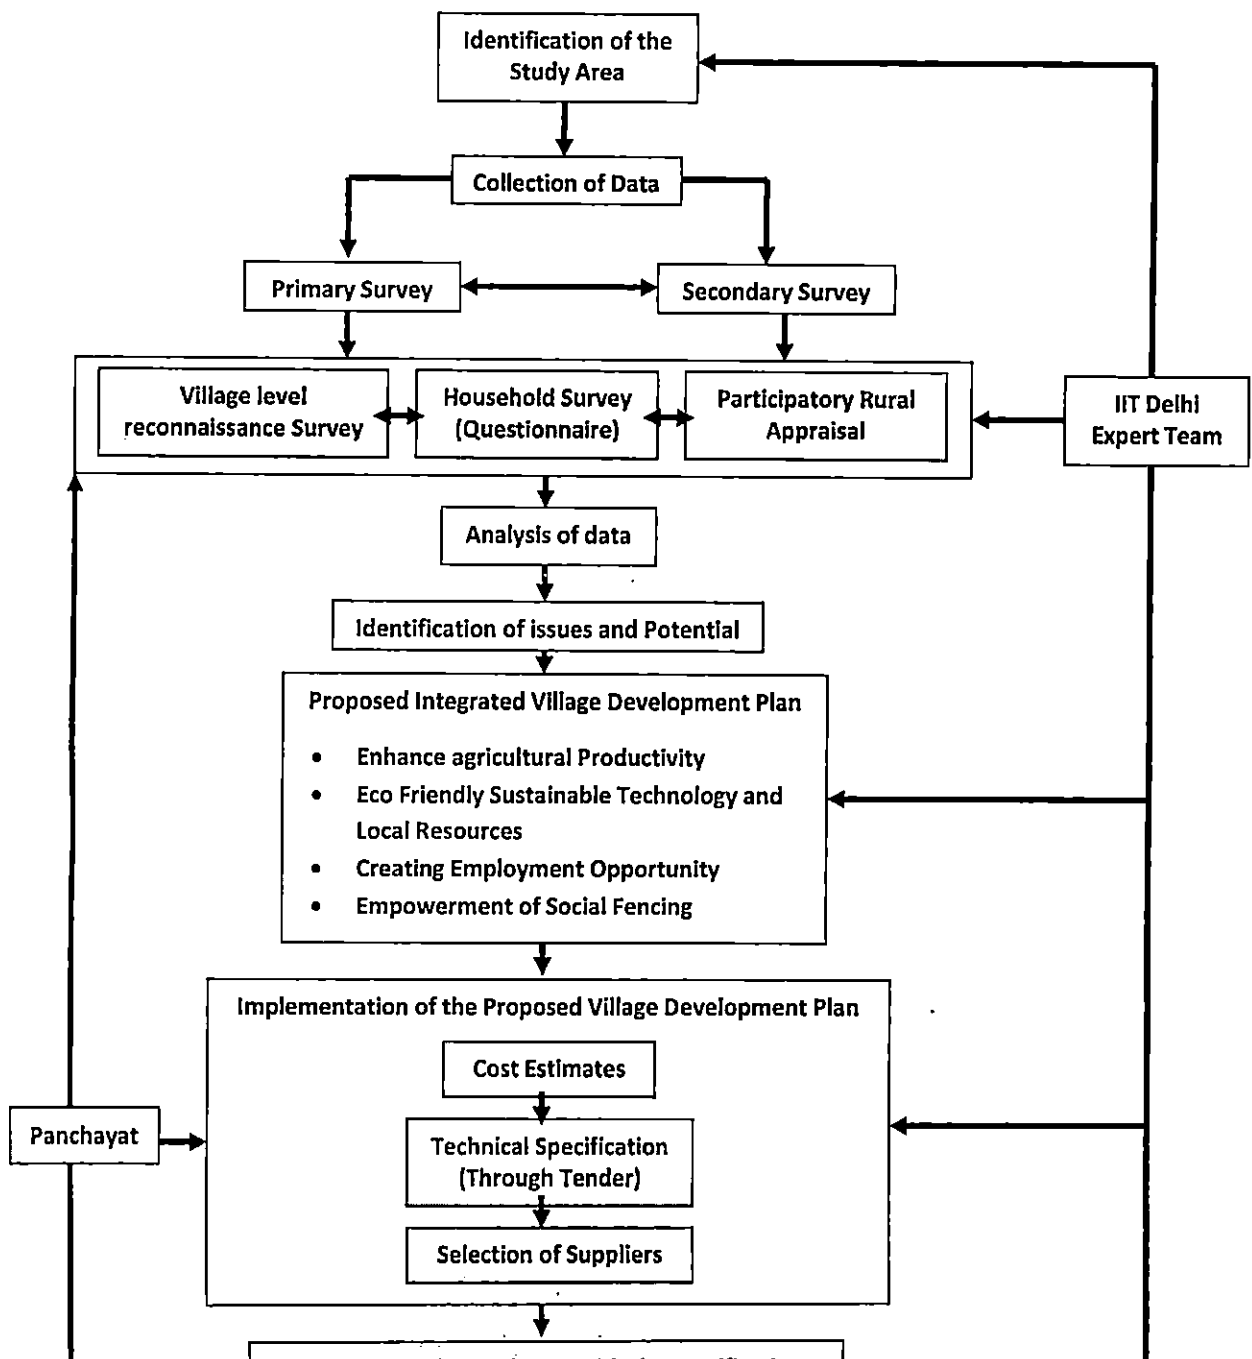

Steps of preparing plan of action:

- Identification of the village and key persons for knowledge input
- Social Mobilization through hamlet meeting and village meeting.
- Conducting primary survey and secondary data collection
- Analysis of data, identification of problem, issues and potential

PRA = participatory rural appraisal method

- Interaction with the villagers and conducting Participatory Rural Appraisal (PRA) for the feedback
- Obtained input from the key persons and preparation of integrated village development plan.

Home / Introduction

Background and Need

As foreseen by Gandhi Ji in his seminal work, 'Hind Swaraj', the western developmental paradigm, based on centralized technologies and urbanization, has given rise to serious problems like increasing inequity (leading to crime and violence), and climate change due to rapid ecological degradation. To ameliorate these problems, it is necessary to promote development of rural areas in tune with Gandhian vision of self-sufficient 'village republic' based on local resources and using decentralized, eco-friendly technologies so that the basic needs of food, clothing, shelter, sanitation, health care, energy, livelihood, transportation, and education are locally met. This should be the vision of holistic development of villages. Presently, 70% of the population in India lives in rural areas engaged in agrarian economy with agriculture and allied sector employing 51% of the total work-force but accounting for only 17% of the country's GDP. There are huge developmental disconnects between the rural and urban sectors such as inequity in health, education, incomes and basic amenities as well as employment opportunities - all causing great discontent and large-scale migration to urban areas. The imperatives of sustainable development which are being felt more and more acutely all over the world also demand eco-friendly development of the villages and creation of appropriate employment opportunities locally. Increasing urbanization is neither sustainable nor desirable. So far, our professional higher education institutions have largely been oriented to cater to the mainstream industrial sector and, barring a few exceptions, have hardly contributed directly to the development of the rural sector. Unnat Bhārat Abhiyān (UBA) is a much needed and highly challenging initiative in this direction.

History

The conceptualization of Unnat Bharat Abhiyan started with the initiative of a group of dedicated faculty members of Indian Institute of Technology (IIT) Delhi working for long in the area of rural development and appropriate technology. The concept was nurtured through wide consultation with the representatives of a number of technical institutions, Rural Technology Action Group (RuTAG) coordinators, voluntary organizations and government agencies, actively involved in rural development work, during a National workshop held at IIT Delhi in September, 2014. The workshop was sponsored by Council for Advancement of People's Action and Rural Technology (CAPART), Ministry of Rural Development, Govt. of India. The program was formally launched by the Ministry of Human Resource Development (MHRD) in presence of The President of India on 11th November, 2014.

Vision

Unnat Bharat Abhiyan is inspired by the vision of transformational change in rural development processes by leveraging knowledge institutions to help build the architecture of an Inclusive India.

Mission

The Mission of Unnat Bharat Abhiyan is to enable higher educational institutions to work with the people of rural India in identifying development challenges and evolving appropriate solutions for accelerating sustainable growth. It also aims to create a virtuous cycle between society and an inclusive academic system by providing knowledge and practices for emerging professions and to upgrade the capabilities of both the public and the private sectors in responding to the development needs of rural India.

Goals

- To build an understanding of the development agenda within institutes of Higher Education and an institutional capacity and training relevant to national needs, especially those of rural India.
- To re-emphasize the need for field work, stake-holder interactions and design for societal objectives as the basis of higher education.
- To stress on rigorous reporting and useful outputs as central to developing new professions.
- To provide rural India and regional agencies with access to the professional resources of the institutes of higher education, especially those that have acquired academic excellence in the field of science, engineering and technology, and management.
- To improve development outcomes as a consequence of this research. To develop new professions and new processes to sustain and absorb the outcomes of research.
- To foster a new dialogue within the larger community on science, society and the environment and to develop a sense of dignity and collective destiny.

How You Can Participate in UBA?

You are welcome to participate in the Unnat Bharat Abhiyan in any of the following capacity as per your present status, competence and interest:

- As a prospective Mentoring Institute
- As a Participating Institute
- As a Subject Expert
- As a Voluntary Organization
- As a Developmental Agency
- As a Philanthropist or a CSR Promoter
- As NSS Member

Organizational Structure

In order to implement such an ambitious programme nationwide, it is essential to set-up an adequate structural network with a large number of nodal institutions and a proper mechanism to plan, execute and monitor the activities regularly to be able to create a tangible positive impact. It is also very important to facilitate synergetic collaboration between the concerned ministries, local Panchayat Raj Institutes (PRIs), voluntary organizations, and institutions participating in UBA. The following structure for this purpose has been visualized so far and is being created in a phase manner.

Sponsoring Ministry - MHRD

Basic funding for setting up the structural network of UBA and for orientation of UBA teams to enable effective participation i.e. establishing and running the UBA cells of CI, MIs and PIs to be provided by the Ministry of HRD. In addition, the requisite funding for the working of subject expert groups for preparation of resource materials, training workshops, etc. will also need to be provided by the Ministry of HRD. The UBA cell in an Institute should identify a rural cluster (around 5 villages) for development work. The base-level funding from Ministry of HRD will be made available for setting up the necessary infrastructure/ manpower for the UBA Cell of the mentoring as well as the participating institutions.

National Steering Committee (NSC)

An empowered Steering Committee has been constituted by the Ministry of HRD for actual implementation, continuous guidance and monitoring of the programme at the national level. Dr. Vijay P. Bhatkar, an eminent scientist and rural development enthusiast has been designated as the Chairperson of the National Steering Committee (NSC) with stalwarts like Dr. Mashelkar (Ex Director General, CSIR), Dr. Ved Prakash (Ex-Chairman, UGC) and Sahasrabudhe (Chairman, AICTE) and others as the members. The first meeting of the NSC was held at IIT Delhi on 29th April, 2016 and it was decided that the NSC will be meeti

quarterly to provide direction and requisite thrust to the programme. The coordinators of the overall coordinating institute, the mentoring institutes and the subject expert groups will be regularly reporting to the NSC.

Dr. Vijay P Bhatkar
Chairman (NSC)

Chairman's Profile

Coordinating Institute (CI)

As already indicated, IIT Delhi has been designated to be the Coordinating Institute (CI) for the Unnat Bharat Abhiyan (UBA). In this capacity, IIT Delhi has been taking initiative to convene various consultative workshops and meetings. It has established the UBA Cell consisting of an Advisory Committee, an Executive Committee and a Core Working Group consisting of about forty faculty members drawn from various departments and centres of the institute. The Centre for Rural Development & Technology (CRDT) as well as the RuTAG group of IIT Delhi are fully participating in the UBA activities. It has also identified a few rural clusters for direct intervention and is in the process of networking with various participating institutions and voluntary organizations.

The main task of the coordinating institute will be to facilitate mutual interaction, consultation, responsibility allocation and an active liaison among the mentor institutions, the subject expert groups as well as the Ministry of HRD. It will also closely interact with the NSC in connection with the allocation of funds and other facilitating measures for effective and smooth running as well as the nation-wide proliferation of the UBA program. Needless to mention, this coordination responsibility will be carried out along with the core responsibility of direct cluster intervention and conducive ethos development within the Institute.

Prof V K. Vijay
National Coordinator

Mentoring Institutions (MIs)

At present, majority of professional institutions do not have any prior experience, mechanism or expertise for meaningful interaction in the rural development process beyond their marginal interaction through National Service Scheme (NSS) activities. However, a few apex institutions (e.g. IISc Bangalore, IIT Mumbai, IIT Delhi and IIT Kharagpur) have been actively involved in the development and dissemination of appropriate technologies in the rural areas and have also interacted with voluntary organizations as well as selective government agencies in this process. These institutions also have established centers focusing on rural technology and development. Accordingly, they have the necessary expertise and wherewithal and therefore, can act as Mentoring Institutions (MIs) to facilitate the other participating institutions in their vicinity. It will be desirable to identify such mentoring institutions which can act as nodal centers for networking, training and orientation for grooming other institutions. In the first phase, fifteen such institutions have been identified to begin with, but many more institutions will be needed to provide a proper spread to the programme.

Subject Expert Groups (SEGs)

In order to develop the necessary resource material including the vision, methodology of intervention, prospective technologies and success stories in the specific areas of interventions, it was proposed by the apex committee that nationwide subject expert groups (SEGs) be developed in these specialized areas. Initially, ten broad subject areas were designated tentatively and specific institutions were nominated to coordinate the activity of formation of SEGs drawing experts from academia, industry as well as from field organizations who have had long experience of applied R&D and successful field intervention in these areas.

After thorough brainstorming on these subject themes with the prospective coordinators, twelve subject expert group themes, with coordinators and coordinating institutes were finalized in the workshop held in November, 2015 at IIT Delhi. The SEGs will have the responsibility of developing the necessary resource material for the benefit of all the UBA cluster teams. These experts will also conduct training workshops and indicate innovative.

Participating Institutions (PIs)

All participating institutions (PIs) are expected to establish a UBA Cell which will be responsible for carrying out the activities of the UBA. This will involve the development of an active working group consisting of motivated faculty members drawn from various disciplines. To guide and monitor the activities of the UBA Cell in each institution, there will be an Executive Committee and a local advisory committee (which will be chaired by the Head of the Institution).

The main responsibility of a UBA cell will be primarily to develop linkage with selective rural clusters, involve in the planning process and to promote the requisite S&T interventions to improvise and expedite the developmental efforts in those clusters. On the other hand, a UBA cell will also be responsible for developing the competence of its working group by appropriate orientation, training and creation of appropriate ethos within the institution towards indigenous and sustainable rural development, and initiating requisite curricular modifications and other facilitating measures. All participating institutions will be facilitated and mentored in their activities by the respective mentoring institutions in their region.

State Nodal Officers

Secretaries In charge of higher education/Technical Education in all state governments will act as State Nodal Officer. They will have the responsibility of facilitating and monitoring the interaction of institutions with PRIs/District Administration. They will coordinate the effort at the state level by involving the Panchayati Raj and Rural Development, SC Development, ST Development, Drinking Water, Agriculture, Animal Husbandry, Power, and Science & Technology Departments of the state and chalk out the plan of action for the state.

Minutes of the Meeting held with Participating Institutions of Telangana State through video Conferencing using Zoom Application on 13th April 2020

The agenda of the meeting was to discuss the activities carried out by participating institutions to fight against COVID-19 in their respective adopted villages and further strategies for the same. In addition to this, the issues related to submission of utilization certificate were also taken up. The meeting was joined by Dr. Lakhan Singh and Ms. Pauranmasi Khurana from NIRDPR, Hyderabad, Ms. Bharti Jasrotia, Ms. Manavee Ajit Singh, and Mr. Chandra Bhushan Pandey from IIT, New Delhi, and 11 Coordinators of Participating Institutions. The meeting was hosted by NIRDPR, Hyderabad.

Major Points of discussions:

Dr. Lakhan Singh briefed about an application which is named as "NIRDPR" developed by NIRDPR, Hyderabad. This is basically a massaging application and through which NIRDPR wants to reach out to all Gram Panchayat Presidents of the country in order to assist them during Corona crisis. Till now, almost 30,000-40,000 Gram Panchayat Presidents are actively interacting with NIRDPR seeking solution to their quarries. There is effort by Dr. Lakhan Singh to enroll all UBA participating intuitions with this application so that they can also interact with their adopted villages more easily. He also mentioned that NIRDPR has prepared so many useful videos, such as mask making, sanitizer making, what gram panchayat can do to prevent Corona Virus and manage the migrant workers etc. Many SHG women and other women as well are using these videos and making mask and other products and distributing it to villagers at affordable prices. NIRDPR has been sending the awareness documents, video clips and other useful materials to all the PIs so that they can further send them to Gram Panchayat Presidents.

Further, each PI was asked to discuss their efforts so far implemented in their respective villages and the future plans for the same.

- Each one of our PIs confirmed that they have circulated the audio clips, videos and posters prepared by NIRDPR with their respective village sarpanchs. All the PIs are in constant touch with their Gram Panchayat presidents. The details of activities carried out by each PI are as follows:

1. **Matrusri Engineering College, Padmasri Dr. B V Raju Institute of Technology, Keshav Memorial Institute of Technology** have supplied masks in their adopted villages and are in constant touch with their village presidents.

2. **Kasturba Gandhi Degree College for Women** have circulated all the audio clips, videos and posters that could help the villagers to stay protected in the current scenario. Mrs. B. Shoba Rani said that they are in constant touch with the Mandal people and are keeping a track of their villagers and their well-being. She also mentioned that a number of migrant workers are working mostly in the agriculture farm as that is the most demanded occupation at present. MGNREGS workers aren't much active in their villages but they are trying to involve Self Help Groups to prepare masks for their villagers.

3. **IIT Hyderabad** is in close contact with farmers and people into the field of agriculture. Dr. Prasad mentioned that their institute is preparing masks, sanitizers and gloves for people, and will deliver the same on demand of the villagers. He also added that MGNREGS employment is active in three out of five villages. He is trying to involve more people into MGNREGS so that the employment rate in adopted villages doesn't decline.

4. **Jaya Prakash Narayan College of Engineering** has been constantly working in creating awareness related to COVID-19 by circulating audios, videos and pictures in local language. Mr. Sujeevan Kumar also mentioned that one of their adopted villages is preparing masks and helping in delivering them to other four adopted villages. Self Help Groups are actively providing their help in the current scenario.

5. **Vishnu Institute of Pharmaceutical Education and Research** are preparing masks and even distributing them to their adopted villages. Dr. K Vanitha also discussed her proposal of preparing medicines that can boost the immunity of people. To this, Ms. Manavee Ajit Singh requested to send their proposals to IIT New Delhi with proper title and description of the products. Once the proposal is submitted, the Subject Expert Group will look into it and necessary actions would be taken regarding the same.

6. **Hyderabad Institute of Technology and Management** mentioned that they had conducted donation camps and had also distributed vegetables in their adopted villages. Mr. Santosh Naik discussed their submission of proposals to IIT Delhi. He also added that they have submitted their request for adding two more villages to the IIT Delhi team.

7. **University College of Women, Koti** had circulated all the videos and audios to their village sarpanchs. Students are also helping in coordinating with the villagers.

8. **Sorjini Naidu Vanitha Maha Vidhalaya Degree College for Women** said that their villagers do not have android phones with them so their institute is helping in providing the hard copies of the pictures which can create awareness about COVID-19 in their adopted Villages.

9. **Vignan Institute of Technology & Sciences** said that a whatsapp group has been created for village sarpanchs, farmers and gram panchayat presidents, on which the institute is circulating all the messages, audio clips and videos which could help them in spreading awareness about COVID-19. Dr. Vijayalaxmi Biradar also mentioned that they are approaching NGOs to fulfill the villagers' requirements.

In the concluding remarks,

Ms. Bharti Jasrotia, IIT Delhi said that we all should make at least one call a day to either a village sarpanch or farmers in order to take an update on their well-being and their working conditions.

Mr. Chandra Bhushan Pandey, IIT Delhi added to it by saying that we should motivate people to join MGNRGS scheme so that the rate of employment could stay steady.

Ms. Manavee Ajit Singh, IIT Delhi talked about Tech4Seva portal which is available for technical and non-technical institutes where they can seek solutions for their queries. She also mentioned about the FaQ sessions and also briefed about the work from home strategies where each PI can work on a plan for action and village development plans by using the formats given on the web-portal.

Dr. Lakhan Singh, in his concluding remarks said that each PI should prepare one document which could be inclusive of the following pointers:

1. What all steps have been proposed by Institute to Villagers regarding COVID-19
2. What all steps villagers have taken regarding COVID-19.
3. What all further steps can be taken regarding the COVID-19.
4. If any services are provided to the adopted villages, please add pictures in the same document.

Minutes of the Meeting held with Participating Institutions of Telangana State through video Conferencing using Zoom Application on 13th April 2020

The agenda of the meeting was to discuss the activities carried out by participating institutions to fight against COVID-19 in their respective adopted villages and further strategies for the same. In addition to this, the issues related to submission of utilization certificate were also taken up. The meeting was joined by Dr. Lakhan Singh and Ms. Pauranmasi Khurana from NIRDPR, Hyderabad, Ms. Bharti Jasrotia, Ms. Manavee Ajit Singh, and Mr. Chandra Bhushan Pandey from IIT, New Delhi, and 11 Coordinators of Participating Institutions. The meeting was hosted by NIRDPR, Hyderabad.

Major Points of discussions:

Dr. Lakhan Singh briefed about an application which is named as "NIRDPR" developed by NIRDPR, Hyderabad. This is basically a massaging application and through which NIRDPR wants to reach out to all Gram Panchayat Presidents of the country in order to assist them during Corona crisis. Till now, almost 30,000-40,000 Gram Panchayat Presidents are actively interacting with NIRDPR seeking solution to their quarries. There is effort by Dr. Lakhan Singh to enroll all-UBA participating intuitions with this application so that they can also interact with their adopted villages more easily. He also mentioned that NIRDPR has prepared so many useful videos, such as mask making, sanitizer making, what gram panchayat can do to prevent Corona Virus and manage the migrant workers etc. Many SHG women and other women as well are using these videos and making mask and other products and distributing it to villagers at affordable prices. NIRDPR has been sending the awareness documents, video clips and other useful materials to all the PIs so that they can further send them to Gram Panchayat Presidents.

Further, each PI was asked to discuss their efforts so far implemented in their respective villages and the future plans for the same.

- Each one of our PIs confirmed that they have circulated the audio clips, videos and posters prepared by NIRDPR with their respective village sarpanchs. All the PIs are in constant touch with their Gram Panchayat presidents. The details of activities carried out by each PI are as follows:

1. **Matrusri Engineering College, Padmasri Dr. B V Raju Institute of Technology, Keshav Memorial Institute of Technology** have supplied masks in their adopted villages and are in constant touch with their village presidents.

2. **Kasturba Gandhi Degree College for Women** have circulated all the audio clips, videos and posters that could help the villagers to stay protected in the current scenario. Mrs. B. Shoba Rani said that they are in constant touch with the Mandal people and are keeping a track of their villagers and their well-being. She also mentioned that a number of migrant workers are working mostly in the agriculture farm as that is the most demanded occupation at present. MGNREGS workers aren't much active in their villages but they are trying to involve Self Help Groups to prepare masks for their villagers.

3. **IIT Hyderabad** is in close contact with farmers and people into the field of agriculture. Dr. Prasad mentioned that their institute is preparing masks, sanitizers and gloves for people, and will deliver the same on demand of the villagers. He also added that MGNREGS employment is active in three out of five villages. He is trying to involve more people into MGNREGS so that the employment rate in adopted villages doesn't decline.

4. **Jaya Prakash Narayan College of Engineering** has been constantly working in creating awareness related to COVID-19 by circulating audios, videos and pictures in local language. Mr. Sujeevan Kumar also mentioned that one of their adopted villages is preparing masks and helping in delivering them to other four adopted villages. Self Help Groups are actively providing their help in the current scenario.

5. **Vishnu Institute of Pharmaceutical Education and Research** are preparing masks and even distributing them to their adopted villages. Dr. K Vanitha also discussed her proposal of preparing medicines that can boost the immunity of people. To this, Ms. Manavee Ajit Singh requested to send their proposals to IIT New Delhi with proper title and description of the products. Once the proposal is submitted, the Subject Expert Group will look into it and necessary actions would be taken regarding the same.

6. **Hyderabad Institute of Technology and Management** mentioned that they had conducted donation camps and had also distributed vegetables in their adopted villages. Mr. Santosh Naik discussed their submission of proposals to IIT Delhi. He also added that they have submitted their request for adding two more villages to the IIT Delhi team.

7. **University College of Women, Koti** had circulated all the videos and audios to their village sarpanchs. Students are also helping in coordinating with the villagers.

8. **Sorjini Naidu Vanitha Maha Vidhalaya Degree College for Women** said that their villagers do not have android phones with them so their institute is helping in providing the hard copies of the pictures which can create awareness about COVID-19 in their adopted Villages.

9. **Vignan Institute of Technology & Sciences** said that a whatsapp group has been created for village sarpanchs, farmers and gram panchayat presidents, on which the institute is circulating all the messages, audio clips and videos which could help them in spreading awareness about COVID-19. Dr. Vijayalaxmi Biradar also mentioned that they are approaching NGOs to fulfill the villagers' requirements.

In the concluding remarks,

Ms. Bharti Jasrotia, IIT Delhi said that we all should make at least one call a day to either a village sarpanch or farmers in order to take an update on their well-being and their working conditions.

Mr. Chandra Bhushan Pandey, IIT Delhi added to it by saying that we should motivate people to join MGNRGS scheme so that the rate of employment could stay steady.

Ms. Manavee Ajit Singh, IIT Delhi talked about Tech4Seva portal which is available for technical and non-technical institutes where they can seek solutions for their queries. She also mentioned about the FaQ sessions and also briefed about the work from home strategies where each PI can work on a plan for action and village development plans by using the formats given on the web-portal.

Dr. Lakhan Singh, in his concluding remarks said that each PI should prepare one document which could be inclusive of the following pointers:

1. What all steps have been proposed by Institute to Villagers regarding COVID-19
2. What all steps villagers have taken regarding COVID-19.
3. What all further steps can be taken regarding the COVID-19.
4. If any services are provided to the adopted villages, please add pictures in the same document.

UBA Phase 2.0

Telangana, Technology Delhi,

110016

As per the following mail received from UBA IIT-Delhi team, we are your Regional Coordinating Institute (RCI). Being the RCI for your institute we would like to introduce ourselves to you.

We, NIRD&PR, are India's apex body for building capacities of Rural Development and Panchayati Raj functionaries and believe in enriching the quality of lives of poor rural people by meeting their basic needs and generating employment opportunities on a wider scale through decentralized planning. We have got into an agreement with the Ministry of Human Resource Development, Govt. of India and Indian Institute of Technology, New Delhi to be a partner in this important initiative. In continuation to this, NIRD&PR has signed a Memorandum of Understanding on 27th December 2016 at NIRD&PR, Hyderabad with Ministry of Human Resource Development, Govt. of India, New Delhi and Indian Institute of Technology, Delhi to develop Capacity Building for Nodal Officers of 92 Participating Institutions under Unnat Bharat Abhiyan. In order to facilitate, guide and monitor the activities of the participating institutions, NIRD&PR has organized a series of National Level Training Programme on Capacity Building of Nodal Officers of Participating Institutes under Unnat Bharat Abhiyan. We have already conducted one Capacity training program for Participating Institutes under UBA 2.0 from 26-28 August 2019 where 18 senior faculty members from nine participating institutions of Telangana region attended the programme.

We, being your RCI, are there to facilitate, guide and monitor each and every participating Institutes' activities. For the same, we will keep asking for certain information from you for our records and also for UBA, IIT-New Delhi team.

## Street Cause KMIT

### COVID-19 RELIEF PROJECT (GROCERIES DONATION)

Survey report :

Survey taken up by - Street Cause KMIT

Survey conducted on - 3rd July, 2020

Survey conducted by - Street Cause KMIT

Survey location - Hyderabad

Survey summary - "the belly is an ungrateful wretch, it never remembers past favours, it always wants more tomorrow".

Unemployment rate during these pandemic days has been hitting a stooing low. Hence unaffordability has become a problem for many.

This project highlights about ensuring food security resilience.

Plan of action - The project taken up by Street Cause KMIT will be impacting about 75 people, who are fighting an uphill battle with meagre earnings. Hence Street Cause KMIT decided to distribute them with some essential groceries, which will last for about "1 month". We have taken an agreement with the vendors for supplying the essential commodities to the needy. As per norms we adhere to all safety measures along with social distancing.

## Street Cause KMIT

### SANITARY NAPKINS DONATION

Survey Report :

Survey conducted on - 20th ,21st july 2020

SURVEY CONDUCTED BY- Street Cause KMIT

Survey location- Hyderabad

Survey summary - Access to menstrual hygiene products is a basic human right. Due to the enormous growth in covid-19 cases it has become very risky to even step out of our house and many orphanages are facing shortage of essential daily usage products like sanitary napkins etc due to the financial and slump conditions.

Plan of Action -:"Menstruation is not a problem, poor menstrual hygiene is." As we all know pandemic raised a lot of issues like health and food security , economic crises etc. Accessibility and lack of production during this plight is now a prime concern for many. There are especially

a lot of enigmas in orphanages. So we the Street Cause kmit is taking the responsibility by empowering girls through good menstrual hygiene. Our team decided to distribute 34 packs of sanitary pads to the girls in the orphanages. Which will for sure help them to maintain and develop menstrual hygiene and overcome catastrophe.

Estimated Budget - ₹5000/-

No. of people impacted - 78 people impacted through this initiative

## Task Report :

Task Date : 9th August

Division Name : Street Cause KMIT

Event Name : Sanitary Napkins donation

Task Number : 05

Task taken up by : Street Cause KMIT

Task location : Hyderabad

Event Summary : During these covid-19 pandemic days it has become very risky to move outdoors and due to the economic crisis few

orphanages are in lack of donors and aren't able to buy essential daily use products.

We Street Cause KMIT had taken an initiative to empower girls through good menstrual hygiene and we had selected 3 orphanages and donated 63 packs of sanitary napkins sufficient for a month which helps them in maintaining menstrual hygiene.

## Self Defense Project

Survey Report :

Survey taken up by : Street Cause KMIT

Survey conducted on : 4th January,2021

Survey conducted by : Atisha Manot (Coordinator)

Survey location : Auxilium Navajeevanam, 6-3-17, New Bhoiguda Rd, M.I.G.H colony, PBR Estate, New Bhoiguda, Secunderabad, Telangana, 500361.

Survey summary : living in this brutal world of the 21st century where no one is completely safe, it comes as a responsibility that it is only you who can protect yourself. Self Defense is not just a set of techniques it's a state of mind, and it begins with the belief that you are worth defending. We street cause KMIT are taking the responsibility of teaching self defense techniques to the girls and boys of an orphanage

for a duration of 8 days i.e 4 weekends in a month(Saturday and Sunday).

Plan of action : As responsible citizens we Street Cause KMIT members had decided to help the children of an Orphanage by teaching them important Self Defense techniques by a professional Self Defense tutor for the duration of 8 days (i.e 4 weekends of a month), through this project the children of the Orphanage will develop their Self Defense skills, mental capability and also boost their physical fitness,we Street Cause KMIT will be visiting the orphanage during the training sessions in order to check the progress of this project and help in arrangements for the training sessions.

Total Estimated Budget for the tutor : FREE

Estimated No. of people to be impacted : 44

## Task Report :

Task Date : 9th and 10th December, 2020

Division Name : Street Cause KMIT

Event Name : Self Defense Project

Task number : 11

Task Location : Auxilium Navajeevanam, 6-3-17, New Bhoiguda Rd, M.I.G.H colony, PBR Estate, New Bhoiguda, Secunderabad, Telangana, 500361.

Task taken up by : Street Cause KMIT

Event summary : Self Defence is the act of defending ourselves from physical harm. Self Defence has an important role in the life of women it is a skill which every woman should acquire to make their own and others live safer on a daily basis or whenever the situation requires. Self Defence techniques enable women to take control over the situations and also helps them to escape, resist, counterattack against harmful people living in the society. A good self-defense course provides psychological awareness and verbal skills.

We Street Cause KMIT had taken up the responsibility to teach Self Defense skills to the children of Auxilium Navajeevanam orphanage and had organised a 2 day workshop on self defense techniques with the help of the TEAM SHIELD. The main intention of this project is to create awareness in the girls regarding how they can protect themselves from any situation.

Through this project the children of the orphanage had learnt some techniques on how they could defend themselves, developed their mental capability and improved their physical fitness.

### Blankets Donation Drive Project

#### Survey Report :

Survey taken up by - Street.cause KMIT.

Survey conducted on - 5th December 2020.

Survey conducted by - Sohail Khan(VP), Mihira Navva(Coordinator), Bhanuteja(Coordinator), Rajmaneesh(Coordinator), Sri Valli(Volunteer), Anusha(Volunteer).

Survey location - near Jamia Osmania Railway Station, Secunderabad.

Survey summary - We found many homeless people around the areas surrounding the secunderabad metro and railway stations. A few of these people were found to be physically handicapped. They possessed various disabilities including leprosy. All of them had no shelter and were living on the footpath. In further conversation we also found out that they needed clothing that kept them warm in the winters. Hence, SC KMIT plans on providing blankets to these homeless people.

Plan of action - The winters are already here and the temperatures in the city have dropped to as low as 12°C-15°C. And all the people living on the streets have been badly affected by this. The main motto of this project is to help the needy and the handicapped homeless people. So we the members of SC KMIT plan on doing a blanket donation drive to help all of them by distributing blankets to all the homeless people and keep them warm in the freezing winters.

1. We have already surveyed 25-30 people living near Secunderabad Metro and Railway stations, most of them affected with leprosy.
2. We are going to provide blankets to all these elderly homeless people who are spending their nights on footpaths and in the shelter of these stations.
3. The blankets ordered from the vendor and the ones collected from the volunteers will be delivered to Sohail's (VP) house one day prior and will be brought to the location on the project execution day.
4. Group of volunteers along with the EB members of SC KMIT will be donating the blankets.

Total Estimated Budget - 10,000/-

Estimated No. of people to be impacted - 100

## Task Report :

Task Date : 30th December, 2020

Division Name : Street Cause KMIT

Event Name : Blankets Donation Drive

Task number : 10

Task taken up by : Street cause KMIT

Task Location : near Jamia Osmania Railway Station, Secunderabad.

Event summary : During this winter season the temperature during the night is constantly falling below 20C and there are many people who are homeless, living in the shelter of the railway station and are facing many problems due to the freezy winds because of improper clothing.

We Street Cause KMIT had surveyed few areas and found few homeless families with merge income and few Physically Handicapped people living on the streets, we had decided to rescue these people and implemented a Blankets Donation Drive in which we provided blankets to few homeless families living in the local area of Jamia Osmania in order to keep themselves warm during this winter season.

Budget Split :

Cost of each blanket - 85/-

No. of Blankets - 100

Total cost for all the Blankets = 100 x 85  
= 8,500/-

Delivery Charges - 350/-

Total Budget : 8,850/-

No. of people impacted : 100

### KMIT – NSS Committee

### Webinar on Gender Sensitivity at Workplace

#### Description

Woman Empowerment Committee of KMIT had conducted a Webinar on Gender Equity at Workplace on January 4th 2021. The webinar was started at 4:30 pm. Our honorable dean of academics, Mrs. Deepa Ganu and various other heads of the departments and coordinators and other faculty members participated in the webinar.

Ms. Ishita Ray, business and Intercultural communication specialist, Expertise in training adults in diversity and inclusions, was the chief guest and the program commenced with a Welcoming speech by Ms. Shweta Paropkari of H&S Department. Ms. Ishita Ray shared her opinion and experiences on gender sensitivity. She felt that gender Equity can be achieved through togetherness. She said that we have to be aware of our own biases, create a safe space and engage mindfully. The session was interactive and all faculty members participated very actively in the session and felt very happy that the program was worth their time. The content was helpful to them. They felt that it helped them to remove gender-related barriers in personal and professional life. The program concluded at 5:30 pm. With a vote of thanks presented by Ms. Shweta Paropkari.

# National Service Scheme

## Fundamental Duties:

The fundamental duties of citizens were added to the constitution by 42<sup>nd</sup> Amendment in 1976, upon the recommendations of the Swaran Singh committee that was constituted by the government earlier that year.

Originally ten in number, the fundamental duties were increased to eleven by 86<sup>th</sup> Amendment in 2002, which added a duty on every parent or guardian to ensure that their child or ward was provided opportunities for education between the ages six to fourteen years. The other

fundamental duties obligate all citizens to respect the national symbol of India, including the constitution, to cherish its heritage, preserve its composite culture and

assist in its defence.

### Fundamental Duties in Indian Constitution (Article 51A)

They also obligate all Indians to promote the spirit of common brotherhood, protect the environment and public property, develop scientific temper, abjure violence and strive towards

excellence in all spheres of life. In case of violation of fundamental duties enshrined in the constitution by a citizen including President, Vice president, Speaker, parliament members, state legislative members, etc. it amounts to contempt of the constitution which is punishable under prevention of insults to National Honour Act, 1971.

#### Article 51A(h)

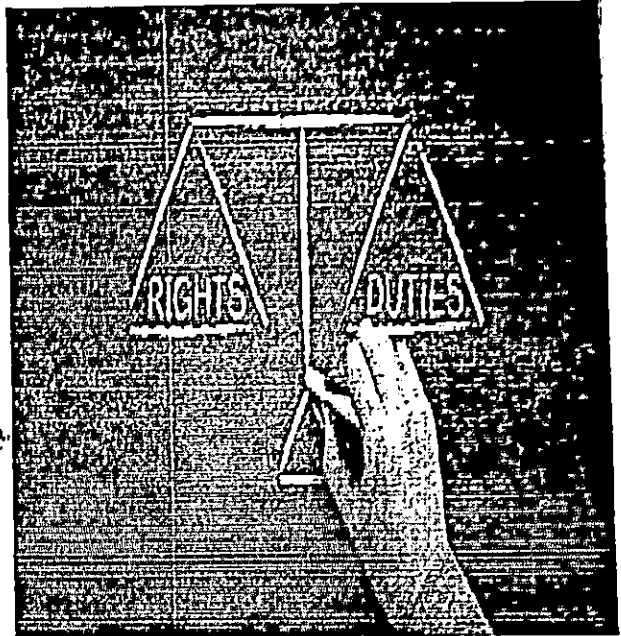

It shall be the duty of every citizen of India to develop the scientific temper, humanism and the spirit of inquiry and reform; - Constitution of India, ...

# Article 51A

It shall be the duty of every citizen of India—

- (a) to abide by the Constitution and respect its ideals and institutions, the National Flag and the National Anthem;
- (b) to cherish and follow the noble ideals which inspired our national struggle for freedom;
- (c) to uphold and protect the sovereignty, unity and integrity of India;
- (d) to defend the country and render national service when called upon to do so;

Supreme court has ruled that these fundamental duties can also help the court to decide the constitutionality of a law passed by the legislature. Fundamental duties and fundamental rights are the two sides of coin in the same way with country. There is reference to such duties in international instruments such as as the Universal Declaration of Human Rights

## FUNDAMENTAL DUTIES

The Constitution of India

Article 51A

It shall be the duty of every citizen of India—

(a) to abide by the Constitution and respect its ideals and institutions, the National Flag and the National Anthem;

(b) to cherish and follow the noble ideals which inspired our national struggle for freedom;

(c) to uphold and protect the sovereignty, unity and integrity of India;

(d) to defend the country and render national service when called upon to do so;

(e) to promote harmony and the spirit of common brotherhood amongst the people of India transcending religious, linguistic and racial or sectional differences; in particular to foster a sense of unity and integrity of the Nation;

(f) to value and preserve the rich heritage of our composite culture;

(g) to protect and improve the natural environment including forests, lakes, rivers, wildlife and to have compassion for living creatures;

(h) to safeguard the scientific temper, free thought and the spirit of inquiry and criticism;

(i) to safeguard public property and to strive to attain excellence in all spheres of individual and collective activity so that the Nation constantly rises to higher levels of endeavour and achievement.

and International Covenant on civil and political rights, and Article 51A brings the Indian constitution into conformity with these treaties.

DR. B. R. AMBEDKAR  
JAYANTI  
PROGRAMME

# Dr. B. R. Ambedkar

Dr. B. R. Ambedkar is known as the "father of the Indian Constitution" due to his instrumental role in drafting the Indian constitution. He was a social reformer who strived for equality among all castes of Hindu society and for Indians as whole.

He promoted reforms that uplifted the lowest of castes. Dalit. Coming from the lower castes himself, he had to go through a bitter childhood. He felt and understood the lower caste people and organized several movements like Anti-caste movement, Dalit Buddhist Movement etc.

Following his example many people left Hinduism for Buddhism since Buddhism does not divide people into castes.

He was also the first law minister of India. Dr. B. R. Ambedkar taught all Indians equality and fraternity through the drafting of the constitution of India, the preamble of which states that all Indians are equal in the eyes of law and all Indians are a vast family through the fact of fraternity.

Dr. Bhimrao Ramji Ambedkar was born on 14<sup>th</sup> April, 1891 at Mhow. He was the fourteenth child of his parents. The life of Dr. Bhimrao Ambedkar was marked by struggles but it proved that every hurdle in life can be surmounted with talent and firm determination. The biggest barrier in his life was the caste system.

Ambedkar Jayanti is celebrated throughout the country on 14<sup>th</sup> of April every year to commemorate the birth anniversary of Dr. Bhimrao Ramji Ambedkar, also known as Babasaheb Ambedkar. On his birthday, the President, the Prime Minister and the Public pay homage to Ambedkar. Several seminars are held in educational institutions like schools and colleges to promote and spread the ideas of Dr. B. R. Ambedkar.

In 1907, Dr. Ambedkar passed the matriculation examination from Bombay University with flying colours. Later he graduated in political science and economics. He completed his thesis in "The Problem of The Rupee" which awarded him the degree of D.Sc. The thesis was published in December, 1923, by P. S. King and Company, London.

Dr. B. R. Ambedkar and  
Drafting of the

constitution :

On 29<sup>th</sup> August, 1947  
passing one resolution

the constituent assembly  
appointed a "Drafting

committee" with the

seven members including  
Dr. Ambedkar for preparing

- draft of the

constitution of the

Independent India.

The

seven members, including  
the chairman of the

"Drafting committee" were

as follows :

1. Dr. B. R. Ambedkar,

N. Gopalaswami,

3. Alladi Krishnaswami Ayyangar, 4. K. M. Munshi, 5. Sajid Mulla  
6. N. Madhava Rao and 7. D. P. Khattar.

Dr. Ambedkar

was honoured step by step. At the first step he was honoured

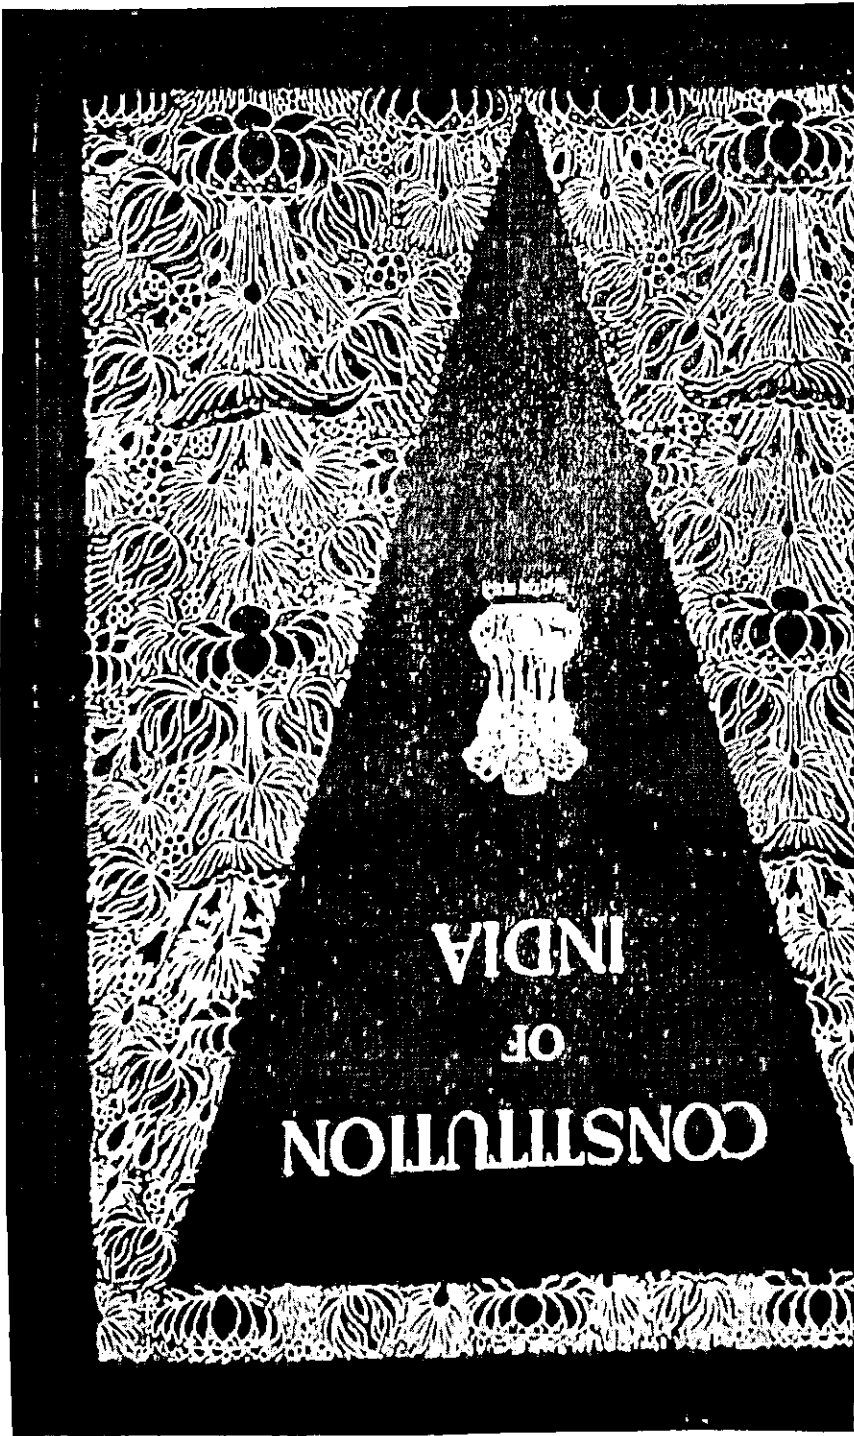

as the member of the constituent Assembly. At second step

he was honoured as the first 'Law Minister' of the independent

India and at the third step he was honoured as the chairman

of the 'Drafting Committee'. Dr. Ambedkar had a charismatic

personality.

**The Round Table Conference:** The Round table conference was a landmark in the history of the Indian Constitution. Ambedkar advocated for a government which was a responsible government formed by the representatives of the people.

**Concept of Federalism:** His concept of federalism meant that the state was a federation in normalcy, but unitary in emergency.

**Centre was Made Strong:** In the Draft Constitution Dr. Ambedkar offered more powers to the centre and made it strong. Some members of the constituent assembly criticised him on the ground

that since Dr. Ambedkar postulated - the rights and values of each individual and the development of each province and each village, it was contradictory of his part to make the centre strong.

**Equality of Opportunity:** Of all the rights, Dr. Ambedkar observed "equality of opportunity" as the most important one. Hence, he characterized Article 32 as the very heart and soul of the Constitution. To him, the fundamental rights would mean establishment of equality and liberty.

**Directive Principles of State Policy:** The Directive Principles of state policy contained the positive obligations of the state towards its citizens.

**Constitution - A Dynamic Document:** It should grow with the growth of the nation and should suit the changing needs and circumstances.

...for the purpose of the Constitution...

# ONE MAN ONE VOTE ONE VALUE

Ambedkar sought to achieve his objectives through the constitution of India by incorporating in it the following principles:

1. Making the Indian constitution workable, flexible and strong enough to hold the country together both in peace and war time.
2. Providing special safeguards to the minorities and certain classes who are socially and educationally backward.
3. Incorporating the principle of one man, one value and one man, one vote.
4. Incorporating exceptions and qualifications to the FRs while advocating preventive detention and energy saving powers of the President of India.
5. Abolishing untouchability and forced labour to achieve the ideal of "one man, one value and one man, one vote" and placing everyone equal before the law.

Incorporating the right to constitutional remedies for making the right real.

Sir/ Madam,

With reference to the subject cited, as per the instructions of the Ministry of Youth Affairs & Sports Dept., Govt. of India, & NSS Regional Director, Hyderabad, I would like to take this opportunity to request you to all the NSS Units under JNTUH jurisdiction, that the international Day of Yoga - 2021 is being celebrated on 21<sup>st</sup> June every year. As you all know that amid the pandemic situation of COVID -19, the celebration of IDY was confined to the home and online platforms last year. Since the same situation is prevalent again this year, the Govt. Of India directed to observe the International Day of Yoga -2021 in the same manner as was done in the last year. In this context, your are requested to take necessary steps to observe the IYD -2021 in a befitting manner especially in the present pandemic situation.

The guidelines for organizing the activities are once again reproduced here under for your convenience and compliance.

- The theme for this year IDY will be - Yoga for Unity and wellbeing.
- Efforts may be taken to organize Yoga related activities such as online Lectures, workshops etc. By involving yoga experts starting one week ahead of IDY on order to build up enthusiasm as we draw closer to 21 June 2021.
- The common yoga protocol should be performed individually or with family members within the confines of their homes on 21.06.2021 from 7.00AM to 7.45 AM followed by any suitable and customized programme for 15 minutes on yoga.
- It may pleased be ensured that No outdoor activity with mass gatherings is conducted.
- Some kind of competitions on Yoga may also be conducted to the volunteers through online platform.
- The NSS volunteers may be asked to participated in the competitions being organized by the AYUSH Ministry immediately by Visiting their Official Website: <https://www.ayush.gov.in>

In this connection, you are requested to organize the celebrations of **Yoga Day on 21.06.2021** at your college level by following the above instruction and photographs, paper / video clippings etc., should

*This plan includes products with monthly and/or yearly subscription periods. The subscription period for each plan, and the total charge, INR5,700.00 (plus applicable taxes and regulatory fees), per subscription period for that product are set out above in the Charge Details section. Unless you cancel, your subscription(s) will auto-renew each subscription period and each subscription period thereafter, at the price(s) listed above (plus any taxes and regulatory fees applicable at the time of renewal) and your payment method on file at [zoom.us/billing](https://zoom.us/billing) will be charged. You can cancel auto-renewal anytime, but you must cancel by the last day of your current subscription period to avoid being charged for the next subscription period. You will not be able to cancel your "base plan" (Zoom Meetings, Zoom Phone, or Zoom Rooms) without first canceling all other subscriptions in your plan. If you cancel, you will not receive a refund for the remainder of your then-current subscription period. You can cancel by navigating to [zoom.us/billing](https://zoom.us/billing) and clicking "Cancel Subscription," clicking through the prompts, and then clicking to confirm cancellation. Should Zoom change its pricing, it will provide you with notice, and you may be charged the new price for subsequent subscription.*

# COOKING WITH MILLETS

## MILLETS

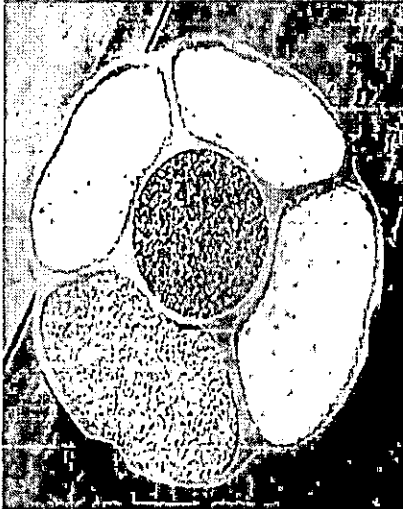

All 9 Types of Millets Each 1kg

- Millets are a group of highly variable small-seeded grasses, widely grown around the world as cereal crops or grains for fodder and human food. Most species generally referred to as millets belong to the tribe Paniceae.

# Why should we eat millets?

- millets they are packed with nutrition, high in fibre and gluten-free.
- Millets are coarse grains and a repository of protein, fibre, vitamins and minerals. They include jowar (sorghum), ragi (finger millet), korra (foxtail millet), arke (kodo millet), sama (little millet), bajra (pearl millet), chena/barr (proso millet) and sanwa (barnyard millet).
- Millet is **rich in dietary fiber**, both soluble and insoluble.

## How to Prepare Millet

- Millet is available in many supermarkets and health food stores in several different forms. It's common to see millet sold dried, puffed like rice, or ground like wheat flour.
- Dried millet can be cooked like couscous or quinoa.
- Ground millet makes a great substitute for, or addition to, whole wheat flour in baked goods.
- Puffed millet can be eaten as a snack or used as a substitute for puffed rice.
- Millet in any form can be a healthy addition to most diets.

**Subject: Participation in Clean India programme organized by Department of Youth Affairs, Ministry of Youth Affairs and Sports from 1<sup>st</sup> October 2021 to 31<sup>st</sup> October 2021.**

Sir/Madam

This is to inform that Department of Youth Affairs, Ministry of Youth Affairs and Sports is organizing "Clean India" programme from 1<sup>st</sup> to 31<sup>st</sup> October 2021.

This programme would be covering 2.50 lakh villages from 744 districts and 30,000 educational institutions across the country. The key activities of the programme are: collection of waste, mainly single use plastic waste, village beautification drive and cleanliness and maintenance of traditional water resources.

In order to make this programme a great success, effective collaboration and cooperation of all the students and faculty members of your educational institutions is vital.

I, therefore request you to instruct all the colleges/institutions under you that they may actively participate in this "Clean India" Programme in your respective areas and motivate all to join the campaign and make it a huge success.

*With Warm Regards*

The Principal / Programme Officer,  
NSS Unit of the JNTUH.

Sir,

**Sub: JNTUH- NSS Cell- Celebrating Azadi ka Amrut Mahotsav - Clean India Programme from 1<sup>st</sup> to 31<sup>st</sup> October, 2021 by NYKS in association with partner Youth Organisations - Involvement of NSS volunteers/POs in the programme - Request - Reg.**

Ref: 1) F.No.HRD/NSS/Clean India/2021-22/, Received from NSS Regional Director, Govt. of India  
Ministry of Youth Affairs & Sports, Hyd, dt: 05.10.2021

\*\*\*\*\*

With reference to the subject cited, it is informed to all the NSS Units of the JNTUH as per the Instructions of NSS Regional Director, Hyd., the undersigned would like to state that as a part of Azadi ka Amrut Mahotsav, the Ministry of Youth Affairs & Sports, Govt. of India planned to organize massive campaign "Clean India" from 1<sup>st</sup> to 31<sup>st</sup> October, 2021 throughout the country by involving all the Youth Organisations. The main organizer of the programme is Nehru Yuva Kendra Sangathan (NYKS).

The main objective of the programme is to create awareness, mobilise people and ensure their involvement in the Clean India Initiatives.

The programme also aims at involving all the segments of society, Government Organizations including PRLs and NGOs to infuse awareness and feeling of pride among citizens to keep their surroundings clean and waste free.

A detailed brochure containing the day-wise schedule and calendar of activities etc. as issued by the NYKS is being attached herewith for your kind information and immediate circulation with necessary instructions to all the NSS Volunteers.

In this context, I requested to all the **District Nodal Officers** to be in touch with the District Collectors of their respective districts who constitute organizing committees and also chalk out the modalities to implement the programme successfully.

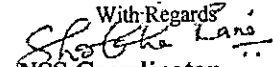

**The State Directors, NYKS of Andhra Pradesh and Telangana State are requested to issue necessary instructions to all the DYOs to meet the NSS District Nodal Officers (the list of Nodal Officers already circulated and available with you) and coordinate for involvement of NSS volunteers as per requirement.**

*All the District Nodal Officers of NSS are requested to extend your fullest cooperation to the District Youth Officers (DYO) of NYKS and coordinate for successful implementation of the Programme.*

The action taken and developments made in this regard and may please be updated to the undersigned at the earliest.

**This may please be treated as MOST URGENT and attend on Priority Basis.**

Thanking you,

With Regards  
  
NSS Coordinator

## **MINI TANKS PROJECT:**

Task Report :

Task Date : 27th June, 2021

Division Name : Street Cause KMIT

Event Name : Construction of Mini Water tanks

Task number : 18

Task taken up by : Navaneet (PR and Digital head),  
Veenadhaari(Treasurer)

Task Location : Hanmanthraopet village , Sangareddy district.

Event summary : We SCKMIT have helped the villagers of Hanmanthraopet (Sangareddy district) in the construction of 3 mini water tank through which they can confront the problem of water scarcity especially in times of crisis. This shall provide the entire village with sufficient, safe drinking water. Through the installation of mini water tanks, the villagers can carry out their regular works without having

to depend on rain. This shall also alleviate their suffering in times of water shortage and less rainfall.

**DIVISION NAME :** Street Cause KMIT

**EVENT NAME :** Yoga Workshop

**TASK NUMBER :** 01

**TASK TAKEN UP BY :** Street Cause KMIT

**TASK LOCATION :** Online (Google Meet)

**EVENT SUMMARY :** Yoga helps to relieve mental stress, improves flexibility, immune system and health. Yoga helps us establish a connection with our inner self and thus attain peace of mind. Regular yoga practice makes one more fit and healthy and exercises an overall positive attitude towards life.

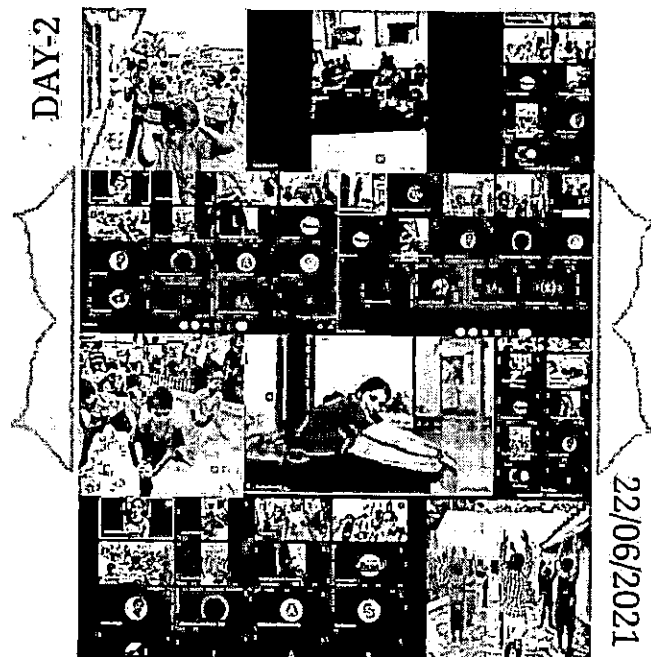

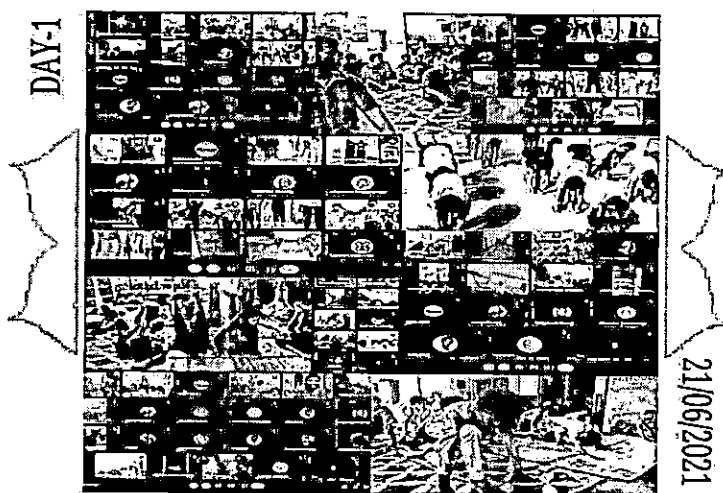

So, on the occasion of the International Yoga Day, We Street Cause KMIT along with the Yoga Instructors, Jahnvi Gunturi and Varsha Sharma, have planned a 5-day workshop starting from the 21st of June. We organised an online demonstration every day for 1 hour starting with basic asanas and explaining the importance of yoga

to the children at the Orphanages to inculcate yoga day in their everyday life.

# GROCERIES DONATION

## Task Report:-

**TASK DATE :** 30th June, 2021

**DIVISION NAME :** Street Cause KMIT

**EVENT NAME :** Groceries Donation

**TASK NUMBER :** 2

**TASK TAKEN UP BY :** Street Cause KMIT

**TASK LOCATION :** Peddamma Gudi colony, Hydershakote.

**EVENT SUMMARY :** During this pandemic, many people lost their near and dear ones, faced mental health issues and also suffered unemployment, due to which many families couldn't afford the necessities and are deprived of a proper meal

There is a family at the Peddamma Gudi colony, Hydershakote in which the father was affected by covid-19, advised by the doctor to be on complete bed rest for 3months. So, We Street Cause KMIT took up an initiative to help the family by providing groceries that are sufficient for 3 months.

# PLANTATION DRIVE

## Task Report:-

**TASK DATE :**

**DIVISION NAME :** Street Cause KMIT

**EVENT NAME :** Plantation Drive

**TASK NUMBER :** 04

**TASK TAKEN UP BY :** Street Cause KMIT

**TASK LOCATION :** Online(Instagram)

### **EVENT SUMMARY -**

Trees are also called green gold because it is a very valuable asset. The main source of oxygen that provides life on earth is the tree itself. It is the responsibility of every citizen to save the trees. Deforestation is increasing rapidly in past decades which led to Global Warming.

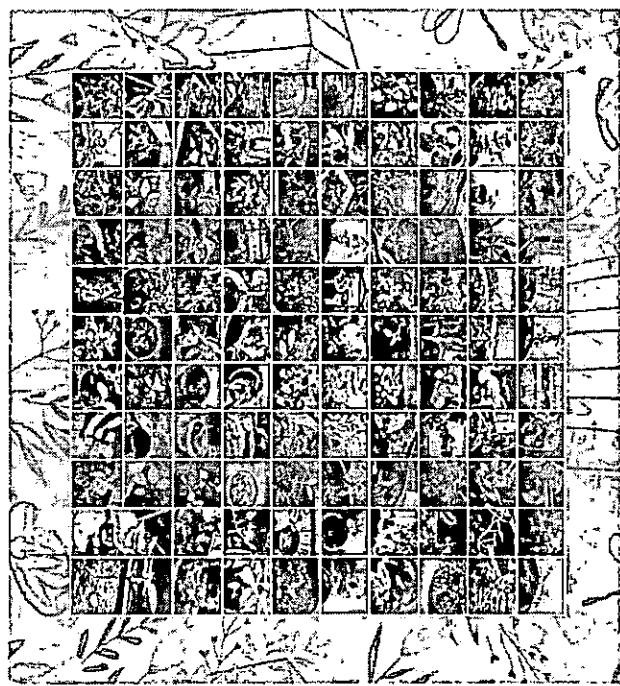

Taking all these points into notice, We Street Cause KMIT initiated a Plantation Drive called #PlantforChange, where every member of Street Cause KMIT plants 5 saplings in their surroundings and tag 5 others to continue the chain.

# DIGI-CLASSROOM

## Task Report:-

**TASK DATE:** 24th September 2021

**DIVISION NAME:** Street Cause KMIT

**EVENT NAME:** Digi-Classroom

**TASK NUMBER:** 06

**TASK TAKEN UP BY:** Street Cause KMIT

**TASK LOCATION:** PR Vidyalaya Govt School, Narayanaguda,  
Hyderabad

### **EVENT SUMMARY -**

Education is one of the key components for an individual's success. It can shape one's life in the right direction. Education is a process of imparting or acquiring knowledge, developing the powers of reasoning and judgment. It prepares oneself or others intellectually for mature life. It improves not only the personal life of the people but also their community.

It is believed that Visualized Learning is much more impactful than traditional learning, So, here comes the idea of Digitalized classroom that helps children to understand the concepts effectively rather than tackle things.

After making enquiries with the school's faculty, We Street Cause KMIT acknowledged the need for Digitalized Classroom and provided the necessary equipment to fulfil their needs.

## **Water Treatment Plant:**

Task Report

Task date: 18/07/2021

survey conducted by: C.V. Jaydheer Naidu (VP Project Quality)

Task location: Karchikal, Nellikudur mandal, Mahabubabad district

Event summary: In Karchikal village the villagers have a problem with drinking water and they don't have proper roads. Basic needs like drinking water are really essential for the livelihood of people there. Due to no proper drinking water the diseases among the villagers is also high. The surrounding 4-5 villages also don't have proper drinking water supply. The villagers travel 4-5km for fetching water. It is really difficult for the women and children to fetch water from that far. So, we are planning to set up a drinking water treatment and supply plant in the village and it will not only supply water for Karchikal village but will also be able to supply water for 3 surrounding villages.

Plan of action: Setting up Drinking water treatment and supply plant.

Budget Split:

Water Treatment Machine 1kl:- 1.3L

Concrete Basement 2ft(13×13) :- 40K

Iron Shed (13×13) :- 67k

Plumber/Electrician/Labour:-10k

Miscellaneous (Paint,Lights,Wires,pipes):-20K

Total:-2.67L

Total budget: INR 2,67,000

No. of people to be impacted: 5000

Subject:-MOU Between "Street Cause" & "Keshav Memorial Institute of Technology"

Street Cause is an NGO comprising of students, intent on doing their bit for the betterment of society. It is a perfect platform for all those enthusiastic and passionate youngsters to do the little they can do to bring about the desired change in the society. Street Cause has won the "Best Youth Organization Award" in the year 2010. A few events have been conducted in collaboration with corporates such as Deloitte, Gold Drop Industries, Indian Red Cross Society and others. Our organization is considered to be the most active NGO of the twin cities. Street Cause has conducted more than 8000 tasks.

Run for a cause 7.0 - with and offbeat vibe is a massive fundraiser event which is scheduled on 14th March 2021. Reputed personalities are expected to be the chief guests.

Following are the deliverables which will be exchanged between "Keshav Memorial Institute Of Technology", and "Street Cause".

## PLANTATION DRIVE

Task Report :

Task Date : 18th July

Division Name : Street Cause KMIT

Event Name : Plantation Drive (#Plantforacause)

Task Number : 03

Task taken up by : Street Cause KMIT

Task location : Online (Instagram)

Event Summary : Trees play a crucial role in maintaining Ecological balance and provide human beings with basic needs in order to sustain their lives, hence saving trees must be the utmost priority of every human being. In the past few decades the rate of Deforestation had been increasing rapidly which led to Ecological imbalance and Global Warming.

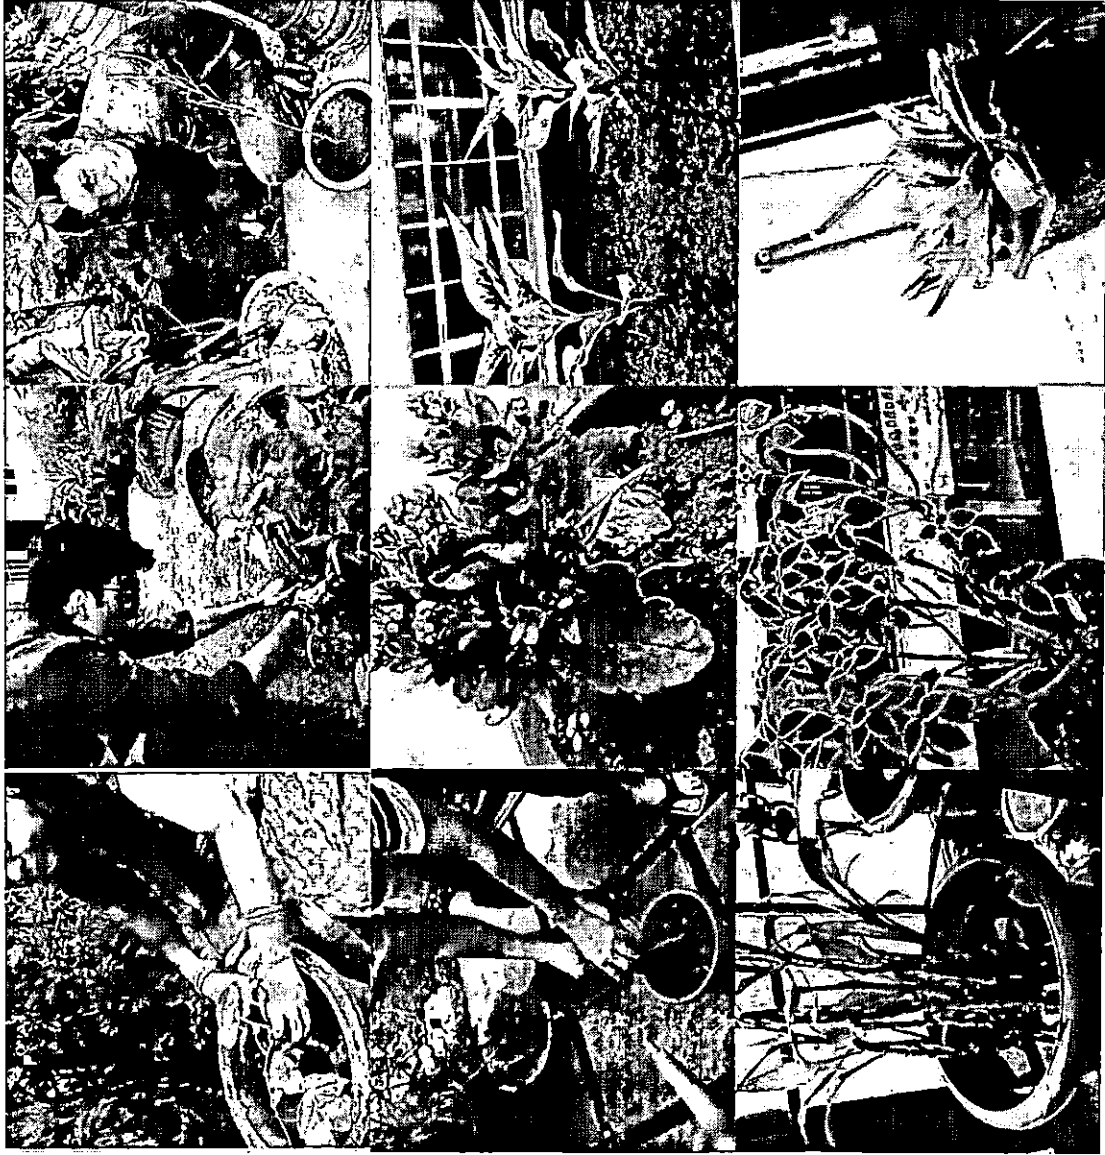

Taking into consideration of all these points mentioned, we Street Cause KMIT had decided to initiate a Plantation Drive " #Plantforacause " where every member of Street Cause KMIT plants a sapling in their surroundings and tag 3 of their friends to participate in this Plantation Drive and the chain continues. This Plantation Drive was carried out for

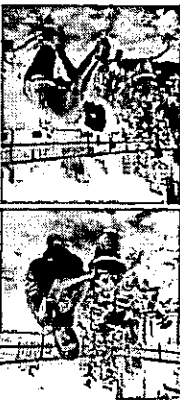

4 weeks which received an enormous response of 315 saplings planted by Street Cause KMIT members along with their friends and family. These saplings will create a huge impact in bringing back the Environmental balance and increase the beauty of Mother Earth in the upcoming years.

Total Budget : 0

No. of people impacted : 315

## Flood Relief Project

### Task Report :

Task Date : 25th October,2020

Division Name : Street Cause KMIT

Event Name : Flood Relief Project

Task number : 8

Task taken up by : Street cause KMIT

Task Location : Afzalgunj

Event summary : In the month of October our Telangana state had suffered a lot due to the floods which created havoc in common people's lives, innumerable families were homeless and many properties were damaged.

Looking at the struggle people were facing due to floods, we Street Cause KMIT took up the responsibility to rescue the flood victims at any cost, despite the academic pressure and covid-19 pandemic norms we had served our society when they were desperately in need of help.

We had donated Food, Groceries and Medicines sufficient for the span of 2 weeks along with raincoats and blankets which will be helpful for

them during the floods. When the people in our society are desperately in need of our help during their difficult times, we Street Cause KMIT will always be ready to rescue them regardless of any sort of pressure upon us.

## Slum Adoption Project-II

It is an ongoing project for the duration of 4 months i.e from September to December

### TASK REPORT

Task Date : 2nd October, 2020

Division Name: Street Cause KMIT

Event Name : Slum Adoption Project

Task Number :06

Task taken up by : Street Cause Chief Executive Board And Street Cause Divisions

Task venue: Lingampally

Event Summary: This pandemic situation has put us in a problematic phase to deal with. Slums in Hyderabad are struggling with a major crisis due to the current situation. They aren't able to get proper income for their daily groceries. After the survey conducted by the Chief Executive Board, we at Street Cause (KMIT) have come together and taken an initiative to help people living in the slums. We adopted 12 families in the slums, providing them with monthly groceries for the next three months depending on the situation, till it becomes a satisfactory place to live.

## Water Dispenser Donation Project

Task Report :

Task Date : 19th February, 2021

Division Name : Street Cause KMIT

Event Name : Water Dispenser Donation Project

Task number : 12

Task taken up by : Street cause KMIT

Task Location : The Sudheer Foundation, Ranganayakula Gutta,  
Hayathnagar Khalsa, Telangana, 501505

Event summary : As we all know water is one of the most precious and essential commodities for human life. On an average every human being must intake at least 4 liters of water per day to keep themselves hydrated during these hot summer days.

In few slum areas it has become a common practice to defecate in the open which leads to water contamination and inturn results in deadly infectious diseases like Diarrhoea etc. We Street Cause KMIT has decided to rescue to people from suffering such situations and had implemented a Blue Star water dispenser in The Sudheer Foundation and ensured that all the children of the Orphanage stay hydrated

during the summer season and improve their immune system by drinking hygienic water which inturn results in overall progress of the social and economic development of India.

## Menstrual Hygiene Project

Task report :

Task Date : 20th may, 2021

Division Name : Street Cause KMIT

Event Name : Menstrual Hygiene\_Project

Task number : 15

Task Location : Helping hands humanity girls home, Plot No 7 & 8,  
Nizamia Coop Housing Society, Jalal Garden, Laxmi Nagar, Picket, West  
Marredpally, Secunderabad, Telangana-500026.

Task taken up by : Street Cause KMIT

Event summary : Human bodies undergo quite a few changes as they grow and experience different phases of life. If a person is not aware of these changes, they might feel uncomfortable and may even develop misconceptions. Menstruation is one such change which embarks the beginning of a child transition into a teenager and then to an adult.

We Street Cause KMIT took the initiative to increase the awareness about menstrual health and it's hygiene to break the myths and make them aware of health risks associated with improper menstrual hygiene

and we had also provided them groceries , basic essential necessities sufficient for the span of 2 months and also provided them a 50 LPH RO Water Purification System.

# Utensils Donation Project

## Task Report :

Task Date : 27th May 2021

Division Name : Street Cause KMIT

Event Name : Utensils Donation Project

Task number : 16

Task Location : Manchikalalu Organization,Plot. 2, Wellington Rd,  
Krishnapuri Colony, Krishnapuri, West Marredpally, Secunderabad,  
Telangana 500026. Contact Number : +91 98498 75513

Task taken up by : P V S A Veenadhari ( Treasurer)

Event summary : The meals we eat frame our day, it brings us joy,energy and nutrients.food plays a vital role in our lives. This Manchikalalu organisation consists of 50 children aged between 6-20 years and adults.

Manchikalalu Organization provides food,shelter and education to these children,but the utensils present in the organisation are thin,broken and burnt. Due to excessive heat from big stoves ,the vessels are getting melted and eventually losing their thickness and eventually becomes more difficult for cooking.

We Street Cause KMIT provided thick and heavy weight utensils to help Manchikalalu Organization so that the utensils do not get melted nor lose their thickness and last long for years and no one will face difficulty while cooking .

Dear Sagar Pidathala:

Welcome to the IEEE Student Branch program! On behalf of the Member and Geographic Activities Board, **we have approved your petition to form an IEEE Student Branch at Keshav Memorial Institute of Technology-KMIT.**

Your Student Branch is located in Region 10 and your activities will be of interest to the volunteers listed below:

Ramakrishna Kappagantu, Region 10 Director  
Rajesh Ingle, Region 10 Student Activities Chair  
Mehvish Zahoor, Region 10 Student Representative  
Lakshmi Merugu, Hyderabad Section Chair  
Venkata Reddy Dorsela, Hyderabad Section Student Activities Chair

Your **Student Branch code** is **STB10013** and your **School Code** is **60094714**. Please be sure to use them on all correspondence and reporting forms. To ensure that the students are properly assigned to your Student Branch, they should join IEEE online at <http://www.ieee.org/join> and use the school search to find the school name Keshav Memorial Institute of Technology-KMIT.

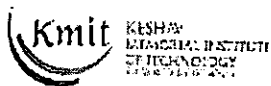

Once again, congratulations. If Member and Geographic Activities can be of any assistance to you, please do not hesitate to contact us for assistance or information

Sincerely,

Cecelia Jankowski

## **Rules & Regulations for Prevention and Prohibition of Ragging**

The All India Council For Technical Education (AICTE), New Delhi vide its Notification no. 37-3/Legal/AICTE/2009 dated 25-03-2009 has taken a very serious view of ragging incidences in educational institutions and on Directions of the Hon'ble Supreme Court of India vide its Order dated 16.5.2007 has ordered strict implementation of following rules & regulations for Prevention and prohibition of Ragging in technical Institutions.

### **Various Types of Ragging**

The Hon'ble Supreme Court has, inter-alia, mentioned the following types of ragging:-

1. Ragging has several aspects with, among others, psychological, social, political, economic, cultural, and academic dimensions.
2. Any act that prevents, disrupts or disturbs the regular academic activity of a student should be considered with in the academics related aspect of ragging; similarly, exploiting the services of a junior student for completing the academic tasks assigned to an individual or a group of seniors is also an aspect of academics related ragging prevalent in many institutions, particularly in the technical institutions.
3. Any act of financial extortion or forceful expenditure burden put on a junior student by senior students should be considered an aspect of ragging for ragging economic dimensions.
4. Any act of physical abuse including all variants of it: sexual abuse, homosexual assaults, stripping, forcing obscene and lewd acts, gestured, causing bodily harm or any other danger to health or person can be put in the category of ragging with criminal dimensions.
5. Any act or abuse by spoken words, emails, snail-mails, blogs, public insults should be considered with in the psychological aspects of ragging. This aspect would also include deriving perverted pleasure, vicarious or sadistic thrill from actively or passively participating in the discomfiture to others; the absence of preparing 'freshers' in the run up to their admission to higher education and life in hostels also can be ascribed as a psychological aspect of ragging – coping skills in interaction with seniors or strangers can be imparted by parents as well. Any act that affects the mental health and self-confidence of students also can be described in terms of the psychological aspects of ragging.
6. The human rights perspective of ragging involves the injury caused to the fundamental right to human dignity through humiliation heaped on junior students by seniors; often resulting in the extreme step of suicide by the victims.

**Actions to be taken against students for indulging and abetting in Ragging in technical institutions Universities including Deemed to be University imparting technical education:-**

1. The punishment to be meted out to the persons indulged in ragging has to be exemplary and justifiably harsh to act as a deterrent against recurrence of such incidents. The students who are found to be indulged in ragging should be debarred from taking admission in any technical institution in India.
2. Every single incident of ragging a First Information Report (FIR) must be filed without exception by the institutional authorities with the local police authorities.
3. Depending upon the nature and gravity of the offence as established by the Anti-Ragging Committee of the institution, the possible punishments for those found guilty of ragging at the institution level shall be any one or any combination of the following.
  - (i) Cancellation of admission
  - (ii) Suspension from attending classes
  - (iii) Withholding/withdrawing scholarship/fellowship and other benefits
  - (iv) Debarring from appearing in any test/examination or other evaluation process
  - (v) Withholding results
  - (vi) Debarring from representing the institution in any regional, national or international meet, tournament, youth festival, etc.
  - (vii) Suspension/expulsion from the hostel
  - (viii) Rustication from the institution for period ranging from 1 to 4 semesters
  - (ix) Expulsion from the institution and consequent debarring from admission to any other institution.
  - (x) Fine of Rupees 25,000/-
  - (xi) Collective punishment: when the persons committing or abetting the crime of ragging are not identified, the institution shall resort to collective punishment as a deterrent to ensure community pressure on the potential raggars.
4. The institutional authority shall intimate the incidents of ragging occurred in their premises along with actions taken to the Council immediately after occurrence of such incident and inform the status of the case from time to time.
5. Courts should make an effort to ensure that cases involving ragging are taken up on priority basis to send the correct message that ragging is not only to be discouraged but also to be dealt with sternness.

**SC/ST CELL**

Scheduled Castes (SC) and Scheduled Tribes (ST) have been identified as the two most backward groups of Indian Society. They include all the castes, races or tribes, which have been socially, economically and educationally backward. The cell has been established to support and to bring students from such communities in the main stream.

The college takes special interest in facilitating financial support to students from these communities from government agencies and other sources. They are also encouraged to enroll for career orientation programs, which would equip them with the necessary skills to choose a career option.

**Objectives**

- # To counsel and guide SC/ ST students and help them to manage academic and personal issues of college life effectively.
- # To ensure provisions of an environment where all such students feel safe and secure.
- # To provide prompt counseling for any emotional emergencies arising on account of any event at the campus.
- # To provide the mechanism to redress the grievance of SC/ST students, if any
- # To ensure protection and reservation as provided in the constitution of India.
- # To arrange for special opportunities to enhance the carrier growth
- # To aware the SC/ST students regarding various scholarships program of State Govt. and UGC.
- # To take such follow up measures to achieve the objectives and targets laid down by the Govt. of India and the UGC.

**Activities**

- # To circulate State Government and UGC's decisions about different scholarship programs.
- # To communicate with the students and motivate them for better future planning.
- # Loan library books specifically meant for SC/ST from the library
- # Counsel them of any academic or psychological issues that may arise during academic study at KMIT
- # The committee would meet twice every year to discuss any issues

Mr. V.V. Raghava Rao who is from Administration department and member of the committee described the process of administering the scholarships being administered to the SC/ST and BC students. Some of the issues faced by his is regarding some students not submitting their documentation on time. Generally, this would not lead to delay in sanctioning scholarship money but would require him to make additional trips to the TS government office to submit the paper work. A better way to communicate with the students and inform them about the deadlines has to be pursued.

Mr. Saikiran, the Librarian discussed how text books supplied by the governments were adequate to the proportion of students that require them.

There were no other issues to be discussed.

## KESHAV MEMORIAL INSTITUTE OF TECHNOLOGY SELF LEARNING COMMITTEE

### About Self Learning Committee

The ever growing technology and the pace of innovation has created, significant skills-gap, as such the students and teachers feel the need to refresh their knowledge, upgrade their skills and at times brush up their basic concepts. Self learning provides the platform to achieve these aspirations and stay relevant in the ever changing innovative world.

Self-learning has been proven to be effective, convenient and fast as it is based on individuals ability to acquire the requisite knowledge and skills. It also improves the problem solving skills, time management skills, as such KMIT encourages the faculty and students to upgrade their technical expertise in accordance with the current technical rendition.

The Faculty Development Program intends to facilitate up-gradation of knowledge, enhance the teaching skills and makes the teacher's aware of modern teaching tools and methodology. Understand current technological developments.

Professional societies often host FDP's, eminent researchers and scientists in different disciplines, discuss the latest trends in technology. They aptly provide an insight into diverse fields and research topics.

Faculty are encouraged to amplify their technical skills using FDPs, for effective teaching

Self-learning is possible and easily accessible in the internet dominant world, but then it can be a little daunting as it requires self discipline, so to encourage the staff and students, the self learning committee strives.

### Self Learning Committee Functions

The three main areas which facilitate self- learning are

- a. MOOCs
- b. FDP's
- c. AICTE scheme

### MOOC Courses Action Policy

- Encourage Faculty members and students to enhance their technical skills through Moocs such as Coursera the world-wide online learning platform, NPTEL the national coordinator for engineering under SWAYAM platform, Udemy Course-DevOps Master Class, Online Course through IIRS-ISRO E-CLASS Platform and so on.
- Encourage III year and IV year students to take NPTEL courses for credit transfer through SWAYAM platform as per the guidelines of UGC, AICTE and MHRD, Govt. of India to provide advanced learning and acquaintance in engineering & technology.

- Encourage and motivate faculty and students to do Specialization certification Courses.

### **FDPs/WORKSHOPS Action Policy**

- Encourage faculty to enroll and actively participate in FDPs/Workshops
- Motivate faculty to take part in FDPs/Workshops by providing Academics Leaves
- Motivate faculty by conducting FDP's in the institute by inviting Eminent personalities from Research, Industry and Academics to enrich the knowledge of the faculty with the latest technology.

### **AICTE Schemes Policy**

- Faculty less than 5yrs experience are encouraged to do the NITTT modules.
- Faculty are encouraged to take up AICTE approved FDP based online course on the SWAYAM portal.
- Students are motivated to actively participate in SMART INDIA HACKATHON, which is a unique initiative to identify new and disruptive digital solutions for solving the challenges faced by our country.

- Encourage Faculty members and students to enhance their technical skills through Moocs such as Coursera the world-wide online learning platform, NPTEL the national coordinator for engineering under SWAYAM platform, Udemy Course-DevOps Master Class, Online Course through IIRS-ISRO E-CLASS Platform and so on.
- Encourage III year and IV year students to take NPTEL courses for credit transfer through SWAYAM platform as per the guidelines of UGC, AICTE and MHRD, Govt. of India to provide advanced learning and acquaintance in engineering & technology.

- Encourage and motivate faculty and students to do NPTEL Domain certification Courses.
- Encourage and motivate faculty and students to do Coursera Specialization certification Courses.

### **FDPs/WORKSHOPS Action Policy**

The Faculty Development Program intends to facilitate up-gradation of knowledge, enhance the teaching skills and makes the teacher's aware of modern teaching tools and methodology. Understand current technological developments.

Professional societies often host FDP's, eminent researchers and scientists in different disciplines, discuss the latest trends in technology. They aptly provide an insight into diverse fields and research topics.

Faculty are encouraged to amplify their technical skills, for effective teaching:

- Encourage faculty to enroll and actively participate in FDPs/Workshops
- Motivate faculty to take part in FDPs/Workshops by providing Academics Leaves
- Motivate faculty by conducting FDP's in the institute by inviting Eminent personalities from Research, Industry and Academics to enrich the knowledge of the faculty with the latest technology.

### **AICTE Schemes Policy for July-2020 Semester**

#### **For Faculty:**

- Faculty less than 5yrs experience are encouraged to do the NITTT modules.
- Faculty are encouraged to take up AICTE approved FDP based online course on the SWAYAM portal.

#### **For students:**

- SMART INDIA HACKATHON 2020 will be implemented by encouraging students. It is a unique initiative to identify new and disruptive digital solutions for solving the challenges faced by our country under the program of Smart India Hackathon 2017.

MS336

PROBLEM STATEMENT

Developing Virtual Police Station to receive FIR with OCR based digital signature authenticated through digital signature (Aadhar-Number based authentication).

TEAM NAME Virtual PS

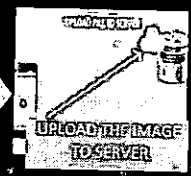

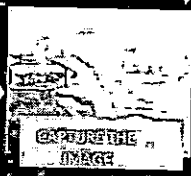

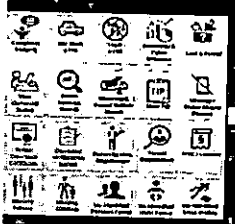

# KESHAV MEMORIAL INSTITUTE OF TECHNOLOGY SMART INDIA INTERNAL HACKATHON 2020

SIH 2020

Government of Madhya Pradesh

Through OCR the image is converted to text

Aadhar details are verified

The digital signature is taken

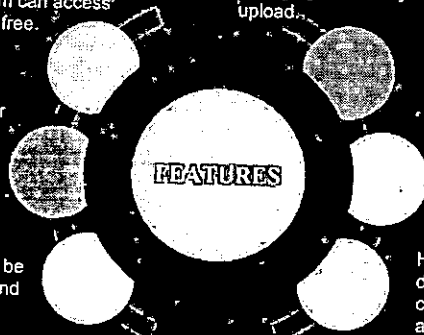

On successful authentication the complaint is registered

Through CCTNS the crime suspects are tracked, the previous suspects are shown to victims, if found then they will be tracked by the police.

Complaint is sent to SHO

A direct complaint(E-FIR) can be lodged from the website, where the victim can access the site hassle free.

Access to use the camera is granted to the user for capturing the vicinity and upload.

The victim can file E-FIR for lost items, loss of Motor Vehicle, Eve teasing, any harassment, chain snatching, kidnap or any theft.

An option to upload the captured image from the gallery if camera is not functioning properly.

The status of the E-FIR can be seen through the website and can also be tracked.

Here using the OCR device the image is converted to text format and E-FIR is registered, even the digital signatures and Aadhar details of the victims are Authenticated.

Even Economic and Cyber offences complaints are registered.

Using this website, women travel is made safe as they have a SOS button which ensures protection when they are in danger.

| 3 | THE VULCAN MISSION | CREATE A 3D AR MOBILE BUYING EXPERIENCE | <p>Application to provide Users a way of experiencing the look and feel of products within the context of their home. Users can place 3D objects from the product catalogue in a room. Application detects the room using a process called concurrent odometry and mapping to understand where the phone is to the world around it. We build the application in Unity, a cross-platform game development engine which could be used to stimulate 3D models. ARCore is a software development kit developed by Google which is supported by unity and is used to detect nearby feature points and use those to attempt to estimate the angle of the surface at the given feature point. Objects can be easily placed detecting the edges of a wall and obstacles. Application can detect information about the lighting of its environment and provide you with the average intensity and colour correction of a given camera image using ARCore. This information lets you light your virtual objects under the same conditions as the environment around them, increasing the sense of realism.</p> |

| 5 | DAY DREAMZ   | IOT BASED MOBILE SECURITY SYSTEM | <p>A Software System is developed using IOT and Computer Vision. A camera which is placed at the gate captures the image of the Vehicle which enters/exits its premises. This image is stored into a database in the system and processed using Computer Vision. An application is made with two users, one is the admin(Şecurity) who can edit data of the residents(name, vehicle number) into the database. And the other is the resident who can just access his information from the database. If the processed data obtained from the camera doesn't match with the resident's database, the Admin is notified.</p>                                         |

|  | ERROR 404!<br>FOUND | USISA APP | <p>As we know, vehicles are high-risk investments. In the past, purchasing a vehicle required all the necessary information a buyer needed to know: A full inventory showcase, thorough model information is provided by a salesperson. As the availability of salesmen doesn't meet the customers, through this app an individual can scan it's QR code to know its important features like power engine, mileage etc., instead of being engaged with a salesperson. We also have an option of adding desired bike to customer's favorite list. We achieve this by showing the bike model details in AR(Augmented Reality) which is eye-catchy and realistic for a person who wants to purchase his dream bike. With "USISA" you can:</p> <ul style="list-style-type: none"> <li>Browse models of Yamaha bikes: This displays features, prices, available colors etc.</li> <li>Compare Bikes: Compare two bikes of any model.</li> <li>Book a Test Drive: Simply fill a form to book a test drive.</li> <li>Dealer Locator: You may search Yamaha authorized dealership and workshops based on your location.</li> <li>Connect with Yamaha Dealer: You can select a dealer and use his contact details to directly connect with</li> </ul> |

Students and the admin can access the web application by registering through the given form using email address and phone number. Computerized adaptive tests (CATs) are a sophisticated method of test delivery based on item response theory (IRT). They operate by adapting both the difficulty and quantity of items seen by each examinee. | 9 | MAIA              | IMMERSIVE EXPERIENCE USING POINT CLOUD DATA | <p>Unity is a cross-platform game engine, which could be used to simulate the 3D world. laspy module for Python 3 could be used to convert .las(point cloud) files to Object File Format(.off). This .off file can now be read and effectively translated into point clouds using C# and the Unity game engine. Using a series of surface construction algorithms, the point cloud can be turned into surfaces. The user can now walk around and interact effectively with the generated 3D world. The user can also switch to point cloud which allows one to experience the world as a point cloud, instead of a surface cluster. This setup can now be ported to VR easily through unity, and be viewed using an Oculus Rift / HTC Vive.</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |

| 7 | ERROR 404!<br>FOUND | AIRMED APP | <p>Usually, mainstream healthcare services are scattered, and the common man goes through various procedures to acquire quality healthcare. Our idea is to integrate all the healthcare services and insurances into one platform for anyone looking for reliable and fast service and enable you to take better care of yourself. So how does AirMed help you do that? With AirMed, you can search for: 1) A specific doctor/hospital along with ratings, timings, and contact info (Ex: Dr. Vimal Deshpande, Sunshine Hospital). 2) Categorical search based on organs (lungs, heart, etc.), common ailments (diabetes, asthma, etc.) &amp; departments (ENT, Cardiology, etc.). From X-rays and CT scans to allergy tests and more, select from a wide network of certified pathology labs or medical centers near you and get directions through map navigation. Diagnostic tests, scans (CT scan, Lipid profile, etc.) and surgeries (Heart transplant, Cataract surgery, etc.) along with current prices and available packages would be listed. Search can be done based on a test name, scan name or a diagnostic center itself. Find easy access to IRDA approved health</p> |

| 10 | MAIA | INTELLIGENT<br>NATURAL<br>LANGUAGE SEARCH<br>FOR R&D DATA | Natural Language Processing (NLP) is an emerging technology which has been finding an increasing number of uses in our daily life. With our project, we'd like to use NLP to create a web application which use intelligent search algorithms which can interpret our text, derive meaning from it, and give us smarter answers, rather than doing a simple comparison based search. We will be using Python's Flask module to write our server code, and deploy the web application, which will be designed and made dynamic using HTML, CSS, and Javascript. NLP will be handled by Python Modules: nltk (to preprocess text), and PyTorch (to build the 'Intelligent' in 'Intelligent Search'), along with assists like numpy, string, etc. The user will be entering his/her query into the search bar. The query can be something like "How long does it take to hard-boil an egg?", or "What is the powerhouse of the cell?". Upon submitting the query, a bunch of answers like "Hardboiling an egg takes 6-7 minutes" or "Mitochondria is the powerhouse of the cell", will be displayed on the screen, along with their location amongst all the data, and links |

| 11 | MAIA | HOSPITAL FINDER | <p>The app can access user's location to get nearby hospitals and directions. User can search based on health concerns related to organs, medical departments, ailments etc. A list of hospitals will be displayed from which we can select based on different factors like distance (default), user rating, pricing, facilities, location, reviews, services etc. When the user selects a particular hospital:</p> <ol style="list-style-type: none"> <li>1. The list of doctors would appear along with their rating, availability, speciality, fees etc.</li> <li>2. Services provided by the selected hospital.</li> <li>3. Reviews of the hospital.</li> </ol> <p>We included an emergency button which when pressed displays a drop down list showing all possible emergencies like accidents, heart attacks, poisoning etc. Based on the option selected we display the list of nearby hospitals which would take those emergencies. (Information will have to be collected from the hospitals). So to achieve this, we use Android studio to design the app, MySQL to store and retrieve data and Google Maps API to display location of the hospital and Places API for information about details of the hospitals like ratings, location, list</p> |

| 12 | THE<br>VULCAN<br>MISSION | ECO DRIVE | <p>An application to build a community by encouraging users to reduce carbon footprint by car pooling. All the users nearby are pooled together and tokens are awarded based on the reduced carbon emission. Users are asked to add their social networking accounts, so as to make the app community centered by inviting their friends from social networking platform in community. When a passenger puts out a request to reach a specific destination gets a list of drivers on the same route who are going to start or in progress and chooses few drivers from it. All the verified vehicle users will be notified about the passenger's request and the first driver to accept will be paired. ( Preference to user's friends and acquaintances ). If there are no rides nearby the user is given details of public transport service nearby. Users with highest earned tokens are rewarded on weekly/monthly basis and hereby encouraging them to actively participate in reducing carbon emission through our app. Users are greeted with facts on the amount of carbon emission reduced by them. App allows users to post their achievements on their social networking</p> |

| 16 | TESLA369 | LOW COST SMART DUSTBINS FOR OFFICES | <p>1.smart dustbin is an electronic which is used to sense the level of garbage by using an ultrasonic sensor and update the status of the dustbin through a cloud based service to the admin using an mobile application.After admin gets notified,he/she sends this information for deploying then to the notified bin.Additionally admin app can access data log in the server with time stamping,dustbin number.The dustbin has anti-theft mechanism which consists of an IR sensor placed behind the dustbin to know it is placed in specified position.</p> <p>2.when dustbin is lifted from its position and not placed back within a time period of 120seconds, a buzzer starts to ring and an alert message is sent to the admin app. 3.As dustbin is operated by rechargeable battery,A battery indicator gives a visual indication of charge and also send message to admin.</p> |

| 17 | THE VULCAN MISSION | AUGMENTED REALITY BASED 3D BUILD AND ASSEMBLY INSTRUCTION APP FOR CARDBOARD MODELS | <p>The application allows the user to scan the QR code and the corresponding AR data from the cloud is downloaded in the file. The assembly instructions given by the organization/company would be preprocessed with the help of NLP(Natural Language Processing) processor to get the exact properties of the cardboard objects during build and assembly. These properties obtained from the cloud are then directly read by the application. A playback audio in sync with the textual instructions ensures better understanding of them. A student can switch to any step according to convenience using forward and backward buttons and report problems and get notified back when resolved. Unity is a cross-platform game development engine which could be used to stimulate 3d models. Vuforia a SDK supported by unity which recognize and track planar images in real time whereas blender is a 3D computer graphics software toolset used for creating animated films, visual effects, 3D models. For future enhancements we plan to use ARKit / ARCore to improve accuracy.</p> |

|    | TECH WIZARDS  | MAARG SEVA PORTAL | AIM OF THE APPLICATION : Digitalizing the process of information gathered on the spot during road accident. The data can be uploaded to the portal through a web browser of mobile/tablet wherein access to upload data is given to the police, hospitals, transportation authorities and citizens registered as volunteers. Before accessing the portal the external entities i.e. the hospital, the police ,the volunteer have to register with their unique identity proof such as hospital license, police id, Aadhar card of volunteers. • Restricted access to upload data or access the database of the portal would be given to the users depending on their roles. While uploading data the portal will ask for the location services to be switched on . • Portal will provide analysis of accidents according to the area, providing the black spots, accidental rates, fatalities, road condition etc. These reports are available to third party entities such as RASSI(Road Accident Sampling System India),Traffic police etc. The portal can be used as evidence to determine if insurance could be claimed thereby resolving disputes if aroused , by providing a service where |

|    | ZERO BY ZERO | 'STOP NOISE POLLUTION FROM HONKING' | Indian Roads are very Noisy due to various road users and congestion factors., its a custom in India to paint Truck Rear with message " BLOW HORN". Honking is a habit and people like to install various types of horn to generate discrete audible noise. Horn blowing leads to noise pollution and creates a chaotic environment. Horn is a device to be used in emergency and if it is used repeatedly in very short succession then there should be system having the following features :: - recording the no. of times a horn is pressed by the driver & this should be further linked with driving capability which in turn should be be used to calculate insurance premium / permit charges for taxi, etc..                                                                                                                                                                                                                                                                                                                                                                                                                                                                        |
|    | HACKAROC KZ  | HERBAL DECOCTION VENDING MACHINE    | The main idea of our project is making a decoction vending machine that is user friendly and economic .Its feature is to prepare decoction as per Ayurvedic methods. The machine is designed in such a way that it can be programmable to user needs, the machine is equipped with essential sensors to make it a smart machine. Different types of herbs are stored in different slots of storage tank which are equipped with weight sensor. When the weight of any herb decreases to 10%, a message alert is sent to the operator to refill it. Coming to the process of preparation of the decoction ,the required type of herb is fallen into the boiler mesh which is present in boiling chamber and ample quantity of water is added to it from a water inlet and boiled till reaches a definite level/propòrtion , this is acquired by the sensors provided (heat level ,weight level sensors). Once the boiling is done then the prepared decoction is filtered and the waste in mesh is thrown in a trash and the filtered decoction is stored separately in the storage slots present at the bottom. Completion of this whole process is thereby indicated by a LED alarm. Now in |

| 22 | HACKAROC<br>KZ | AUTOMATED<br>INTELLIGENT<br>HUMANOID ROBOT<br>IN ICU | <p>Our idea is to design an AUTOMATED INTELLIGENT HUMANOID ROBOT Which is reliable ,effective and economic. This robot is designed in such a way that it is free to perform all the programmable actions. Graphics Processing Unit (GPU) is used for processing the Machine learning algorithms. Body moments are made using the motors movement. The depth can be analyse by using the cameras and getsure movements can be sensed using the gesture sensor. it can help the nurse in their work Some actions are mentioned as below, This robot can recognize a person and can track them. It follows the command of a person whose information is already stored in its memory. It can capture the gestures and sense the depth . It understands the user behaviour and view live usage data with real time reporting. It will recognize the speech or audio signals and can respond to them. It will assist the nurses in their daily tasks and serve the patients. It can distinguish between the used and unused tools based on the number of times it is used. Once the user information is given as input to the robot it will store the information and it will follow the</p> |

# **Purchase Committee Policy**

## **Keshav Memorial Institute of Technology**

The Purchase Committee was established to review and evaluate purchasing process and documentation for the departments in the institution. The committee assists the Director/Principal/HoDs in procurement of item/equipment/material as specified by the University, AICTE, NBA, NAAC. The process is continuously evolving based on the suggestions from key stakeholders to streamline the gaps in purchase cycle.

The committee recommends the suppliers and service providers by evaluating price, quality, stock availability, etc. Total 2 meetings are held during year to cater to the requirements semester wise.

### **Scope of the Purchase:**

All kinds of purchases like Hardware, software, Furniture, Lab Equipment, stationary, subscriptions, Electronic gadgets and equipment, campus development, stores, spares, accessories, Office-small equipment, consumables, sports, miscellaneous for which the administrative approval is accorded and fund is allotted for the purpose.

Actions for procurement of lab equipment, up-gradation of existing lab facilities, purchase of consumables etc. are initiated from the respective departments and the funds are released on a case by case basis from the accounts office of the college on approval by the Director.

Major works like construction, up gradation of existing infrastructure, procurement and maintenance of common utilities, house-keeping, procurement of furniture, etc., are controlled by the Director with the consultation of the purchase committee and the departments.

### **Functions :**

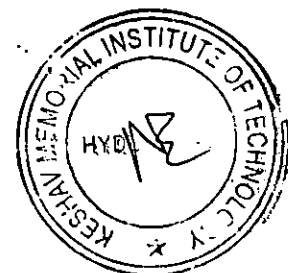

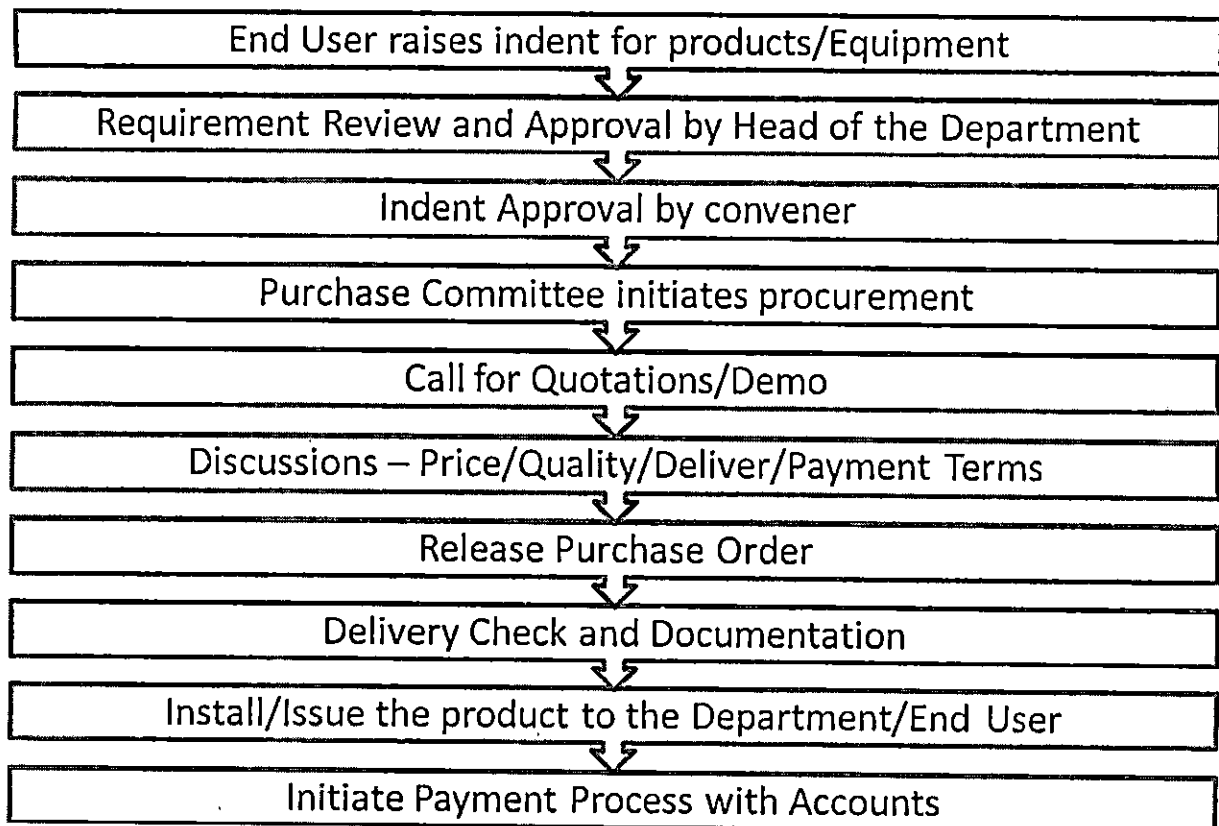

- To coordinate all the purchases of various Departments and ensure the procurement of required items as per schedule
- Execute the purchase process under the consultation of the HODs and the sectional in-charges.
- Accept and review the purchase proposals/quotations received
- To scrutinize the quotations for purchase and provide recommendations.
- Tender process, award of work/purchase letter wherever applicable
- Conduct the negotiations with suppliers for the best quality & price.
- To seek clarification from suppliers/service providers wherever necessary.

- Make recommendations to the Management for placing the purchase orders
- To finalize the terms and conditions in the purchase order.
- To ensure that the supplies/services quoted for comply with what was requested.
- To ensure proper documentation of the purchase.
- Assessing bottlenecks related to delay in purchase
- Ensuring all purchases are made before the start of the semester
- To ensure quality, fairness, transparency and accountability in purchasing.
- Maintenance of stock register/inventory/indent book
- annual physical verification

**Process :**

Annual budget prepared by the department coordinators is reviewed by the HoDs and then submitted to Principal for approval. All the Heads of the departments are intimated of the extent of funds allocated against their budget proposals.

After approval of budget, following process is followed for the procurement of the requirements

## **ANTI SEXUAL HARASSMENT COMMITTEE**

### **OBJECTIVES OF THE POLICY**

1. To fulfill the directive of the Supreme Court, as per UGC directives in respect of implementing a policy against sexual harassment in the institution.
2. To evolve a mechanism for the prevention and redressal of sexual harassment cases and other acts of gender based violence in the institution.
3. To ensure the implementation of the policy in letter and spirit through proper reporting of the complaints and their follow-up procedures.
4. To provide an environment free of gender-based discrimination.
5. To ensure equal access of all facilities and participation in activities of the college
6. To create a secure physical and social environment which will deter acts of sexual harassment
7. To promote a social and psychological environment that will raise awareness about sexual harassment in its various forms.

### **DEFINITION OF SEXUAL HARASSMENT**

For this purpose, sexual harassment includes such unwelcome sexually determined behaviour (whether directly or by implication) as:

1. Physical contact and advances;
2. A demand or request for sexual favours;
3. Sexually coloured remarks;
4. Showing pornography;
5. Any other unwelcome physical, verbal or non-verbal conduct of sexual nature

Where any of these acts is committed in circumstances where-under the victim of such conduct has a reasonable apprehension that in relation to the victim's employment or enrolment in the institution whether she is drawing salary, or honorarium or otherwise, such conduct can be humiliating and may constitute a health and safety problem. It is discriminatory for instance when the woman has reasonable grounds to believe that her objection would disadvantage her in connection with her employment or work or studentship including recruiting or promotion or academics when it creates a hostile work environment. Adverse consequences might be visited if the victim does not consent to the conduct in question or raises any objection thereto.

### **JURISDICTION**

The rules and regulations outlined in this policy shall be applicable to all complaints of sexual harassment made:

1. By a member of the institution against any other member-irrespective of whether the harassment is alleged to have taken place within the campus.
2. By an outsider against a member of the college or by a member of the college

against an outsider if the sexual harassment is alleged to have taken place within the campus.

3. By a member of the college against an outsider if the sexual harassment is alleged to have taken place outside the campus. In such cases the Committee shall recommend that the college authorities initiate action by making a complaint with the appropriate authority. Further, the committee will actively assist and provide available resources to the complainant in pursuing the complaint.

**Composition of the Anti – Sexual Harassment Committee.**

(a) A Presiding Officer who shall be a woman faculty member employed at a senior level at the educational institution;

(b) Not less than three teaching employees and two non-teaching employees, preferably committed to the cause of women or who have had experience in social work or have legal knowledge;

(c) Not less than two students, who shall be enrolled at the undergraduate level..

The members of the committee for the academic year 2019- 20:

The Committee consists of members of the faculty, administration, service staff and students' representatives. The members of the committee for the current academic year are:

### **Role and responsibility of Anti-sexual harassment committee:**

1. To ensure provision of a work and educational environment that is free from sexual harassment (Sexual harassment is defined by law from the perspective of the person who feels they have been harassed and it occurs if the person who feels they have been harassed feels offended, humiliated, or intimidated by the conduct and it is reasonable, in all the circumstances that the person who feels they have been harassed would feel offended, humiliated or intimidated).
2. To take all reasonable steps (active and preventive in nature) to prevent the harassment occurring; To address any oral/written complaint about: unwelcome sexual advances, unsolicited acts of physical intimacy, unwelcome requests for sexual favors or other unwelcome conduct of asexual nature. Unwelcome conduct of a sexual nature includes oral or written statements of a sexual nature to a person, or in a person's presence.
3. Obtain high level support from the chief executive officer and Principal & Director for implementing a comprehensive strategy:
  - Providing information to all staff and students about what constitutes sexual harassment and about their responsibility not to sexually harass other staff and students
  - Providing information and training to managers, supervisors and staff conducting teaching and learning activities on meeting their responsibilities in relation to maintaining a work and study environment free from sexual harassment.
4. Develop a written policy which prohibits sexual harassment. The Institution shall have a Sexual Harassment Policy. The policy outlines the Institute's key commitments and legal responsibilities and provides a definition of sexual harassment and behaviors that are not acceptable.
5. Regularly distribute and promote the policy at all levels of the organization; Ensure that managers and supervisors discuss and reinforce the policy at staff meetings; Provide the policy and other relevant information on sexual harassment to new staff as a standard part of induction; Periodically review the policy to ensure it is operating effectively and contains up to date information.
6. Display anti-sexual harassment posters on notice boards in common work areas and distribute relevant brochures; Conduct regular awareness raising sessions for all staff on sexual harassment issues.
7. Ensure that complaints processes:
  - are clearly documented;
  - are explained to all employees;
  - offer both informal and formal options for resolution;

- address complaints in a manner which is fair, timely and confidential;
- are based on the principles of natural justice;
- provide clear guidance on internal investigation procedures and record keeping;
- Give an undertaking that no employee will be victimized or disadvantaged for making a complaint.

#### **POWERS OF THE COMMITTEE**

1. The Committee shall have the power to summon witnesses and call for documents or any information from any employee/student.
2. If the Committee has reason to believe that an employee/student is capable of furnishing relevant documents or information, it may direct such person to produce such documents or information by serving a notice in writing on that person, summoning the person, or calling for such documents or information at such place and within such time as may be specified in the written notice.
3. Where any relevant document or information is recorded or stored by means of a mechanical, electronic or other device, the Committee shall have the power to direct that the same be produced, or that a clear reproduction in writing of the same be produced.
4. Upon production of documents / information called for by it, the Committee shall have the power to (i) make copies of such documents / information or extracts there from; or (ii) retain such documents / information for such period as may be deemed necessary for purposes of the proceedings before it.

6. The Committee shall have the power to recommend the action to be taken against any person found guilty of (a) sexually harassing the complainant; (b) retaliating against / victimizing the complainant or any other person before it; and (c) making false charges of sexual harassment against the accused person.

#### **FUNCTIONS OF THE COMMITTEE**

##### **PREVENTIVE STEPS.**

It will be the endeavor of the committee :

- a) To facilitate a safe environment that is free of sexual harassment;
- b) To promote behaviors that create an atmosphere that ensures gender equality and equal opportunities.

##### **REMEDIAL STEPS.**

1. To ensure that the mechanism for registering complaints is safe, accessible and sensitive.
2. To take cognizance of complaints about sexual harassment, conduct enquiries, provide assistance and redressal to the victims, recommend penalties and take action against the harasser, if necessary.
3. To advise the competent authority to issue warnings or take the help of the law to stop the harasser, if the complainant consents.

4. To seek medical, police and legal intervention with the consent of the complainant.
5. To make arrangements for appropriate psychological, emotional and physical support (in form of counseling, security and other assistance) to the victim if so desires.

#### **PROCEDURE TO BE FOLLOWED BY THE COMMITTEE**

1. The Committee shall meet as and when any complaint is received by it. Complaint may be received by any member of the committee.
2. The Committee may direct the complainant to prepare and submit a detailed statement of incidents if the written complaint lacks exactness and required particulars, within a period of two (2) days from such direction or such other time period that the Committee may decide.
3. The Committee shall direct the accused employee(s) to prepare and submit a written response to the complaint / allegations within a period of four (4) days from such direction or such other time period as the Committee may decide.
4. Each party shall be provided with a copy of the written statement(s) submitted by the other.
5. The Committee shall conduct the proceedings in accordance with the principles of natural justice. It shall allow both parties reasonable opportunity of presenting their case. However, should the accused choose not to participate in the proceedings, the Committee shall continue ex parte.
6. The Committee shall allow both parties to produce relevant documents and witnesses to support their case. Documents produced by either party shall be affixed with that party's signature to certify the document as original / true copy.
7. The party against whom the document / witness is produced shall be entitled to challenge / cross-examine the same.
8. The Committee shall sit on a day-to-day basis to record and consider the evidence produced by both parties.
9. As far as practicable, all proceedings of the Committee shall take place in the presence of both parties.
10. Minutes of all proceedings of the Committee shall be prepared and duly signed by the members of the Committee.
11. The Committee shall make all endeavor to complete its proceedings within a

period of fifteen (15) days from the date of receipt of complaint.

12. The Committee shall record its findings in writing supported with reasons and shall forward the same with its recommendations, to the Principal/Management, within a period of five (5) days from completion of the proceedings before it. In case the Committee finds that the facts disclose the commission of a criminal offence by the accused person, this shall be specifically mentioned in the Committee's report.

13. If, in the course of the proceedings before it, the Committee is satisfied that a prima facie case of sexual harassment is made out against the accused employee(s)/student and that there is any chance of the recurrence of any such action, or that it is required to do so in the interests of justice, it may, on the request of the complainant or otherwise, disciplinary action could be initiated in the form of:-

# **Workplace Satisfaction Survey for Women at KMIT – Analysis Report**

---

APRIL 6, 2021 | KESHAV MEMORIAL INSTITUTE OF TECHNOLOGY

---

**Organized by: Women Empowerment Committee**  
**Authored by: Shweta Paropkari**

---

## Summary and Purpose:

The objective of the report is to present to the Management the analysis of a survey conducted by the Women Empowerment Committee (WEC). The survey aimed:

1. to gather responses from women working in KMIT, in the capacity of a faculty member or administrative staff with respect to workplace satisfaction
2. identify problem areas, if any
3. to gather feedback, suggestions/recommendations

The findings of the survey will be used by the WEC to make suitable recommendations to the Management and plan future events such that the concerns expressed by the participants are addressed.

## Survey Logistics and Response Rate:

The survey was conducted by Ms Shweta Paropkari, faculty member of Women Empowerment Committee, in March 2021, using Google forms . The survey questionnaire was drafted and then the link to the same was emailed to Heads of all departments and key staff members in administration and examination services departments. They were in turn asked to share the form in their respective departments and encourage women faculty/staff members to participate in the survey. The participants' were given a week's time to submit their responses.

Moreover, the survey, while requesting participants' names, protects the confidentiality of participants' identity. No one except the person conducting the survey and analyzing the same has access to the above mentioned details.

The response rate was surprisingly good. Of the 84 women working as faculty members and non teaching staff, 65 took the survey; that's 77.38%. Responses received from each department are as follows:

| S.No | Department                                                        | Responses |
|------|-------------------------------------------------------------------|-----------|
| 1.   | Computer Science & Engineering (CSE)                              | 26        |

| S.No | Experience in Years | Responses |
|------|---------------------|-----------|
| 1.   | 5 years and above   | 26        |
| 2.   | 3 – 5 years         | 17        |
| 3.   | 1 – 3 years         | 13        |
| 4.   | 0 – 1 years         | 9         |

From the above tables, it can be summarized that the participants represent all the departments at KMIT, hold varied designations and years of experience.

## Key Findings:

The questions can be broadly classified in the following categories:

1. Facilities provided
2. Growth opportunities
3. Gender discrimination
4. Instances of harassment
5. Feedback

### ***Facilities Provided:***

About 90.8% felt that the facilities provided for women at KMIT were adequate.

---

### ***Growth Opportunities:***

A majority of the respondents are of the opinion that KMIT provides sufficient opportunities for women to develop their skills (in terms of academic knowledge and skill enhancement) and advance in terms of their career.

This is evidenced by not just their poll response but also by the feedback given. Here are a few examples:

*"Recognising work done by faculty not female or male faculty."*

*"Encouragement provided by the management to explore ourselves into various ways."*

*"Opportunities to upgrade ourself."*

*"The management of the institution is determined to impart the best technical education by providing state of the art infrastructure facilities while laying a great emphasis on faculty development. Seeking and implementing innovative ideas, suggestions and advices from the faculty without any gender bias and assigning responsibilities based on the skills and abilities makes KMIT different from other allied institutions. As a female faculty, I feel safe and secured working in KMIT apart from being treated with equality. The learning opportunities are Boundless and the encouragement and motivation to pursue higher studies in terms of certification courses, FDPs etc is highly appreciated."*

\*\*Screengrabs of these comments are attached in the appendix.

### ***Gender Discrimination:***

Most have reported that they haven't faced any gender bias at departmental or institutional level. There was one comment which reported the behavior of male staff in the administration department. The measures to tackle the same will be listed in Committee Recommendations.

### ***Instances of Harassment:***

Zero incidences of sexual harassment have been reported while one instance of mental abuse was. However, in case of the latter, a swift action was taken to resolve the issue at the earliest.

### ***Feedback:***

The feedback received has been mostly positive with faculty and staff members suggesting measures/ requesting certain facilities. The WEC has taken note of the same and will make recommendations to the management to implement the most viable of them.

---

## Conclusion:

Based on the above statistics of faculty & staff responses, the Women Empowerment Committee is happy to conclude that KMIT provides a positive and safe work environment for its female faculty and staff members.

\*\* Please see appendix for screen grabs of the form and responses.

## Committee Recommendations:

The Women Empowerment Committee would like to propose the following:

1. Regular Gender Intelligence webinars/workshops for both the male and female faculty and staff members to sensitize them re: gender roles, appropriate workplace behavior, attitudes, and language to be used.
2. A Rest Area (for only) to be allocated i.e. a room female faculty members and staff can use in case of emergencies, for rest and other related concerns. For this, the girls' common room, above the auditorium is suggested. Upon approval, WEC shall submit a complete project proposal.

No, I have always been not given opportunities thinking that i wont be able to perform since i have kids and home to look after.

It would be great if certificates letter of appreciation are given for each extra effort we put in...its been 12 years am here ..theres no appreciation for all the works i have done for 12 longw years.

Multi tasking personal and professional front, i personally feel that i am under valued. Again its a personal opinion.

I feel my worth is being unnoticed because of the barriers created at the level of hierarchy.

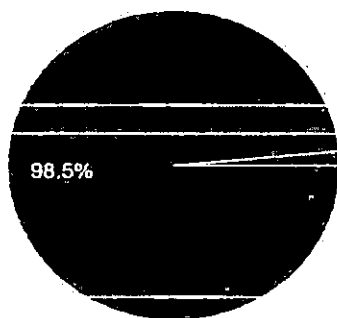

I think i am doing the work but, is it done right?? like i get no feedback on what i have done so it keeps a constant confusion in me that am i doing it right or do i need to better or do something else. So if i get a feed back from the superiors i can have a assurance that yes i am on right path.

No recognise for the work we have done

I have always been taunted about my arrogant behavior, but it that way coz that is my way of protecting myself against the world.

I was targeted by few of the faculty members, which was resolved later by the higher officials, but this period lead me to depression, which I am now overcoming

We can have a baby crush

They should be given some facilities like a proper resting room so that they can lie down during their periods

Child care center

Faculty sick room

Faculty Sick room, no availability of sanitary napkins

1. Provide rest Room for Women,
2. Sanitize Pad should be available

daycare for children

N/A

Ladies rest room

Need indoor games like carroms, chess fr female staff

kindly provide individual cabins for faculty

Now doing more than what we expected for female and male faculty . nothing to suggest

N/A

A proper cell which can listen to employees without judging, without being anxious and without any conditioned mind and preconceived notions

Waiting hall for lady faculty to be used in case of emergency

I suggest that a proper rest room is needed for female staff where they can rest for a while, if needed, during their periods/difficult days.

Rest room facilities are required only for staff

It would be more better that attached washroom for female faculties staff room, if possible plz.

The college is located at the center of the city which makes me convenient to work, as our students are more intellectual, it helped me to improve my subject quality and delivery

Very good management, provide all kind of support to the faculty.

Equally treatment to all

Nothing in particular and nothing negative. It's just like any other average organization

Provide more learning opportunities

Recognising work done by faculty not female or male faculty

Encouragement for future growth

Best salaries are given

working under a female boss who is dynamic and highly competitive.

peaceful environment

I enjoy my work place and work, management is very good if i say this others say i am management person but the truth is this they rarely very strict i say this confidently because i have worked in other places and i know the procedures.

The work environment is good.

Recognition is given to every member according to their work,extra work and so.

I have been working at KMIT full-time for 4.5 years. The management is supportive, Flexible hours, understanding the situation of lady faculties if any permission is required and finally provides good team to work

Dear Ms Ray

Good morning!

I am writing to request you to conduct an FDP (Faculty Development Programme) webinar for Keshav Memorial Institute of Technology on Gender Sensitivity at Workplace. The reason I am reaching out to you is because your talk on Blurring Boundaries at the 33rd Annual IATEFL BESIG Conference 2020 was quite impressive and resonated with me. I strongly feel that you are the right person to deliver this webinar for us.

Let me tell you a little about the college I work at. Keshav Memorial Institute of Technology (KMIT), established in year 2007, is one of the premier engineering colleges in the state of Telangana. We are sponsored by Keshav Memorial Education Society (KMES), well known in Hyderabad, for the past 75 years, for running various educational institutions of repute. The college is approved by All India Council for Technical Education (AICTE), New Delhi, and affiliated to Jawaharlal Nehru Technological University (JNTU), Hyderabad and recognized by the Govt. of Telangana. You can read more about us here - <https://www.kmit.in/>

The webinar is being organised by the Women Empowerment Committee (WEC) of which I am a member and is for faculty (both men and women) members of the college. We have a total of 144 members across five disciplines (Computer Science, Information Technology, Electronics & Communication, Electronics & Instrumentation, and Humanities & Sciences) spanning ages from mid twenties to sixties including those that are married and those that are unmarried. What you should also know is that while the college does its best to promote gender sensitivity and empower women, a lot of the members don't really understand the concept of gender equality or what it entails. This webinar is an effort to create awareness towards the same.

We'd like to hold the webinar on 4th of January. If that is not convenient to you, any time between 28 December 2020 and 5 January 2021 would work for us. I understand that this is extremely short notice but unfortunately that is the only window of availability we have.

Kindly let me know if you're available to deliver the webinar for us and if yes, the particulars (date, time etc.) of the same. I look forward to hearing from you.

Warm regards  
Shweta

Dear Shweta,

Thank you for your email invitation and for the opportunity to conduct a webinar for the faculty members of KMIT.

The topic of gender sensitivity and diversity & inclusion at the workplace is not just a topic close to my heart but also one that I have delved into for my work and research. I would love to do this webinar.

4th of January is fine with me. About the timing, I would prefer either between 10am and 12noon in the first half or between 3 and 6pm in the afternoon. Do let me know what is more convenient to you.

Kmit.in Mail - Request for Webinar for Keshav Memorial Institute of Technology

Your context setting is very helpful. Do let me know once the date and time is confirmed. It will help me prepare.

Could I write to you if I have any further questions?

Look forward to hearing from you.

Best regards,  
Ishita

Dear Ishita

Good morning!

I am writing to confirm the date and time for the webinar you'll be delivering for us. Please find below the details:

Title: Gender Sensitivity at Workplace  
Date: 4 January 2021  
Time: 4:30 p.m. to 5:30 p.m.

Should there be a change in the time (*there most likely won't*), I will let you know at the earliest. We have an in-house platform called TeleUniv which we use along with either Adobe Connect or Zoom - the same will be used for your webinar. If you'd like, we can do a quick tech check a day or two before the webinar to orient you with the system. Do let me know if you'd like me to set this up.

Thank you and regards  
Shweta

Dear Shweta,

Thank you for confirming the date and time of the webinar.

A tech check session would be great. Could we schedule it sometime on the 30 December or 2 January? Let me know if another date works for you.

Also, my number is 8860135268, should you wish to get in touch over call or WhatsApp.

Best regards,  
Ishita

Dear Shweta,

Here is my bio:

Ishita Ray is a Learning Consultant with more than a decade of combined experience in academic and corporate organisations. She formerly worked at Tata Consultancy Services where she designed learning content and strategy in areas of Business and Intercultural Communication, Language Learning, and Diversity & Inclusion. As part of her international experience, she has lived and worked in France, the Netherlands and Japan.

It is 63 words. Let me know if it should be shorter or longer, as this is for a poster.

Attached is a photo as well. Hope it works.

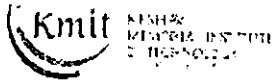

Best regards,

Ishita

A Webinar on "GENDER EQUITY AT WORKPLACE" in association with  
Women Empowerment Cell-KMIT

Date : 05-01-2021

### Report

Woman Empowerment Committee of KMIT had conducted a Webinar on Gender Equity at Workplace on January 4th 2021. The webinar was started at 4:30 pm. Our honourable dean of academics, Mrs. Deepa Ganu and various other heads of the departments and coordinators and other faculty members participated in the webinar.

Ms. Ishita Ray business and Intercultural communication specialist, Expertise in training adults in diversity and inclusions, was the chief guest and the program commenced with Welcoming speech by Ms. Shweta paropkari, Assistant Professor of H&S Department. Ms. Ishita Ray shared her opinion and experiences on gender sensitivity.

She felt that gender Equity can be achieved through togetherness. She said that we have to be aware of our own biases, create a safe space and engage mindfully. The session was interactive and all faculty members participated very actively in the session and felt very happy that the program was worth their time. The content was helpful to them. They felt that it helped them to remove gender-related barriers in personal and professional life. The program concluded at 5:30 pm. With vote of thanks presented by Ms. Shweta Paropkari.

Nearly 30 faculty members were present. The program hosted by Ms. Shwetha Paropakari and Program commenced with welcoming speech by committee convener Dr. M. Swapna. Mrs. Deepa Ganu, Dean of academics started an awesome speech on women empowerment and put forward her personal experiences and explained how she became a self-empowered person. Dr. Padmaja CSE HOD and coordinators Mrs. Sita Kameshwari, Mrs.K.L.S. Sirisha, Dr. Devika Rubi, Ms Priyanka Saxena and Sharmeela Chungi also highlighted the importance of women empowerment. They opined that empowerment should start at home itself.

→ Each and Every Speaker was excellent  
→ I feel male audience should <sup>also</sup> be involved in such events  
because change has to come in society which includes both  
the genders.

→ Women empowerment requires encouragement  
of the family, above all she has to be self motivated.

→ For the self motivation, this type of seminars make  
a remarkable change.

# **WOMEN EMPOWERMENT COMMITTEE POLICY DOCUMENT**

## **Introduction**

The Women Empowerment Committee (WEC) was established at Keshav Memorial Institute of Technology in pursuance of the policies of women empowerment within the ambit of higher education. The management set up the WEC to address concerns of gender discrimination and recommend measures and policies for gender parity within the campus. The Academic Director nominates the members of WEC.

## **Objectives**

- to prevent sexual harassment within the campus
- to promote a secure environment for teaching, non-teaching women staff and female students
- changing attitudes and community practices by encouraging active participation and involvement of both men and women.
- conduct various workshops/lectures/seminars to educate and sensitize both male and female members

## Student Members

The committee proposes to recruit five student members – this will be done by enlisting the help of student council. Interested candidates will be required to fill an application form and then undergo a short interview with faculty members before being inducted in the committee.

## Proposed Activities

The committee proposes to conduct activities on two levels – for faculty and for students.

### For Faculty:

1. A round-table discussion with faculty members regarding women's role in society and basics of what constitutes women empowerment
2. A series of lectures with professional about making women's access to better work
  - a. *four workshops spread over the academic year*
  - b. *this workshop is open only to women faculty and non-teaching staff*
3. Mentoring sessions for teaching and non-teaching staff (professionally and personally)
4. Soft skill sessions on building self-esteem, self-confidence, and being assertive and power dressing.

### For Students:

1. A series of workshops on Empowering Young Women to Lead Change
  - a. *three workshops spread over the academic year*
  - b. *this workshop is open only to girls*
2. A virtual book club wherein books chosen would explore themes of feminism for young adults, young women adult empowerment, gender stereotypes et al
  - a. *One book club every month barring exam months for academic year 2020-2021*
  - b. *This is open to both boys and girls*
3. Mentorship programme – identify women in position of power/inspiration professionally (*outside campus and herein referred to as Mentors*) and pair them up with (female) students who sign up for this programme. Mentorship sessions will be conducted based on a calendar constructed per the convenience of mentors. The faculty members of the committee will facilitate and oversee the programme.  
*Note: this is open only for female students.*
4. Soft skill sessions on building self-esteem, self-confidence, being assertive and business etiquette.
5. Self Defence training for girl
6. Propose to start a YouTube channel for women empowerment committee

**General Activities:**

In addition to the above, the committee will also undertake conducting activities on Women's Day, Teachers' Day

**1.1 – Curriculum Planning and Implementation**

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

KESHAV MEMORIAL INSTITUTE OF TECHNOLOGY, KMIT, is an institute of strong repute in the state of Telangana. The institute is affiliated to JNTUH. KMIT as it is popularly called, is a self financing institute, follows the curriculum designed by the University. The institute has departments of CSE, ECE, IT, EIE based on the core specialization and CSE(Data Science), CSE(Artificial Intelligence and Machine Learning) new courses introduced in the A.Y 2019-20 but the departments work together to achieve the vision and mission of the institute. Effective curriculum delivery is ensured through a process as given below:

- Advance planning of academic activities.
- Formulation of objective-driven teaching plan.
- Preparation of adequate learning materials.
- Maintenance of course files by faculty and documented as follows For each course, a course file is prepared by the concerned faculty. The course file consists of following items. ? Course Syllabus ? Course Outcomes ? Lesson Plan ? Topics Beyond Syllabus ? Web References ? Lecture notes ? Power point presentations / Videos ? University Question papers ? Internal Question papers with Key ? Assignment Question ? Slip test / Surprise test Questions ? MCQs ? Tutorial evidence ? Result Analysis to identify Weak and advanced learners ? Course Assessment ? Guest talks, field visits etc. ? Attendance register ? Course file (Digital form) • Mentor system to monitor and resolve problems related both academic growth and personal of students. • Periodic review of teaching-learning process by the Principal. • Lecture based interactive learning consists of Lecture method and Interactive learning, Projectbased learning and Computer assisted learning. • Passive Learning through online course material and videos. Active Virtual Learning through TeleUniv: [www.teleuniv.com](http://www.teleuniv.com) (http://www.teleuniv.com). A Technology Leveraging programme – TeleUniv is a replacement for the traditional "Chalk and Talk" method of teaching at its best. It is an engaging and immersive platform, which revolutionizes the digital space by providing a unique interactive mode of delivery. The TeleUniv has been offering various courses as mentioned below

Courses • Big Data Certification with hadoop & java • Big Data Specialization • My SQL • Data Science With R • Data Science with Python • JAVA (OCJP) • Hadoop Ecosystem • Spark with scala • Smart Classrooms through SANJAY app having features :Attendance, Class performance ,Live Class Room, Time Table, Events & News, JNTU Results, Notifications etc. • Methodologies to support weak students /slow learners (Remedial Classes ) and encourage bright students •

Quality of classroom teaching • Conduct of Experiments with Continuous assessment system • Continuous real time assessment in Laboratory through LMS ( college has its own LMS named Tesslator) • Student feedback of teaching learning process and action taken and documented. • Daily Drip using LMS ( Tesslator) through this continues assessment in short time is possible. • Systematic examination process with regular updates to parents through SANJAYA App. • Guest lectures, seminars, internships and training programs. • Refresher Courses, workshops and FDPs to upgrade faculty's skills. • More than 60% of full time teachers have participated as members

## 1.4 – Feedback System

### 1.4.1 – Whether structured feedback received from all the stakeholders.

|           |     |
|-----------|-----|
| Students  | Yes |
| Teachers  | Yes |
| Employers | Yes |
| Alumni    | Yes |
| Parents   | Yes |

1.4.2 – How the feedback obtained is being analyzed and utilized for overall development of the institution?  
(maximum 500 words)

**Feedback Obtained**

The Feedback Collection Process and Analysis: Feed back will be taken from stake holders (Students, Teachers, Employers, Alumni, Parents) and compiled and based on the feedback satisfaction level the actions will be taken. Feedback covers the below mentioned areas: a) Process Flow b) Percentage of participation c) Analysis d) Basis of Reward corrective Measures e) Indices Used f) Summary of Index values g) Number of corrective Measures Taken. To Further Improve the Feedback system, we have now automated all feedback systems, we have moved from hardcopy to Software based feedback system analysis. This is more efficient, fast and transparent. Feedback from Existing Students on faculty Process: Student feedback is a rich and valuable source of information for both formative and summative purposes. The management used to distribute sheets/forms, Collect them, analyse and share feedback with individual faculty for corrective measures. The college has designed a feedback system to improve the Quality Frame work Enhancement to match with our college outcome like POs, PSOs, PEOs, COs. The student feedback is a key component for providing summative evidence for staff promotion, probation and awards, and for internal and external quality assurance reporting requirements. The college uses two different ways for collecting the Stake holders Feedback. We are here furnishing the Student feedback system as example. 1. Informal (Coffee with KMIT) 2. Formal (paper based) 1. Informal: COFFEE with KMIT. • The Management interacts with the students and discuss various issues like infrastructure, laboratory, faculty, cocurricular activities, sport and cultural activities, etc or any other point student want to bring notice to management. • Every student gets an opportunity to speak and give their feedback. • Typically a session lasts for two hours. • This process is same for all the four years and at least twice in a semester. • Based on the feedback given by the students corrective measures are discussed by the Director with the concerned Head of the Departments. • An action plan is drawn and remedial steps are taken to redress the student's grievances. • Process Flow for Coffee with KMIT: 2. Formal: A Standard paper based FEEDBACK Methods of obtaining student feedback is structured in an numerical summary of the distribution of student ratings for each question (on a fivepoint scale). • Copies of student feedback are distributed to mark the Rating • The data of the feedback is entered in to a Faculty feedback system and analyzed a Sheet is maintained to record the responses of the feedback. • Each faculty is called by HOD and the student feedback is shared with them. • The feedback from the students is taken in to account while assessing yearly performance. Process Flow for Student Feedback: Percentage of students' participation : No. of feedback Parameters: 15 Overall Rating levels: 5 Space for descriptive feedback/suggestions: Yes Frequency of feedback collection: Twice in a semester Feedback collection: Hard-copy Avg. percentage of students who participate: 98 Student Feedback Analysis Process and summary of index values: The HOD, Principal and Management analyze the feedback. ##### 2.5.2 – Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

KMIT, affiliated to the Jawaharlal Nehru Technological University Hyderabad (JNTUH), adheres to the syllabus prescribed by the JNTUH, Hyderabad. KMIT follows JNTUH guidelines to carry out a continuous internal evaluation system at the institutional level. As per the University norms internal exams will be conducted. Two internal examinations will be conducted during the semester. After the completion of half of the syllabus, first internal examination will be conducted as notified by the University. Internal exam paper consists of objective questions, filling in the blanks and descriptive questions. Second internal exam will be conducted after the completion of the syllabus (at the end of the semester) covering the second half of the syllabus. Average of the two internal exam marks will be considered for grading. The objective questions tested help the students increase their knowledge of the subject from basic level. The questions given are mapped with course outcomes and bloom taxonomy.

In the process of continuous internal evaluation, the descriptive question paper is comprised of four questions, out of which two are to be answered. After the evaluation, Course Outcome attainment is calculated. Based on the attainment corrective actions are taken. Internal examination will be conducted for laboratory subjects also. Evaluation is done both in theory and practical examinations. The assessment remains impartial and accurate. The students are given feedback about their performance and suggestions are given for their improvement. In addition to regular internal examinations, slip tests/quiz will be conducted after the completion of each topic and unit test will be conducted

after completion of each unit of the syllabus. After the completion of each unit, students are informed about the slip tests through a notice well in advance. Teachers discuss possible questions. These tests allow the teachers to continuously assess the students to track their progress and to identify slow and advanced learners. Special classes will be arranged for identified slow learners and advanced learners will be encouraged to appear for certification examinations. Before the commencement of the University exams, preparatory exams are conducted to make the students confident in their approach. Students get a chance to improve themselves through this continuous evaluation system before appearing for the university examinations. Dates for conducting the main examinations are given by the university. Tessellator is used to evaluate day to day performance of the students. As a part of curriculum KMIT encourages students to carry out both mini and major projects to work on the real world problems and to be familiar with industry environment. Project evaluation of the final year students is carried out in various stages by the project guide, head of the department and project coordinators. The factors considered for evaluation of project are synopsis, understanding of project topic, design or synthesis, mathematical modelling, presentation, experimental results and project report.

2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

The institution ensures effective time management and timeliness. In the beginning of the academic year, academic calendar is published by the University for Respective Course. The college carries out effective planning to stick to the academic calendar. This allows the teachers and the students to space out their teaching and learning and regular assessment of the same. KMIT strictly follows the academic calendar to conduct class work and internal evaluation and assessment of the students. The two internal examinations are conducted on the dates specified in the academic calendar. Internal assessment consists of three parts - descriptive, objective and assignment. The descriptive component is for maximum of 10 marks, objective component is for maximum of 10 marks. The assignment is for 5 marks. Every academic year consists of two semesters. Each semester is to be of 16 -18 weeks. The first Continuous Internal Examination (CIE I) also known as Mid Examination I (Mid I) along with the Lab Internal examination-1 is conducted after 8 weeks of class work. CIE II (Mid II) and Lab Internal II are conducted after 16 weeks of class work. Within the above mentioned 8 weeks of class work, the concerned syllabus is taught to the students and exam will be conducted on the syllabus covered. An average of both these examinations is calculated to attain the final internal marks of the student. These marks are also assessed to decide the course of nature for teaching slow students and rectify their performance before the external examination. All question papers are mapped with their respective course outcomes that are stated in the beginning of the course. The assignments given to the students involve unaddressed program outcomes. This helps the students attain knowledge beyond the syllabus as these topics are not covered by the exams conducted by the university but are still relevant. These assignments are given within a set timeframe. The students are to complete them within the time given to adhere to the university's timeline. Following the university calendar, every department creates internal calendar to ensure timely completion of syllabus. Every teacher follows a strict agenda that is discussed and approved by the head of their respective department. This is followed by deducing a day-to-day division of topics and chapters. These topics and chapters are chosen keeping the upcoming CIE in mind. The timeline created provide enough time for the faculty to complete the syllabus and for students to prepare and practice the concepts. Both internal and external lab examinations are also conducted in accordance with the academic calendar. Internal lab examinations are conducted during the regular lab hours at the

time of theory mid examinations. Thus KMIT strictly adheres to University academic calendar in all aspects. In case of any required change, the university communicates the modification in the academic calendar to the college and the college enforces the same. In any condition, the academic calendar is followed very strictly by the all departments.

##### 4.4.2 – Procedures and policies for maintaining and utilizing physical, academic and support facilities - laboratory, library, sports complex, computers, classrooms etc. (maximum 500 words) (information to be available in institutional Website, provide link)

KMIT has the structured system for maintaining the support systems of the institute to allow uninterrupted access to facilities for teaching and learning. Laboratories: Maintenance Preventive maintenance of laboratory equipments, electrical plumbing facilities, etc. is carried out to avoid premature failure of a facility or equipment, item, etc. It is ensured that all the laboratory equipments are functioning as per the standards before commencement of each semester. In case the facility or lab equipment is damaged or not working properly, action will be initiated to resolve the problem. If the situation demands, breakdown maintenance work is outsourced. Equipments which are beyond repair or have lost functional significance are write-off according to the policy. Calibration of instruments is carried out as per standards and guidelines provided on it. Experimental setups and equipments are tested by faculty and lab assistant periodically. Computers: Maintenance Computer maintenance, Electrical repairs and other maintenance work are carried out in-house by lab assistants and in case if it is required, then maintenance work is outsourced. General Maintenance of Infrastructure: Repair and maintenance of the central facilities like DG set, transformer, RO plant, heavy duty copier, bore well pumps, CCTV and water coolers, etc are carried out periodically. Gardens and lawns are maintained by the Gardener Laboratory: Utilization • With respect to the time table, the students conduct experiment in their assigned labs under the supervision of the lab-in-charges and lab technicians. • Consumable and non consumable materials registers are updated periodically. • Fire Safety equipment is maintained in labs as precautionary

measure. Before the commencement of the academic year, a lab audit is conducted and a report on the Requirement of new equipment, replacement of the old equipment and modernization of machines/software is prepared along with requirement of consumables, non-consumables. Classroom: Utilization Maintenance

- Before the commencement of the academic year, depending on the intake of students, head of departments propound the requirement of classrooms to the Principal.
- Classroom allocation is done by the Principal and the HoDs in a meeting. Benches and windows are cleaned and mopping of the class rooms is done every day.
- In case of any damage to the projector, internet or the audio systems, the class mentor brings it to the notice of the HOD by registering the problem in the breakdown register. The necessary follow up is done by the department and steps are taken to fix whatever is broken.

Sports: Utilization

- Students are permitted to play only during the sports hours and to practice for any competition.
- Students are permitted to take sports material with prior notice to the Physical Director. Students must enter the details of material in the register.
- Concerned authority makes a note on return of the same in the register.
- In case of any damage observed, the same is recorded in the register pending further action. First aid box is always available for the students in case of any emergency.

#### 5.4 – Alumni Engagement

##### 5.4.1 – Whether the institution has registered Alumni Association?

Yes

Keshav Memorial Institute of Technology - Alumni Association [KMITAA] Any educational institution takes pride in the Alumni Association formed by the Graduates or more broadly the former students from the same Keshav Memorial Institute of Technology Alumni Association [KMITAA] has been formed by the passed out students of the college. As time flies and as we drift along life's journey there needs to be something that holds us together. It all started with KMIT PARISHAD in 2012 - the alumni association that thrived to give its level best in return to all the grooming that KMIT has offered to them as students. Through this, alumni could always re-live the college moments and also share their knowledge and experience to the succeeding KMITians.. After the passing out of two batches, the best college in the town had gathered enough talented and prospering Alumni. With the KMIT Parishad page on Facebook, the alumni harnessed their energy and showcased their talents to bring about a change... change that is needed for the betterment! Keeping change as constant and to harness the convergence of talent, innovation and technology, KMIT aims at being with the alumni forever by bringing all its alumni on the same platform. KMIT is proud to have all the passed out batches till date on this association, and look forward to support them in building their careers and unleashing their potential to paint a bigger career canvas. The members of the Alumni association meet every year and discuss on matters related to alumni and the development of the college. They also share their current experiences and recall charming old memories. The institute regularly invites the alumni to conduct expert lectures, seminars and workshops. The institute also invites the alumni for placement talks, entrepreneurship activities and financial contribution for the development of the students. The members of the alumni association regularly visit the college and Training and Placement Cell to conduct pre-placement talks, highlighting the job opportunities available in their respective industries. Alumni contribution includes: Establishing Memorandum of Understanding between the institution and alumni entrepreneurs. Suggestions and Support to Training and Placement Cell. To enhance teaching learning process through Expert/Guest Lectures. Interaction with ongoing batch students in the areas of career awareness and career planning. Participation in IQAC Cell for improving the quality of education. Guidance to students for

project work and on latest technologies.

## CRITERION VI – GOVERNANCE, LEADERSHIP AND MANAGEMENT

### 6.1 – Institutional Vision and Leadership

6.1.1 – Mention two practices of decentralization and participative management during the last year (maximum 500 words)

Participative Management is one of the core features of KMIT. Management representatives, Principal, Faculty members and students play important role in participative management. Management representatives involves in maintaining quality and welfare aspects of the Institute. Principal drives all the academic and non-academic activities involving HODs and faculty. The institution reassures participative management at various levels. Administrative and academic committees are formed where students and faculty play a vital role. Principal has full authority on academic activities and formation of various committees. HODs have functional autonomy to decide on the various departmental events and implementing them with the involvement of the faculty members. They have privilege in proposing the budget, framing timetable, subject allocation, assigning coordinators for various committees, conducting National and International Conferences, organizing seminars and workshops etc. Annual budget: Proposal, Approval and Allocation. The accounts department is in-charge of maintaining the budget. They manage the income and expenditure of all departments of the college to ensure clarity. There are various budgetary requirements at the institutional level. These include placement and training centre, examination branch, operation, research and development, teaching-learning process, applied learning and administrative processes. All departments' heads are invited to submit their carefully processed budget proposal for every academic year with a monthly break up to the accounts department. This budget proposal is formulated after lengthy discussions at department meetings organized by the HOD. Departments arrive on conclusive summary after discussing the essential requirements to fulfill the needs of the department including the budget required for faculty/student development activities like guest lectures, seminars, workshops and conferences. Along with this, lab-in charges are also asked to come up with a proposal of their requirements including purchase of new equipment, repairs and maintenances, service, training and up gradation. All proposals from various persons in charge, faculty and students are discussed in department meetings, reviewed and forwarded to the reporting authority for further processing. Principal consolidate all the budget proposals received from the subordinates and organize a meeting to eliminate redundancy. If the same proposal is sent by multiple departments, a discussion is carried out to decide which department receives the budget. Modified proposed budget of all departments is forwarded for the Chairman's approval. The Chairman then calls the leadership team for a meeting to further refine the proposed budget. A final proposed budget including all anticipated income and expenditure prepared by the accounts department is presented to the governing body for approval. As the document is an outcome of an integrated approach of participative process, it is approved by the governing body. Any objections or concerns by the members are discussed,

recorded and decisions with majority of acceptance are made for making changes in the proposals. Approvals of budgets are communicated to all departments through proper channel. Accounts department releases funds on monthly basis, as planned. Through effective decentralization, the institution practices successful delegation and enhances the productivity of the college. Through participative management, each person in-charge handles their allotted activity and ensures its complete and constructive delivery.

Industry Interaction / Collaboration

Initiatives related to industry interaction 1. MOU with IT companies 2. Industry Advisory Board 3. Guest lecturers for students by experts from various industries 4. Faculty Training and student vocation training by various industries 5. Faculty with strong industrial experience 6. Special Interest Group 1. MOU with IT companies KMIT has Memorandum of Understanding with IT companies for the purpose of enriching practical skills and imparting industry related course curriculum to the students of all engineering disciplines in the field of Information Technology. The faculty of KMIT may undergo Train the Trainer program if required. The faculty, after completion of certification, will be allowed to train certain number of students as agreed upon in writing from time to time. 2. Industry Advisory Board KMIT has setup an Industry advisory Board with faculty from various Departments. The Board consists of the following members: Mr. Neil Gogte, Chairman of the Industry Advisory Board 3. Guest lecturers for students by experts from various industries 4. Faculty Training and student vocation training by various industries Customized Workforce Development: Students undergo one of the following CWD program according to the needs of the recruiting company. Normally Companies visit the Campus in the 4th year 1st semester and select our students. The Companies provide us with a desired skill set of technologies to be imparted to these selected students. The desired skill set is imparted through our specialized programme called - Finishing School 5. Faculty with strong industrial experience. Head pf the departments

identifies the experts in various areas with industrial experience and makes groups to train the students time to time. Departments also encourages the faculty by sending trainings in various industries to enrich the technical knowledge in emerging areas. 6. Special Interest Group Our Staff is experienced in all the latest technologies. We have expertise in all modern programming languages and database structures. The Companies provide us with a desired skill set of technologies be imparted to the selected students. The desired skill set is imparted through our specialized programme called - Customized Workforce Development Program (CWD). Industry Supported Laboratories in Campus As part of CWD program, KMIT has set up Industry Supported Laboratories for the purpose of enriching practical skills and imparting industry related course curriculum to the students. I.E.Data Science, Adobe Experience Manager, Software testing, Oracle Apps,ML,AI IOT etc.

Human Resource Management

Human resource management The College has adopted a mandatory Self-Appraisal Method to evaluate the performance of the faculty in teaching, research and extension programmes. At the end of the academic year every teacher is given an Academic Performance Indicator (API) form on the basis of the UGC regulations. The form requires the teacher to give his/her self-evaluation of the academic, co-curricular and extra-curricular work done during that year. It also requires the teacher to enumerate the papers presented at conferences, seminars, refresher courses and orientation programmes he/she has attended. The report to be filled in by each teacher is also evaluated and it analyses the duties performed with respect to lectures completed as per the teacher's planned lecture schedules, lectures taken. The Principal appreciates during monthly staff meetings notable performance of any faculty member and then persuades the other faculty members to follow such best practices in the interest of the College and self-development. The evaluation of teaching faculty by the student and the peers has been adopted in our college which helps in self-

evaluation and development. The IQAC has taken up a Quality Objective of providing six man days training to the staff based on competency based skilled matrix.

6.4 – Financial Management and Resource Mobilization

6.4.1 – Institution conducts internal and external financial audits regularly (with in 100 words each)

The prime objective of institutional financial audit is to review the income and expenditures. Audit involves performing procedures for accountability in financial transactions. The institution prepares its budget every year as per the recurring and non-recurring expenses requirements of all departments as well as functional committees and is submitted to the management for approval. The sanctioned budget from the management is then allocated to the departments under the categories such as consumables, lab equipment purchase, industrial visits, research and development activities etc. A predefined institutional procedure is followed by all the departments for various purchases and expenses. To ensure proper utilization of funds and to minimize any discrepancy, the Institution conducts internal as well as external audit at regular intervals. Internal Audit mechanism is ongoing continuous process to check and verify all vouchers of transactions with reference to sanctioned budget. All recurring and non-recurring expenses are reflected in the internal audit report. Necessary comparative statements, Purchase Orders, Tax Invoice / Bills are verified. Auditor prepares its internal audit report mentioning the discrepancy observed during the audit (if any). The report, along with audit observations, is submitted by auditor for further explanation and corrective actions. External auditor conducts audit to determine the quality of financial operations performed during the financial year. As a part of an audit, the auditor reviews financial transactions and expenditure record. Internal and external audit ensures accountability and minimizes the discrepancies. Minor errors of the financial transactions when pointed out by audit team are immediately corrected / rectified and precautionary steps are taken to avoid recurrence of such errors in future.

### 7.2 – Best Practices

#### 7.2.1 – Describe at least two institutional best practices

two institutional best practices Best Practice 1: Improve the employability of the students - Finishing School Program Best Practice 2: Promote Social Awareness among the students. Best Practice 1: 1. Title of the Practice: Improve the employability of the students - Finishing School Program 2. Objectives of the Practice: Train the students in Aptitude and Programming skills, latest technologies as per the needs and demands of the corporate world thereby improving the student placements. 3. The Context There is a huge disconnect between the academic curriculum and needs of the industry. Finishing School program aims at bridging this gap. Students were unable to get job because they were unable to pass the recruitment tests of companies. We needed a program to prepare the students for these tests. 4. The Practice: Finishing School program is a unique industry oriented program started by KMIT in 2010.

KMIT is the first college in JNTUH to have started this program. It commences in the second semester of third year. Finishing School classes are held every day for 3 hours after the academic classes end. In Finishing School session students are taught problem solving skills using algorithmic approach. Over two semesters FS students are taught C Programming, Data Structures, OOPS, JAVA, SQL, Operating Systems and Software Engineering. Along with technical skills students are also taught Aptitude and soft skills. Group discussions are held among students. Interview techniques are taught and mock interviews held. 5.

It featured invited speeches as well as peer reviewed paper presentations. <http://kmit.in/conf/conf.html> There are several activities performed by Professional Activity Body. <http://kmit.in/index.html#about-us1>

Many students secured international certifications like OCJP, Hortonworks Hadoop Certified Developer: Java, Hortonworks Hadoop Certified Developer (HDPCD), HDP Certified Spark Developer - CERTIFIED BADGE, Salesforce Certified Force.com Developer (SP15), AEM 6 Developer Exam etc. 6. Problems Encountered and Resources Required • Getting faculty to teach state of art techniques needed by recruiting companies was a challenge. KMIT reached out to industry and we are able to attract and get faculty with our purpose , compensation and work environment. • Managing both academic program and Finishing school program in parallel was tough. We had built separate manpower and infrastructure for these programs. • We had difficulty adjusting the academic timetable and Finishing school timetable. • Getting soft skills faculty was not easy. We recruited full time soft skills faculty exclusively for Finishing School. • Since it was a year long program , keeping the students motivated throughout the program was a challenge. • Lot of effort was put to get reputed and big companies to come to KMIT and recruit our students. Best Practice 2: 1. Title of the Practice: Promote Social Awareness among the students 2. Objectives of the Practice: Develop a sense of social and civic responsibility in students. 3. The Context: Students are motivated to utilize the knowledge in understanding and finding practical solutions of community problems. 4. The Practice: Along with imparting technical education KMIT thrives to inculcate

social and civic responsibility in students. KMIT students in coordination with various organizations and NGOs organized various social activities. 5. Evidence of Success: Activities conducted include: Swaccha Bharat Abhiyan Tree plantation Blood donation Camp In coordination with an NGO Street Cause distributed blankets to street dwellers distributed school kits, Books, All Out refills (Mosquito Refills) and water bottles to children in an orphanage Link: <https://www.facebook.com/Street-Cause-KMIT-162351097158139/> KMIT organized an organ donation pledge campaign, powered by JeevanDan, at NIMS in Hyderabad. Along with organ donation pledge campaign, a camp was conducted to collect clothes and other items to distribute at an orphanage and old-age home. <http://kmit.in/emagazine/article/deed-well-done-charity-17/> Eco Ganesha mission is to promote eco friendly Ganpati Murthi by promoting clay idols (Murtis), to reduce pollution. KMIT is a part of SAKSHAM (Samkrakshan Kshмата Mahotsav) an awareness campaign by the Petroleum Conservation Research Association (PCRA) under the Ministry of Petroleum Natural Gas, Govt. of India. As a part of this month-long event, art forms such as painting, sketching, wall painting, etc. are conducted in educational institutions.

<http://kmit.in/emagazine/article/wall-memories-saksham-2k18/> KMIT organized summer internship program in coordination with VOICE4GIRLS, a start-up social enterprise, whose mission is to enable marginalized adolescent girls in India to take charge of their futures by imparting critical knowledge, spoken English, and life skills through activity-based camps.

<http://kmit.in/emagazine/article/voice4girlsagratisfyingsummer/> Computer Basics For Senior Citizens KMIT has taken an initiative for training senior citizens on computer basics as it helps them in taking care of their day to day activities. Learning new skills at an older age is challenging, but at the same time it is empowering and boosts the confidence level in them. Anti Ragging Rally Keshav Memorial Institute of Technology organized an "Awareness rally on Anti ragging" in the college premises. Students have participated with placards, pictures, banners appealing the society to have a strict orientation towards the ragging and to report ragging at their Face book page-"Anti-ragging cell-Hyderabad". More than 150 students participated in the rally. Students taken up slogan as "LET SAY NO TO RAGGING" AIRTEL HYDERABAD MARATHON Since 2015, KMIT is supporting AIRTEL HYDERABAD MARATHON by sending around 150 volunteers to the marathon. The course starts from People's plaza and ran through to Gachibowli stadium. It was a successful event to both the managing team and the runners. <http://kmit.in/emagazine/article/hyderabad-marathon/>

7. Problems Encountered and Resources required Major problems faced in making the students as socially responsible persons include motivation, sustained involvement of students and staff, time constraints and mobilization of students. Based on the social background of students there is a significant variation in the mind set of students. Mobilization of financial resources is the challenge faced by the students.

### 7.3 – Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

institutional performance in one area distinctive to its vision priority and thrust The institution has the vision "To be the fountain head in producing highly skilled, globally competent engineers", equipped with academic and technical knowledge in different disciplines, providing emphasis on latest technological advances. KMIT, since its inception has laid emphasis on making the students industry ready. Along with the University academic curriculum KMIT

made its students learn the technologies of the day. As a part of this, over a period of time KMIT has introduced various add-on programs. These include TRISHUL, FINISHING SCHOOL, SONET and ARJUNA. In the year of inception, 2007 along with academic curriculum KMIT has started an add-on program TRISHUL targeting 1st year students. The idea behind this program is to develop the students in communication skills and in preparing the students in advanced concepts within the subjects of the curriculum. In the first year of TRISHUL, students were exposed to Advanced C programming and special classes were conducted to improve their Communication skills. In its second year KMIT, as a part of TRISHUL, students were trained in Advanced Java Programming. In the later years, students have been exposed to latest web technologies. In 2009 KMIT has started FINISHING SCHOOL. The idea behind this program is to train the students for industry placements by training them in Aptitude and Software programming. The first batch students attended the placement drives in 2010 and around 150 students got placed in around 30 companies with average package of 2.75 Lakhs. The efforts of KMIT in providing the placement can be observed with increase in the number of students placed, number of companies visiting the campus and increase in the maximum offer and average offer as show in the figures. In 2011 Customised Workforce Development (CWD) was started to train the students in the latest technologies as per the requirement of Industry. Special classes were conducted to train the students in Oracle Application, Android, IOS Programming etc. In 2013 KMIT has started School of New and Emerging Technologies (SONET). SONET trains 2nd and 3rd year B.Tech students on latest technologies viz Websecurity, Salesforce, Data Science/Machine Learning, Hadoop, AEM, Blockchain, Unity, Internet of Things (IOT). Initial batches were trained in Websecurity, Salesforce, Oracle Cloud12c and NOSQL. In 2015 four more technologies were added to SONET programs. These were Data Science/Machine Learning, Hadoop, IOT and AEM. In 2016 Blockchain and Unity were added to the list of training programs. In addition to providing exposure to latest technologies, students are encouraged to appear for international certification examinations. In 2013, KMIT has signed MOU (Memorandum of understanding) with Zensar Technologies. Under this MOU, every year Zensar Technologies trains students and faculty on ERP (Oracle Apps). In 2014 MOU included training the students and faculty on Software Testing along with ERP (Oracle Apps). In 2016 training on Salesforce was also included. In 2015, KMIT has signed MOU with Virtusa and under this MOU every year Virtusa trains students and faculty on Data Science and Adobe Experience.

### Grievance Redressal Cell

**Grievance:** - Although ample space is available for the students to have lunch in the campus, a request in the student counsel was made to provide additional sheds for lunch in the vicinity of Canteen.

**Resolution:**

Upon receiving the request for providing more space for taking lunch in open air (although many students take lunch in the class room during the lunch hours) the college management upon the request from the grievance redressal Cell took the pain of providing additional space enabling the students to enjoy their respective lunch in the lush greenery in front portion of the canteen and beside the auditorium. ## Grievance Redressal Cell

Grievance: - The college canteen has been serving all the stakeholders, but in addition to the existing menu, a request to add more items was made.

Resolution:-

In order to provide variety of foods for the stakeholders, the college management took initiative steps and directed the canteen vendors to come up with variety of items in the menu. New dishes were included in the menu of the canteen in addition to the existing food items.

To enable the students to have liquid intakes canteen was enriched with new vendors providing variety of seasonal fruit Juice, Ice Cream stall. Evening Snacks such as Pani-Puri etc., stall were also started.

Additional space in the canteen was created to meet the needs of all the stakeholders.

**OVERVIEW:**

The Placement Committee at KMIT is a team of highly motivated and dedicated individuals who selflessly and relentlessly work for the overall institutional goal of inviting reputed companies and providing desired placement offers to students based on their personal field of interest.

The Committee supervises and manages the whole training and placement process, which includes training the students, interacting with the HR representatives of Corporate Organizations, arranging a meeting with them, arranging necessary infrastructure to conduct the placement drive, and conducting and holding the on and off campus placements.

**FUNCTIONS:**

- Enrolment of Students into Finishing School Program
- Training the Students in FS and making them ready for recruitment process.
- Interacting with past and potential recruiters and inviting them for Campus Recruitment.
- Coordinating all Training and Placement related Activities.
- Monitoring the progress of Placement activities at regular intervals.

**FINISHING SCHOOL POLICY:**

Students entry into FS is based on exam.

FS is divided into 4 batches (Elite, Batch A, Batch B and Batch C)

**Elite:**

- Top 80 students.
- Targeted for companies with salary more than 6 LPA.
- Strictly not allowed for companies below 6 LPA.

**Batch A:**

- Top 200 students from CSE and IT after Elite selection.
- Targetted for all Companies.

**Batch B:**

- Top 80 students from ECE and EIE.
- Targetted for all Companies.

**Batch C:**

- Next 180 students after Batch A and Batch B selection.
- Divided into small individual batches of 30 members.
- Targetted for all Companies.

**FS ATTENDANCE POLICY:**

- Daily monitoring of FS attendance.
- Every student should put in 80% attendance.
- All FS students should have minimum 70% attendance in JNTUH / OU classes.
- Students who do not meet the above two criteria will not be allowed to appear in the Recruitment process of the companies.

**RECRUITMENT POLICY:**

- Elite students are only allowed for companies which offer 6LPA and above.
- Students eligibility to attend recruitment process depends on requirements by the Companies.
- Any communication from companies & vice a versa to the student will be routed through the T & P Office.
- Students can apply to any number of Companies, however after receiving the first offer, the CTC of the next Company he would be applying should be 50% or more than the first offer received.

### **TRAINING AND PLACEMENT COMMITTEE**

Training and Placement Committee had a meeting on this day (25<sup>th</sup> October 2018).

**Agenda:** Discussion about Companies visited and Students visited so far and plan of action for remaining unplaced students.

So far 26 Companies visited KMIT and 300 students got placed.

The Committee expressed satisfaction on the following points:

Visit of top Companies like Amazon, Salesforce, Opentext, Aviso, Kony Labs, air world wide, Napier Health care, MAQ Software and EPAM.

Satisfied with number of selections in below Companies:

Virtusa: 47

Opentext: 40

Kony Labs: 16

Modak Analytics: 27

Value Momentum: 28

TPO said that there are still Companies in pipeline and there are bulk recruiters coming as well (TCS, Wipro). It was decided that Boot camps will be conducted for unplaced students so that maximum students get selected in upcoming Companies.

## Minutes of Meeting

### TRAINING AND PLACEMENT COMMITTEE

Training and Placement Committee had a meeting on this day (10<sup>th</sup> March 2019).

**Agenda:** Starting the Placement season for 2019-20 students.

In this meeting, detailed discussion is held regarding the training given to students in FS and their preparedness to upcoming Companies.

Virtusa is visiting KMIT for recruitment in March through coding challenge called Virtusa Hackathon. 4 Companies (Techwave, Kony Labs, Opentext and The Chitrakars) are scheduled to visit in April (dates not finalized)

The committee is satisfied with the undergoing training in FS. The committee suggested FS team to conduct separate bootcamps for Opentext and Kony Labs for 1 week so that it would be beneficial to students as what would be asked during online test and Interviews.

As per discussion, it was decided to conduct Separate bootcamps for Opentext and Kony Labs.

## **Minutes of Meeting**

### **TRAINING AND PLACEMENT COMMITTEE**

Training and Placement Committee had a meeting on this day (24<sup>th</sup> March 2020).

**Agenda:** Conducting Finishing School during Lockdown.

This is the first ever TPC meeting held over online.

The lockdown is a kind of situation no one experienced before. No one has any idea how long this lockdown will continue. Since there is no scope for offline classes, it was decided to conduct classes online.

All FS sessions will be conducted on Teleuniv.net and FS faculty should consult Teleparadigm team and Coordinate with them for smooth running of FS sessions.

## Minutes of Meeting

### TRAINING AND PLACEMENT COMMITTEE

Training and Placement Committee had a meeting on this day (26<sup>th</sup> June 2020).

**Agenda:** Discussion about recruitment during Lock Down.

We had 11 selections before lock down, 7 in Virtusa and 3 in ServiceNow.

Recruiters are also preparing to conduct the interview process through online mode. It is a big challenge for stake holders (Recruiters, Students and College) to deal with.

Virtusa has conducted coding challenge online and took 5 students. This is positive sign and we expect Companies not to delay recruitments and conduct entire process through online mode.

### TRAINING AND PLACEMENT COMMITTEE

Training and Placement Committee had a meeting on this day (22<sup>nd</sup> August 2020).

**Agenda:** Discussion about Companies visited and Students placed so far and plan of action for upcoming Companies.

This year recruitment season is slow thanks to the Pandemic and lock down. After discussing with Company HR's, we observed that the recruitment process will take longer than normal. Fortunately, the Pandemic has not affected IT Industry and we are hopeful that recruitment will happen but at a slower pace.

The Committee expressed their satisfaction that ADP selected 8 students and for the first time they are offering Internship to selected students. Selected students will be working from home.

The good news is that Amazon took 9 members through ACMS program and students are offered 60k per month during Internship followed by 30LPA post conversion to full time.

So far 23 Companies recruited 326 students.

This year we could see delay in recruitment process as interviews are conducted through online.

We could also see more overlaps of students in companies due to delay in recruitment process.

## Minutes of Meeting

### TRAINING AND PLACEMENT COMMITTEE

Training and Placement Committee had a meeting on this day (22<sup>nd</sup> March 2021).

#### Agenda: Progress of Finishing School.

This is the first ever TPC meeting held over online.

In this meeting, all FS faculty were invited and the progress of their FS is discussed. The faculty have informed that they are progressing according to the timeline of the schedule.

Batch C faculty have mentioned that few students in Batch C are very poor in Java and extra efforts are required to groom them. Batch C attendance is also a major concern.

As a result, Batch C Mentors are requested to focus more on those students who are absent frequently. Counselling should be given if required.

Subject: Regarding Action to be taken based on the feedback

Dear Madam,

We the Feedback committee has taken feedback from all the stake-holders (Students, Parents, Faculty and Employers) for the academic year 2018-19 and recommending the below mentioned action to be implemented from the feedback analysis of the various stakeholders

1. Seminars/Guest Lectures /Workshops on Emerging Technologies like (IoT, Artificial Intelligence and Android Application ,etc)
2. Seminars/Guest Lectures /Workshps of Subjects
3. Students felt that thereis a need for dedicated program for improving the coding skills as all the recruiting companies have made coding mandatory in each of the elimination round,

74% of Tech companies plan to recruit college graduates to meet the engineering and information technology needs of the organization. Tech companies continue to rely on universities to build most-sought-after skills and the fresh perspective they bring to the workforce.

The IIC aims at transforming the traditional methods of campus recruitment and internship model to meet the talent needs and devise an approach that provides exposure to applying technology to real-life problems.

**Functions:**

- Continuous education focusing on talent need.
- Long-term strategic alliance with focus on Non-linear, recursive engagement.
- Build talent to solve business problem.
- Develop a talent pipeline that can hit the ground running.
- Promote academic entrepreneurship.
- Be part of a "social-contract" for sustained employment generation.
- Enable national goals for digitization and digital governance.
- Deepen Emerging Tech capabilities.
- Move-up the value chain - cost play to innovation & investment centres.

### 3. Initiatives related to Students Internships

Student Internships are a widely established practice in KMIT, encouraged but also supervised by Faculty of KMIT.

#### Student's internship/placement initiatives

There is a need for education to create a talent pool which can be easily absorbed in various industries that will take the nation to greater heights.

- To provide students the right platform to start a career with a firm footing.
- To interface academia with industries and bridge the gap between the demand and supply of human resources.
- To provide training for specific skill sets that help in leveraging the growing service sectors such as banking and financial services, insurances and telecommunication.

#### Implementation

- Students' internship programme is being planned for 16 weeks. The students to be identified would be mainly interested and passionate towards internship and would undergo training on the job floor in various industries of the different sectors.
- The possibility of collaboration between major industries and universities in the state to develop market friendly courses to meet the needs of a competitive market are being explored.

- A placements cell has been opened in college to hold training programs, followed by giving opportunities to students for internships.

The internship, as a hybrid of professional and academic activity has conciliated two components:

- The engagement of the student with the company objectives
- The fulfilment of professional tasks;

**Company Internships:**

In this case, the student is placed in a real working situation; ideally, he or she will be in charge of a real working assignment. These internships are organized between December and April.

KMIT established a minimum length of 16 weeks for internships in companies. Moreover, these internships are intended to develop innovation skills. The final project is frequently performed in a company.

**Companies Confidence in KMIT**

When coming to recruiting and selecting students, KMIT has always been top priority for Companies.

The below table indicates that Companies come every year to recruit KMIT students.

**Customized Workforce Development:**

Students undergo one of the following CWD program according to the needs of the recruiting company.

Normally Companies visit the Campus in the 4th year 1st semester and select our students. The Companies provide us with a desired skill set of technologies to be imparted to these selected students. The desired skill set is imparted through our specialized programme called – Customized Workforce Development Program (CWD).

Hi,

We are pleased to announce that we have planned to arrange a new program ( Faculty Development Program) for our campus recruits who have joined recently. This training will get them off a good start and help them in shaping the newly recruited students to the emerging needs of the project that they will be part of in the future. This training program tentatively shall begin from 12th Nov '18 and continue to 23rd Nov '18. 2 weeks! provided your availability confirmation for the dates.

We chose you, based on the proven record for quality of the students we hired previously from your college and our age long association. We would like to invite 2 Faculties who are specialized on Java, Algorithm, Data Structures from your campus. Please ensure the faculty has studied Computer Science as part of his/her academics.

We will soon share the concrete training schedule.

Place of training - Our corporate office at Hyderabad ([epam@hyderabad](mailto:epam@hyderabad))

Start date: 12<sup>th</sup> Nov'18

End date: 23<sup>rd</sup> Nov'18

We can't promise any of the logistical arrangements except the lunch arrangements during the training period.

We are grateful to you for your efforts and endeavors towards the growth of our company and would like to keep it growing. For any reason if you shall not be able to confirm the availability for this training, please inform the same to us by not later than 27<sup>th</sup> Oct 18.

Also, please fill up the forms attached and help us with the required details along with the enrolled faculties' details. Here is the link: <https://epam.com>

I would be happy to provide more details, if you require any. Please don't hesitate to reach out to me at 9550080046.

Thank you for being a valued partner of our organization.

Dear education partner,

EPAM is committed and strongly believes in education system. As promised, we are back with an extension of EPAM Faculty Development Program (FDP) - extended to 2 weeks as of April 2019. Please find below highlights of Phase II EPAM FDP part- 5 weeks program.

Please let us know your interest by replying to this email to nominate your faculty professors for phase II program. Ensure you mark your chairman in CC while replying to this email with your interest.

**Program Objective:**

To make teaching faculty familiar on how to plan, build and ship the product by exposing them to EPAM production environment.

**Outcome:**

This Program will empower the faculty to train students industry ready by learning widely used project planning methodology (Scrum) to develop a real-time web application (with a clean code closure) besides understanding the importance of clean code standards and other best IT industry practices. (For more details visit: [https://www.epam.com/india-fdp](#))

**Who should attend?**

- First preference will be given to the faculty who attended earlier EPAM FDP program (who taught Java, not others)
- Second preference, for any reasons, if the earlier trained Java faculty are not available, you can nominate the faculty with a minimum 3-5 years of working knowledge on the following Java J2EE: Servlets, JSP, HTML and MySQL to attend.

**Learning Methodology:**

- Learn by doing a real-time web-application project on core java platform using Agile Scrum delivery model
- Form 3-5 member scrum team and work on 4-week project

**High-level plan:**

- 1-week of class-room training, to brush-up earlier learnings followed by 4-weeks project work
- **Start Date:** April 29, 2019
- **End Date:** May 31, 2019
- **Venue:** EPAM, Hyd office
- **Travel & Accommodation:** Respective college to take care for outstation faculty
- **Daily Lunch:** EPAM will provide it
- **Certificate:** Will be provided by EPAM (minimum 90% attendance required)

Dear Sudheer

Many thanks to have shown interest in having your faculty attend 45 day enablement program scheduled between End April and May.

Here is the high level plan we have created -

Week 1- Refresher Training  
Week 2 to 5 - Assignments, POC & Task Completion  
Week 6 - Certification Training

End of this program, we expect the faculty to be ready to work on project and can also go ahead and take up the certifications, to be certified

In order to kick start the plan, we would need the CV of the faculty who would be attending the program. Requesting you to share the same at the earliest.

Tentative dates are between 23<sup>rd</sup> April and 1<sup>st</sup> June.

Dear Shweta

As discussed, we are planning our Trainer the Trainer workshop in Hyderabad on 21 and 22 June 2018. It's a two full day workshop for trainer to get to know more about handling sessions for candidates and clear their doubts about IELTS. We would request you to confirm if any of your trainer would be interested to attend the workshop and get benefited. It is on a complimentary base we would like to offer to Keshav Memorial Institute of Technology, Hyderabad. The final number of attendees from your institution will be confirmed based on the seat availability.

Any support will be provided as and when required.                                                                       |

Kindly note the below pointers -

- 100% attendance is mandatory - Instruction the college has already been shared to keep you free during the above mentioned duration
- There would be multiple assessments - Each assessment is time bound and needs to be completed on time
- Projects will be assigned and we expect each faculty to own and complete it on time
- As informed to the college - COE extension is basis 3 parameters which are very critical and hence need you to involve yourself completely - Parameters are
  - Students Performance - 40%
  - Students joining Ratio - 30%
  - Faculty Performance - 30%
- Scores and final report will be shared with college - However we will discuss with individual first before report is being published
- Each learner will be given access to Learning materials hosted on Examly, our vendor

We will be having an initial expectation setting call tomorrow followed by Launch call on Monday

For further queries, please reach Shrudhara (Technical Queries) & Geetanjali (Non-Technical Queries)

Wishing you an amazing learning period ahead and looking forward to seeing you all soon

Subject: EPAM India "Pre-Education" program to make engineers job ready - Ready to Launch!!!

Dear All,

Various survey's in India says there is a huge gap between Academia & Industry, according to 'National Employability Report 2018', which is based on a study of more than 1,50,000 engineering students who graduated in 2015 from over 650 colleges. 80% of them were unemployable and only 3% had suitable skills to be employed in software or product market.

EPAM is known for "Engineering the Future" and to bridge the gaps, EPAM has come forward with a unique "Pre-Education" program to make engineers job ready!!

We are pleased to inform you that, based on the previous records of recruitment from your university/college, we have shortlisted your college to train 3<sup>rd</sup> year engineers starting from this month (Jan'19) and make them job ready by Sept/Oct 2019.

Let us know your interest to enroll your 3<sup>rd</sup> year students – CSE/ECE/IT in "EPAM Pre-Education Program". Please respond immediately or before Friday, Jan 11 before 5pm and while responding mark your HOD(s) and college Chairman/Founder in CC, accordingly we will share more details on the complete program and schedule.

High-level plan on "EPAM Pre-Education Program":

1. Enrolled and Selected students from each university/college will go through virtual technical learning programs.
2. Weekly webinars on selected technical topics, mostly at 8pm to 10pm, for the duration of 5months (during summary holidays, special webinars)
3. Participate in 1-day hackathon in a selected university/college at Hyd/Pune/Chandigarh/Bangalore/Vijayawada
4. Will cover around 27 technical topics, each topic follows by online assignments and quiz

Important note: To make this program successful we need college management support - by encouraging students to attend virtual training programs mandatorily and submit the assignments on-time.

**High-level plan on "EPAM Pre-Education Program":**

1. College will allow all eligible students to take online pre-assessment test conducted by EPAM
2. After Pre Assessment Test by EPAM. Selected students from each university/college will go through virtual technical learning programs on C++/Python/JavaScript and custom given individual tasks on GitHub
3. Weekly webinars on selected technical topics, mostly from 8pm to 10pm for the duration of 6 months (during summer holidays, additional webinars will be conducted and there would be no sessions for the semester exams)
4. Weekly Webinar classes calendar will be published in advance to all interested colleges
5. Students will get an opportunity to participate in 1-day hackathon/CodeFest at a selected university/college at any one of the student's preferred location - Hyd/De/N/Chennai/Bangalore

**Expectations from College/Professor/Faculty**

1. Nominate interested students with any programming knowledge
2. Take responsibility to clear students' queries
3. Discipline on attendance (at least 80%) for online classes (if any), attendance report will be shared with respective college point of contact
4. Ensure assignments are submitted on-time
5. Join online classes along with students

**Why EPAM India PEP/Advantages to Students:**

1. Work on Real-Time hands on tasks and receive reports on the submitted tasks quality from EPAM
2. Learn directly from EPAM engineers, one of the best engineering company EPAM (to know more visit <http://www.epam.com> and <http://www.epam.com/india>)
3. Advantage to join EPAM Family as a Junior Software Engineer
4. Certificate from EPAM
5. Get a chance to participate in EPAM CodeFest for free and get exposed to EPAM Engineering Excellence Culture and Clean Code Practices

**Important Note:** To make this program successful we need college management support - by encouraging students to attend virtual training programs mandatorily and submit the assignments on-time

Dear Educational Partner,

We are pleased to inform you that, after looking at the last results of the students who successfully completed Pre Assessment Test and the technical challenges occurred during the test for few students, we have come up with the best option to benefit the students. For EPAM India PEP 2020 is given the authority to college team to select the students, so that we do not miss the passionate student who wants to learn from EPAM India engineers.

EPAM India Pre-Education Online Training Program (PEP) will kick-start on **Tuesday, 21 Jan 2020**

Below are the details on next steps, thank you in advance for your support. Enclosed is the detailed power point presentation on PEP 2020 for your reference. Feel free to contact me for any additional information.

- Step 1: College to shortlist students from their existing list, as per the allocated count to respective college. Count is given in the below table
- Step 2: College to share shortlisted student's data in the below given format, with correct email IDs, on or before **07 Jan 2020, 10am IST**
- Step 3: Once EPAM receives shortlisted email IDs of students from respective colleges, EPAM will send GetIn@india registration link to respective students
- Step 4: Students to register for the online sessions and attend weekly classes from **Tuesday, 21 Jan 2020, 8PM to 10PM**

Below table provides name of your college and allotted count for your college

| College Name                            | Allotted Count of students for PEP 2020 |

Subject: EPAM India "Pre-Education" program to make engineers job ready - Ready to Launch!!!

Dear All,

Various surveys in India says there is a huge gap between Academia & Industry, according to [National Education Report 2016](#), which is based on a study of more than 1,50,000 engineering students who graduated in 2015 from over 650 colleges. 80% of them were unemployable and only 3% had suitable skills to be employed in software or product market.

EPAM is known for "Engineering the Future" and to bridge the gaps, EPAM has come forward with a unique "Pre-Education" program to make engineers job ready!!!

We are pleased to inform you that, based on the previous records of recruitment from your university/college, we have shortlisted your college to train 3<sup>rd</sup> year engineers starting from this month (Jan'19) and make them job ready by Sept/Oct 2019.

Let us know your interest to enroll your 3<sup>rd</sup> year students – CSE/ECE/IT in "EPAM Pre-Education Program" Please respond immediately or before **Friday, Jan 11 before 5pm** and while responding mark your HOD(s) and college Chairman/Founder in CC, accordingly we will share more details on the complete program and schedule.

High-level plan on "EPAM Pre-Education Program":

1. Enrolled and Selected students from each university/college will go through virtual technical learning programs
2. Weekly webinars on selected technical topics, mostly at 8pm to 10pm, for the duration of 5 months (during summary holidays, special webinars)
3. Participate in 1-day hackathon in a selected university/college at Hyd/Pune/Chandigarh/Bangalore/Vijayawada
4. Will cover around 27 technical topics, each topic follows by online assignments and quiz

Important note: To make this program successful we need college management support - by encouraging students to attend virtual training programs mandatorily and submit the assignments on-time.

Important note: To make this program successful we need college management support - by encouraging students to attend virtual training programs mandatorily and submit the assignments on-time.

**High-level plan on "EPAM Pre-Education Program":**

1. College will allow all eligible students to take online pre-assessment test conducted by EPAM.
2. After Pre Assessment Test by EPAM, Selected students from each university/college will go through virtual technical learning programs on GoTo/Zoom platform and submit given individual tasks on time.
3. Weekly webinars on selected technical topics, mostly from 8pm to 10pm, for the duration of 6 months (during summer holidays). Additional webinars will be conducted and there would be no sessions during semester exams.
4. Weekly Webinar classes calendar will be published in advance to all interested colleges.
5. Students will get an opportunity to participate in 3-day hackathon/CodeFest at a selected university/college at any one of the student's preferred location - Hyderabad, Bangalore, Pune, etc.

**Expectations from College/Professor/Faculty**

1. Nominate interested students with any programming knowledge.
2. Take responsibility to clear students' queries.
3. Discipline on attendance (at least 80%) for online classes. (Weekly attendance report will be shared with respective college point of contact).
4. Ensure assignments are submitted on-time.
5. Join online classes along with students.

**Why EPAM India PEP/Advantages to Students:**

1. Work on Real-Time hands on tasks and receive reports on the submitted tasks quality from EPAM.
2. Learn directly from EPAM engineers - one of the best engineering company, EPAM. (To know more visit <https://www.epam.com> and <https://www.in.epam.com>)
3. Advantage to join EPAM Family as a Junior Software Engineer.
4. Certificate from EPAM.
5. Get a chance to participate in EPAM CodeFest for free and get exposed to EPAM Engineering Excellence Culture and Clean Code Practices.

**Recommend:** To make this program successful we need college management support - by encouraging students to attend virtual training programs mandatorily and submit the assignments on time.

Dear Educational Partner,

We are pleased to inform you that, after looking at the test results of the students who successfully completed Pre Assessment Test and the technical challenges occurred during the test (for instance, we have come up with the test cases to test the students for EPAM India PEP 2020), we give the authority to college team to select the students, so that we do not miss the passionate student and learn to learn from EPAM India engineers.

EPAM India Pre-Education Online Training Program (PEP) will kick start on **Tuesday, 21 Jan 2020**

Below are the details on next steps. Thank you in advance for your support. Enclosed is the detailed power point presentation on PEP 2020 for your reference. We hope that this will be a mutually fruitful effort.

- Step 1: College to shortlist students from their existing list, as per the allocated count to respective college. Count is given in the below table.
- Step 2: College to share shortlisted student's data in the below given format, with correct email IDs, on or before **07 Jan 2020, 3pm IST**.
- Step 3: Once EPAM receives shortlisted email IDs of students from respective colleges, EPAM will send GoTo/Zoom registration link to respective students.
- Step 4: Students to register for the online sessions and attend weekly classes from **Tuesday, 21 Jan 2020, 08:00pm to 10:00pm**.

Below table provides name of your college and allotted count for your college

| College Name                            | Allotted Count of students for PEP 2020 |

**Assessments/Coding Dojos:**

As part of this PEP program the below assessments/Coding challenges will help students in self assessing on the topics covered under the program, and in turn fine tuning with the industry expectations there by bridging the gap.

- Go to Webinar Poll (While the session is in process)
- Hacker Rank Challenges (Certification on java basics during Module 1 and Module 2)
- Pre and Post session Quiz
- Robocode by EPAM
- Home Tasks as per the topics covered
- Mid-Term Assessment by <epam> - Coding Challenges in MyAnatomy (3<sup>rd</sup> party online assessment platform)

1 AAKARSHAN

The purpose of AAKARSHAN - KMIT's very own ART CLUB is to encourage fine art awareness. Art club is a welcoming place for the students who have a deep passion for the visual Arts. The aim of this Art club is to represent not the outward appearance of things, but their inner significance. Art club facilitates its members to take up arts with greater joy, understanding and knowledge and experiencing them as vital experiences of human spirit.

2 AALAP

The Music Club aims to nurture the talent in every member and provide a conducive environment for mutual learning. We believe that each individual has something to offer and through mentorships, jams, competitions and events we strive to polish skills, share knowledge and spread musical joy. We aim to promote the highest levels of human aspiration and artistic integrity through the composition, documentation, and performance of music. We also aim to develop an analytical, creative, and intuitive understanding of music as a cultural language.

3 VACHAN

Vachan aims to enhance and exhibit various forms of expression through speech from an individual's perspectives. The club encourages budding voices and provides a platform for numerous speakers and their words. Vachan deals with the soft skills like Public Speaking, Mono Acting, Debate, Extempore, Just-a-minute, Anchoring and Story Telling. The Vachan team consists of two parts; Vachanaires (The training team of Vachan) and Vachanites (The trainees of Vachan).

4 TRACES OF LENSES

They as photography club seek to display our love of photography through constructive criticism of our peers, lecture activities that involve photography. They promote creativity through photography, to educate and improve technical skills, and to spread the love of photography throughout the campus.

5 RECURSE

The purpose of this club is to provide students with the opportunity, experience, and resources to pursue a career in Computer Science and also in Electronics & Communication outside the classrooms. This club can expand upon criteria in the curriculum to assist students in competing with their peers for enhancing their own skills. Though the main focus of this club is to provide an emphasis on computer programming, it is intended for the club to delve into all aspects in order to prevent educational limitations for its members.

6 ABHINAYA

The main purpose of the KMIT Drama Club is to identify and encourage the hidden talent of students who are interested in the different fields of drama related arts. The club aims to provide the audience with quality entertainment and strives to enter the Drama festivals. It also provides a platform and trains the interested students in different drama related arts. The Drama club includes many forms of art like drama, skit, mass acting, spot, standup, mimicry, story-writing, dialogue writing, directing etc which enhance and contribute to the experiences on the stage.

7 **SPORTS CLUB**

The Sports club is committed to provide a healthy sporting habit among the students. It helps to learn teamwork of work, coordination among diverse cultural & ethnic groups and mainly infuses discipline & instills the value system in one individual.

Value of time, precision & competitiveness are the major learning points apart from communication, coordination & teamwork.

It helps to enhance the overall personality of an individual and makes him more productive and alert.

8 **KMITRA**

They are a monthly e-magazine of Keshav Memorial Institute of Technology which is a student run initiative wherein everything from contribution to web development is done by the students of the magazine team.

They aspire to cover and inform readers about science, culture, art, technology, and issues relevant to the student community, in an articulate manner.

"Think, Integrate. Evolve." is the motto of our team.

9 **MUDRA**

In an age where expression is one of the most powerful tools a man can possess, dance has become more than just a form of art. Hence, the initiative of creating the KMIT dance club was taken.

Learning various dance forms and their origins would make way for new perspectives and ideas, thus the decision to maintain diversity within the club - where students with the background of wide range of dance forms are accepted, also allowing the members to learn from one another.

10 **KDARSHAN**

Kdarshan is KMIT's first ever production unit (Creative Committee).

They collaborate with the other clubs and shoot episodes which will be released in online platform for the students of KMIT.

They aim to promote the student's unique talent in the college and give a platform to express themselves and showcase their talent.

# DO YOU KNOW?

Stress is part of life for everyone. From children to adolescents to adults, we all deal with some amount of stress every day of our lives. It's normal. Complications begin when stress becomes chronic, which means that, over a six-month period, the stressful days outnumber the non-stressful days. Chronic stress has significant negative physical and emotional effects - for everyone, not only adults.

The Child Mind Institute reports that:

- 19.3% of teens have a specific phobia
- 9.1% of teens have social anxiety disorder
- 7.6% of teens have separation anxiety

In addition, the National Institute of Mental Health reports that:

- 9% of teens have some type of anxiety disorder
- 8.3% of those with an anxiety disorder have severe impairment as a result.
- 38% of female teens have an anxiety disorder.

## KMIT Research Promotion Policy

4<sup>th</sup> June, 2018

KMIT has a Research Board that facilitates and monitors research activities. The total R&D is organised into six categories:

- I. Academic Research
- II. Sponsored Research
- III. Extension and Extramural
- IV. Centre of Excellence (CoE)
- V. Consultancy
- VI. Startups, Innovations, Incubations, Entrepreneur development

The Research Board takes all strategic decisions, corrective actions, preparing, updating policies as per the UGC norms.

### **I. ACADEMIC RESEARCH POLICY:**

- All eligible faculty shall register for doctoral program within 6 months of their appointment.
- Faculty of each department shall conduct research in focused areas of research preferred by the faculty.
- Faculty publication in either UGC care Journals or SCOPUS indexed journals are appreciated with appropriate incentives.
- As per the UGC approved API norms the College fixed the number of articles to be published by faculty of different cadres.
- Faculty are given the option to pursue research work leading to a PhD degree in reputed institutions under Quality Improvement Programme (QIP)

### **II. SPONSORED AND INTERNAL RESEARCH RELATED POLICIES:**

- Every doctorate shall apply for a minimum of one government funded project.
- The College shall provide the basic infrastructure required to conduct either internal funded or external funded research.
- All departments shall strive for recognition by National/International agencies through schemes/funding such as DST-FIST, SAP, CAS etc.,
- Faculty are encouraged to identify inter-disciplinary research in their chosen field of research.
- The faculty of all the departments of the College shall tie-up with industries and corporate bodies to undertake funded research in emerging areas and industry relevant areas.
- The College shall create special research groups to concentrate research in government listed areas.
- All innovative projects of faculty are earmarked for filing patents on successful completion, suitable recognition and remuneration is given to those faculty with patents.
- Norms are fixed to pay expenses towards procurement of equipment to those faculty working on funded projects.
- Meritorious research work by faculty is awarded with monetary incentives.
- All research conducted shall be covered by IPR and copyright protected.

### **III. EXTENSION AND EXTRAMURAL RESEARCH AND ACTIVITIES**

- Eminent and enterprising professionals from the industry are invited to take up joint resource projects with the College faculty.
- The faculty of the College are encouraged to select society specific problems and conduct research and provide feasible solutions.
- The College faculty shall visit at least one village in the neighbourhood, investigate the problems, find solutions and implement the same using technology expertise.
- Students are encouraged to participate in the extension and outreach programmes organised by the College.
- The College shall conduct programmes aimed at developing trade skills.
- The faculty of KMIT are permitted to act as resource persons in the events such as workshops and conferences conducted outside KMIT premises.
- KMIT encourages its senior faculty to train industry personnel.
- The College faculty are permitted to work in other educational institutions as part of faculty exchange programme.

### **IV. CENTER OF EXCELLENCE**

- The College shall develop Center of Excellence in the frontier areas of research which shall be open to faculty, students and industry persons to conduct research.

### **V. CONSULTANCY**

#### **1. INTRODUCTION**

Consultancy is well recognised as an effective way for universities to disseminate knowledge and make an early and direct impact on society. However, the balance between consultancy and the traditional roles of the academic staff needs to be managed and the interests of the College must be protected. This Policy provides provisions for conducting consultancy to ensure that consultancies undertaken by staff are consistent with the College's strategic and operational objectives and the costs are sustainable.

KMIT is committed to making its expertise available through service to industry, commerce, government, professions, arts and other educational and research organisations.

#### **2. THE POLICY**

All Research and Non-research consultancies as described in this Policy are governed by the following guiding principles:

- There should be demonstrable benefit to the College from the consultancy through income, enhanced reputation, and/or expanding the expertise of the staff member.
- The Consultancy must not be in conflict with College policies including those governing employment; such as the Code of Conduct Policy.
- The Consultancy must not be in conflict with the functions, objectives or interests of the College or damage the College's reputation.
- At a minimum, the salary and on-cost charges set by the College must be applied to all project budgets. All Consultancies are required to include overheads.
- Staff members shall not undertake external research activities where no formal agreement has been authorised by the College unless they are on leave without pay, approved by the

Research Board. Such faculty may not use their KMIT affiliation or academic title when providing research services that are not approved by the College.

### **2.1. College Research Consultancy**

A Research Consultancy exists where an academic staff member provides research skills or expertise in return for remuneration from an external funder. A Research Consultancy may be the outcome of a tender or an individual negotiation.

### **2.2. College Non-research Consultancy**

Non-research Consultancies include non-research activities performed under contract for a third party. Non-research Consultancy would include the provision of professional services to external agencies for a fee. This would include, but not be limited to, routine laboratory and other testing of materials, devices or products, analysis of data such as market surveys, opinion surveys etc., The provision of professional services such as designing, legal and medical advice undertaken by members of faculty and staff.

### **2.3. Private Consultancy**

None of the benefits set out for College Consultancy are available to faculty and staff undertaking a Private Consultancy.

It is the responsibility of the staff member undertaking a Private Consultancy to make clear to the person or body for which the Private Consultancy is undertaken that it is the staff member and not the College who is carrying out the work, and that the College has no responsibility or liability what so ever in the matter. A staff member conducting a Private Consultancy must ensure that the following criteria are met:

- The carrying out of tasks associated with the Private Consultancy will be accomplished without unduly affecting the duties of the position;
- The use of College trademarks such as letterheads, brands etc. or College intellectual property is strictly prohibited in Private Consultancies;
- No College facility (including library resources, power, space, equipment, consumables and telephone facilities) will be used to fulfil the requirements of the Private Consultancy
- The Private Consultancy is not within an area in which the College might be contracting to provide a service on a commercial basis, possibly utilising the skills of the staff member involved;
- KMIT is not bound by any agreement (written or otherwise) relating to the Private Consultancy;
- The staff member agrees to indemnify KMIT and its representatives from and against all actions, claims, loss, damage, costs, charges, liabilities and demands arising directly or indirectly from or in respect of the Private Consultancy activity; and
- The staff member declares any real or potential conflict of interest to their manager.

## **VI. STARTUPS, INNOVATIONS, INCUBATIONS, ENTREPRENEUR DEVELOPMENT**

- The College shall create an innovation culture by organising various kinds of programs such as ideation programs, collection of innovations from research undertaken in respect of academic, extension, extramural and outreach.
- Every major invention achieved out of conducting research shall be innovated and the same shall be incubated in the incubation centre which will be augmented from time to time.

- Students shall be allowed to select an incubated product and use the same to be developed in large scale through separately established start-up. All the training required for the students to become entrepreneurs shall be imparted
- The College shall incorporate an incubation centre that has all the facilities for incubating the innovations
- Every innovation shall lead to filing a Patent
- The College shall provide support required for filing the patents and also for completing the ground work required to get the patents registered and licensed.
- The College shall provide required support to the faculty for filing IPRs and copyrights when it has been proved by the faculty that such a filing is necessary to protect the value of the research done.
